

CUSTOMER CONTRACT REQUIREMENTS
P341
CUSTOMER CONTRACT 40-0205

CUSTOMER CONTRACT REQUIREMENTS

The following customer contract requirements apply to this contract to the extent indicated below. If this contract is for the procurement of commercial items under a Government prime contract, as defined in FAR Part 2.101, see Section 3 below.

1. FAR Clauses The following contract clauses are incorporated by reference from the Federal Acquisition Regulation and apply to the extent indicated. In all of the following clauses, "Contractor" and "Offeror" mean Seller.

52.203-6 Restrictions on Subcontractor Sales to the Government (SEP 2006).

This clause applies only if this contract exceeds \$100,000.

52.203-7 Anti-Kickback Procedures (JUL 1995). Buyer may withhold from sums owed Seller the amount of any kickback paid by Seller or its subcontractors at any tier if (a) the Contracting Officer so directs, or (b) the Contracting Officer has offset the amount of such kickback against money owed Buyer under the prime contract. This clause applies only if this contract exceeds \$100,000.

52.203-8 Cancellation, Rescission, and Recovery of Funds for Illegal or Improper Activity (JAN 1997). This clause applies to this contract if the Seller, its employees, officers, directors or agents participated personally and substantially in any part of the preparation of a proposal for this contract. The Seller shall indemnify Buyer for any and all losses suffered by the Buyer due to violations of the Act (as set forth in this clause) by Seller or its subcontractors at any tier.

52.203-10 Price or Fee Adjustment for Illegal or Improper Activity (JAN 1997). This clause applies only if this contract exceeds \$100,000. If the Government reduces Buyer's price or fee for violations of the Act by Seller or its subcontractors at any tier, Buyer may withhold from sums owed Seller the amount of the reduction.

52.203-11 Certification and Disclosure Regarding Payments to Influence Certain Federal Transactions (SEP 2007). This clause applies only if this contract exceeds \$100,000.

52.203-12 Limitation on Payments to Influence Certain Federal Transactions (SEP 2007). This clause applies only if this contract exceeds \$100,000. Paragraph (g)(2) is modified to read as follows: "(g)(2) Seller will promptly submit any disclosure required (with written notice to Boeing) directly to the PCO for the prime contract. Boeing will identify the cognizant Government PCO at Seller's request. Each subcontractor certification will be retained in the subcontract file of the awarding contractor."

52.215-10 Price Reduction for Defective Cost or Pricing Data (OCT 1997). This clause applies only if this contract exceeds the threshold set forth in FAR 15.403-4 and is not otherwise exempt. In subparagraph (3) of paragraph (a), insert "of this contract" after "price or cost." In Paragraph (c), "Contracting Officer" shall mean "Contracting Officer or Buyer." In Paragraphs (c)(1), (c)(1)(ii), and (c)(2)(i), "Contracting Officer" shall mean "Contracting Officer or Buyer." In Subparagraph (c)(2)(i)(A), delete "to the Contracting Officer." In Subparagraph (c)(2)(ii)(B), "Government" shall mean "Government or Buyer." In Paragraph (d), "United States" shall mean "United States or Buyer."

52.215-12 Subcontractor Cost or Pricing Data (OCT 1997). This clause applies only if this contract exceeds the threshold set forth in FAR 15.403-4 and is not otherwise exempt. The certificate required by paragraph (b) of the referenced clause shall be modified as follows: delete "to the Contracting Officer or the Contracting Officer's representative" and substitute in lieu thereof "to The Boeing Company or The Boeing Company's representative (including data submitted, when applicable, to an authorized representative of the U.S. Government)."

52.215-14 Integrity of Unit Prices (OCT 1997). This clause applies except for contracts at or below \$100,000; construction or architect-engineer services under FAR Part 36; utility services under FAR Part 41; services where supplies are not required; commercial items; and petroleum products.

52.219-8 Utilization of Small Business Concerns (MAY 2004).

52.219-9 Small-Business Subcontracting Plan (APR 2008).

