

AN-47

SELLER REQUIREMENTS FOR MANUFACTURER'S CERTIFICATE OF COMPLIANCE

Seller shall include with each shipment the manufacturer's certificate that states that supplied articles passed all of the inspections and were processed in accordance with the applicable item governing specifications.

In addition to the above, the following shall apply for any non-JAN MIL-STD-883 compliant parts and/or any procurements supplied from distribution.

- 1) For non-JAN MIL-STD-883 Compliant DESC parts the certificate shall include a statement that articles were processed and comply to paragraph 1.2.1 of MIL-STD-883.

- 2) If Seller is not the original manufacturer of the finished product, the Seller shall include the Seller's certificate of compliance, and a copy of the original manufacturer's Certificate of Compliance.
