

FLYSHEET AN-20 ELECTROSTATIC SENSITIVE DISCHARGE PROTECTION

This purchase order requires the Seller to maintain a documented Electrostatic Discharge (ESD) protection program.

If The Boeing Company specification referenced in this purchase order does specify control requirements for ESD, those requirements shall prevail.

If The Boeing Company specification referenced in this purchase order does not specify ESD control requirements, the Seller shall maintain a documented ESD protection program which meets the control program elements 5.3, 5.4, 5.5, 5.7 and 5.9 requirements of Table I of DOD-STD-1686 and includes documented employee training. Other element requirements are specified in the procurement specification if required. This requirement is not applicable to ESD sensitive Class devices.