This clause applies only if this contract exceeds \$550,000 and Seller is not a small business concern. Seller shall adopt a subcontracting plan that complies with the requirements of this clause. In addition, Seller shall submit to Buyer Form X31162, Small and Small Disadvantaged Business and Women-Owned Small Business Subcontracting Plan Certificate of Compliance. In accordance with paragraph (d)(10)(iv), Seller agrees that it will submit the ISR and/or SSR using eSRS, and, in accordance with paragraph (d)(10)(vi), Seller agrees to provide the prime contract number, its own DUNS number, and the email address of the Government or Contractor official responsible for acknowledging or rejecting the reports, to its subcontractors with subcontracting plans.

52.222-21 Prohibition of Segregated Facilities (FEB 1999).

52.222-26 Equal Opportunity (MAR 2007).

52.222-35 Equal Opportunity for Special Disabled Veterans, Veterans of the Vietnam Era, and Other Eligible Veterans (SEP 2006). This clause applies only if this contract exceeds \$100,000.

52.222-36 Affirmative Action For Workers With Disabilities (JUN 1998). This clause applies only if this contract exceeds \$10,000.

52.222-37 Employment Reports on Special Disabled Veterans, Veterans of the Vietnam Era, and Other Eligible Veterans (SEP 2006). This clause applies only if this contract exceeds \$100,000.

52.222-50 Combating Trafficking in Persons (FEB 2009). In paragraph (d), the term "Contracting Officer" means Buyer, and in paragraph (e), the term "the Government" means Buyer.

52.225-13 Restriction on Certain Foreign Purchases (JUN 2008).

52.227-1 Authorization and Consent Alternate I (APR 1984).

52.227-2 Notice and Assistance Regarding Patent and Copyright Infringement (DEC 2007). A copy of each notice sent to the Government will be sent to Buyer.

52.227-10 Filing of Patent Applications - Classified Subject Matter (DEC 2007).

52.227-11 Patent Rights -- Ownership by the Contractor (DEC 2007). This clause applies only if this contract is for experimental, developmental, or research work and Seller is a small business firm or nonprofit organization.

52.227-13 Patent Rights-Acquisition by the Government (DEC 2007).

52.227-14 Rights in Data--General (DEC 2007).

This clause applies only if data, as defined in paragraph (a) of the clause, will be produced, furnished, or acquired under this contract.

52.230-6 Administration of Cost Accounting Standards (MAR 2008). Add "Buyer and the" before "CFAO" in paragraph (m). This provision applies if clause H001, H002, or H004 is included in this contract.

52.244-6 Subcontracts for Commercial Items (DEC 2009).

52.245-1 Government Property (JUN 2007).

This clause applies only if Government property is acquired or furnished for contract performance.

"Government" shall mean Government throughout except the first time it appears in paragraph (g)(1) when "Government" shall mean the Government or the Buyer. Paragraph (h)(1) is deleted and replaced by the following: "Seller assumes the risk of, and shall be responsible for, any loss, damage, destruction, or theft of Government property upon its delivery to Seller as Government-furnished property. However, Seller is not responsible for reasonable wear and tear to Government Property or for Government property properly consumed in performing this contract." If the contract incorporates Boeing General Provision GP4, the Government-Owned Property article in GP4 is hereby deleted.

2. Commercial Items If goods or services being procured under this contract are commercial items and Clause H203 is set forth in the purchase order, the foregoing Government clauses in Sections 1 and 2 above are deleted and the following FAR/DFARS clauses are inserted in lieu thereof:

52.219-8 Utilization of Small Business Concerns (MAY 2004).

52.222-26 Equal Opportunity (MAR 2007).

52.222-35 Equal Opportunity for Special Disabled Veterans, Veterans of the Vietnam Era, and Other Eligible Veterans (SEP 2006).

52.222-36 Affirmative Action For Workers With Disabilities (JUN 1998).

52.222-50 Combating Trafficking in Persons (FEB 2009).

3. Cost Accounting Standards

52.230-2 Cost Accounting Standards (OCT 2008). (1) (Applicable if this contract incorporates clause H001) The version of FAR 52.230-2, Cost Accounting Standards, incorporated by clause H001 is the version dated October 2008.

(2) (Applicable if this contract incorporates clause H002) The version of FAR 52.230-3, Disclosure and Consistency of Cost Accounting Practices, incorporated by H002 is the version dated October 2008.

(3) (Applicable if this contract incorporates clause H003) The version of FAR 52.230-5, Cost Accounting Standards - Educational Institution, is the version dated October 2008.

(4) (Applicable if this contract incorporates clause H007) The version of FAR 52.230-4, Disclosure and Consistency of Cost Accounting Standards for Contracts Awarded to Foreign Concerns, is the version dated October 2008.

4. Prime Contract Special Provisions The following prime contract special provisions apply to this purchase order

INSPECTOR GENERAL AND THE HOTLINE

(a) The contractor must report to the Inspector General (IG) any and all possible violations of federal law or illegal intelligence activities related to this contract by individuals charging directly or indirectly to this contract.

(b) The IG shall have access to any individual charging directly or indirectly to this contract whose testimony is needed for the performance of the IG's duties. In addition, the IG shall have direct access to all records, reports, audits, reviews, recommendations, documents, e-mails, papers, or other material that relate to this contract with respect to which the IG has responsibilities. Failure on the part of any contractor to cooperate with the IG shall be grounds for administrative action by the Director, Office of Contracts, including contractual remedies.

(c) Contractors and contractor personnel may report suspected instances of improper conduct through the IG Hotline at 703-808-1644. Contractors shall make their employees aware of this Hotline.

(d) The contractor agrees to include the substance of this clause in all subcontracts exceeding the simplified acquisition threshold except those for commercial items or components.

PROHIBITIONS ON PERSON CONVICTED OF FRAUD OR OTHER DEFENSE-CONTRACT-RELATED FELONIES

(a) The provisions of 10 U.S.C. 2408 apply to this contract.

(b) In addition to the criminal penalties contained in 10 U.S.C. 2408, the Government may consider other available remedies, such as:

- (1) Suspension or debarment;
- (2) Cancellation of the contract at no cost to the Government; or
- (3) Termination of the contract for default.

(c) The contractor may submit written requests to the Contracting Officer for waiver of 10 U.S.C. 2408 prohibitions. Requests shall clearly identify--

- (1) The person involved;
- (2) The nature of the conviction and resultant sentence or punishment imposed;
- (3) The reasons for the requested waiver; and
- (4) An explanation of why a waiver is in the interest of national security.

(d) The contractor agrees to include the substance of this clause in all first-tier subcontracts exceeding the simplified acquisition threshold in Part 2 of the FAR, except those for commercial items or components.

(e) Pursuant to 10 U.S.C. 2408(c), defense contractors and subcontractors may obtain information as to whether a particular person has been convicted of fraud or any other felony arising out of a contract with the DoD by contacting the Office of Justice Programs, Denial of Benefits Office, U.S. Department of Justice, telephone (202) 616-3507.

PERSONAL CONDUCT

(a) The Contractor, its employees, and its subcontractors shall comply with the conduct requirements in effect at Buyer's work site. Buyer reserves the right to exclude or remove from the work site any employee of the contractor or of a subcontractor whom the Buyer deems careless, uncooperative, or whose continued employment on the work site is deemed by the Buyer to be contrary to the public interest.

(b) The Contractor shall inform its employees that Buyer has a zero tolerance policy for harassing behavior. Any Contractor or subcontractor employee determined by Buyer to have engaged in harassing behavior shall be immediately escorted from the premises and denied further access to the worksite. The Contractor shall emphasize this requirement to its employees.

(c) Exclusion from the worksite under the circumstances described in this clause shall not relieve the Contractor from full performance of the contract, nor will it provide the basis for an excusable delay or any claims against Buyer.

SPECIAL NOTIFICATION AND APPROVAL REQUIREMENTS

(a) It is a material condition of this contract that the contractor notify and seek approvals as required in the following situations:

(1) Litigation or Requests for Information Relating to This Contract.

(i) The contractor hereby agrees to immediately give notice to Buyer of any anticipated or current litigation or request for

information from a third party (including individuals, organizations, and federal, state, or local governmental entities) involving or in any way relating to this contract, pertinent subcontracts, or Buyer's relationship with the contractor or subcontractor(s). Said notice shall include all relevant information with respect thereto.

(ii) Buyer shall have access to and the right to examine any pertinent books, documents, papers, and records of the prime contractor or subcontractor(s) related to any contract litigation.

(2) Utilization of Buyer Relationship for Publicity, Advertising, or Public Relations Purposes.

(i) The contractor agrees not to use or allow to be used any aspect of this contract for publicity, advertisement, or any other public relations purpose. This prohibition extends to announcements of contract award and of modifications adding value or time to the contract. It is further understood that this obligation shall not expire upon completion or termination of this contract, but will continue until rescinded by the Buyer.

(ii) The contractor may request a waiver or release from the Buyer.

(b) The contractor agrees to insert this clause in any subcontract under this contract. In the event of litigation, the subcontractor shall immediately notify the contractor or its next tier subcontractor, as appropriate, of all relevant information with respect to such litigation.

TELECOMMUNICATIONS SECURITY EQUIPMENT, DEVICES, TECHNIQUES, AND SERVICES

(a) Definitions. As used in this clause:

(1) "Securing" means the application of Government-approved telecommunications security equipment, devices, techniques, or services to contractor telecommunications systems.

(2) "Sensitive information" means any information the loss, misuse, or modification of which, or unauthorized access to, could adversely affect the national interest, the conduct of federal programs, or the privacy to which individuals are entitled under 5 U.S.C. 552a (the Privacy Act), but which has not been specifically authorized under criteria established by an Executive Order or Act of Congress to be kept secret in the interest of national defense or foreign policy.

(3) "Telecommunications systems" means voice, record, and data communications, including management information systems and local data networks that connect to external transmission media, when employed by Government agencies, contractors, and subcontractors to transmit:

(i) Classified or sensitive information;

(ii) Matters involving intelligence activities, cryptologic activities related to national security, the command and control of military forces, or equipment that is an integral part of a weapon or weapons system; or

(iii) Matters critical to the direct fulfillment of military or intelligence missions.

(b) This solicitation/contract identifies classified or sensitive information that requires securing during telecommunications and requires the contractor to secure telecommunications systems. The contractor agrees to secure all such information and systems.

(c) To provide secure connectivity, the contractor shall work with the regional Information Assurance (IA) Office to identify requirements and equipment, and to coordinate installation of Government-furnished equipment and contractor-acquired equipment. A Communications Security (COMSEC) account shall be acquired through the Regional Information Assurance Technician. The contractor shall meet all requirements for briefing, re-indoctrination, handling, and inspection as outlined in the current version of the Network Communications Security Manual (Network Instruction 95.1). The Contractor Program Security Officer will submit names of individuals to the Regional IA Office requesting approval for access to COMSEC-controlled information or material.

(d) The contractor agrees to include this clause, including this paragraph, in all subcontracts that require COMSEC and/or securing telecommunications.

COST ESTIMATING SYSTEM REQUIREMENTS

(a) Definition.

Estimating system means the contractor's policies, procedures, and practices for generating estimates of costs and other data

included in proposals submitted to customers in the expectation of receiving contract awards. The estimating system includes the contractor's organizational structure; established lines of authority, duties, and responsibilities; internal controls and managerial reviews; workflow, coordination, and communication; and estimating methods, techniques, accumulation of historical costs, and other analyses used to generate cost estimates.

(b) General.

(1) The contractor shall establish, maintain, and comply with an estimating system that is consistently applied and produces reliable, verifiable, supportable, and documented cost estimates that are an acceptable basis for negotiation of fair and reasonable prices.

(2) The system should be consistent and integrated with the contractor's related management systems, and subject to applicable financial control systems.

(c) Applicability. Paragraphs (d) and (e) of this clause apply if the contractor is a large business or received, in its fiscal year preceding award of this contract, Government prime contracts or subcontracts totaling \$50 million or more for which certified cost or pricing data were required.

(d) System Requirements.

(1) The contractor shall disclose its estimating system to the Government in writing. If the contractor wants the Government to protect this information as privileged or confidential, the contractor must mark the documents with the appropriate legends before submission.

(2) An estimating system disclosure is adequate when the contractor documentation accurately describes those policies, procedures, and practices that the contractor currently uses to prepare cost proposals, and provides sufficient detail for the Government to reasonably make an informed judgment regarding the adequacy of the contractor's estimating practices.

(3) The contractor shall comply with its disclosed estimating system, and disclose significant changes to the cost estimating system to the Government on a timely basis.

(e) Estimating System Deficiencies.

(1) The contractor shall respond to a written report from the Government which identifies deficiencies in the contractor's estimating system as follows:

(i) If the contractor agrees with the report findings and recommendations, the contractor shall, within 30 days, state its agreement in writing, and, within 60 days, correct the deficiencies or submit a corrective action plan proposing milestones and actions leading to elimination of the deficiencies.

(ii) If the contractor disagrees with the report, the contractor shall, within 30 days, state its rationale for disagreeing.

(2) The Government will evaluate the contractor's response and notify the contractor of the determination concerning remaining deficiencies and/or the adequacy of any proposed or completed corrective action.

CONTRACTOR COMPLIANCE WITH ENVIRONMENTAL, OCCUPATIONAL SAFETY AND HEALTH AND SYSTEM SAFETY REQUIREMENTS

(a) In performing work under this contract, the contractor shall comply with-

(1) All applicable Federal, State, and local environmental, occupational safety and health, and system safety laws, regulations, policies and procedures in effect as of the date the contract is executed;

(2) Any regulations, policies and procedures in effect at any Government facility where work will be performed;

(3) Any contract specific requirements; and

(4) Any Buyer direction.

(b) Conflicting Requirements. The contractor shall provide written notification to Buyer of any conflicts in requirements. The notification will describe the conflicting requirements and their source; provide an estimate of any impact to the contract's cost, schedule, and any other terms and conditions; and provide a recommended solution. The notification will also identify any external organizations that Buyer or the contractor may have to coordinate with in order to implement the solution. Buyer will review the notification and provide written direction. Until Buyer issues that direction, the contractor will continue performance of the contract, to the extent practicable, giving precedence in the following order to requirements

that originate from:

- (1) Federal, state, and local laws, regulations, policies and procedures;
 - (2) Government facility regulations, policies and procedures; and
 - (3) Contract specific direction.
- (c) Material Condition of Contract. Environmental, occupational safety and health, and system safety requirements are a material condition of this contract. Failure of the contractor to maintain and administer an environmental and safety program that is compliant with the requirements of this contract shall constitute grounds for termination for default.
- (d) The Contractor shall include this clause in all subcontracts.

RIGHTS IN BID OR PROPOSAL INFORMATION

- (a) Definitions. The terms “technical data” and “computer software” are defined in the Rights in Technical Data and Computer Software: Noncommercial Items clause of this contract.
- (b) Government Rights to Contract Award. By submission of its offer, the offeror agrees that the Government:
- (1) May reproduce the bid or proposal, or any portions thereof, to the extent necessary to evaluate the offer.
 - (2) Except as provided in paragraph (d) of this clause, shall use information contained in the bid or proposal only for evaluational purposes and shall not disclose, directly or indirectly, such information to any person, including potential evaluators, unless that person has been authorized by the Contracting Officer to receive such information.
- (c) Government Rights Subsequent to Contract Award. The contractor agrees:
- (1) Except as provided in paragraphs (c)(2), (d), and (e) of this clause, the Government shall have the rights to use, modify, reproduce, release, perform, display, or disclose information contained in the contractor's bid or proposal within the Government.
 - (2) The Government's right to use, modify, reproduce, release perform, display, or disclose information that is technical data or computer software required to be delivered under this contract are determined by the Rights in Technical Data and Computer Software: Noncommercial Items clause of this contract.
- (d) Government-Furnished Information. The Government's rights with respect to technical data or computer software contained in the contractor's bid or proposal provided to the contractor by the Government are subject only to restrictions on use, modification, reproduction, release, performance, display, or disclosure, if any, imposed by the developer or licensor of such data or software.
- (e) Information Available Without Restrictions. The Government's rights to use, modify, reproduce, release, perform, display, or, disclose information contained in a bid or proposal, including technical data or computer software, and to permit others to do so, shall not be restricted in any manner if such information has been released or disclosed to the Government or to other persons without restrictions other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the information to another party, or the sale or transfer of some or all of a business entity or its assets to another party.
- (f) Flowdown. The contractor shall include this clause in all subcontracts or similar contractual instruments, and require its subcontractors or suppliers to do so without alteration, except to identify the parties.

PROHIBITION ON CONTRACTOR ACQUISITION OF PERSONAL PROPERTY FOR USE BY GOVERNMENT EMPLOYEES

- (a) The contractor shall not purchase personal property directly chargeable under this contract specifically for transfer to and use by a Government employee. This prohibition includes, but is not limited to, notebook and desktop computers, personal digital assistants, pagers, and cellular telephones.
- (b) The contractor shall notify the Contracting Officer in writing within 30 days whenever any item of personal property acquired by the contractor is transferred to a Government employee and removed from the contractor's property records. This notification must include the following information for each item transferred:
- (1) Item description, including manufacturer, model, and serial number;
 - (2) Acquisition cost and date;

- (3) Name and organization of the Government employee receiving the item; and
- (4) Date of transfer.

ORGANIZATIONAL CONFLICT OF INTEREST

- (a) The offeror warrants, to the best of its knowledge and belief, that (1) there are no relevant facts that could give rise to organizational conflicts of interest (OCI) or (2) the offeror has disclosed all relevant information regarding any actual or potential OCI. Offerors are encouraged to inform the Contracting Officer of any potential conflicts of interest, including those involving contracts with other foreign or domestic government organizations, before preparing their proposals to determine whether the Government will require mitigation of those conflicts. If the successful offeror was aware, or should have been aware, of an OCI before award of this contract and did not fully disclose that conflict to the Contracting Officer, the Government may terminate the contract for default.
- (b) If during contract performance the contractor discovers an OCI involving this contract, the contractor agrees to make an immediate and full disclosure in writing to the Contracting Officer. Such notification will include a description of the action the contractor and/or subcontractor has taken or proposes to take to avoid, neutralize, or mitigate the conflict. The contractor will continue contract performance until notified by the Contracting Officer of any contrary actions to be taken. The Government may terminate this contract for its convenience if it deems such termination to be in the best interest of the Government.
- (c) The contractor shall inform the Contracting Officer of any activities, efforts, or actions planned, entered into, or on-going by the contractor or any other corporate entity of the contractor, at the prime or sub-contract level, involving the review of information or providing any advice, assistance, or support to foreign or domestic government agencies, entities, or units outside of the USG agency which may result in a perceived or actual OCI with any known USG agency activity. The contractor shall provide detailed information to the Contracting Officer as to the specifics of the situation immediately upon its recognition. Based on the severity of the conflict, the Contracting Officer may direct the contractor to take certain actions, revise current work effort, or restrict the contractor's future participation in USG contracts as may be necessary to appropriately neutralize, mitigate, or avoid the OCI.
- (d) If necessary to mitigate OCI concerns, or when directed to do so by the Contracting Officer, the contractor shall submit an OCI plan for approval. The plan must describe how the contractor will mitigate, neutralize, or avoid potential and/or actual conflicts of interest or unfair competitive advantages. The contractor shall a completed for (to be provided), *OCI Plan Matrix*, to each new or revised OCI plan submitted to the Contracting Officer. After approval of the OCI plan, the contractor must conduct a yearly self-assessment and submit an annual certification of compliance with the terms of the plan signed by a corporate official at the level of Vice President or above. The contractor shall submit a revised OCI plan for approval whenever corporate, contractual, or personnel changes create or appear to create new OCI concerns, or when directed to do so by the Contracting Officer.
- (e) The contractor shall insert a clause containing all the requirements of this clause in all subcontracts for work similar to the services provided by the prime contractor.
- (f) Before this contract is modified to add new work or to significantly increase the period of performance, the contractor agrees to submit an OCI disclosure or representation if requested by the Government.
- (g) The contractor shall allow the Government to review the contractor's compliance with these provisions or require such self-assessments or additional certifications as the Government deems appropriate

ENABLING CLAUSE FOR PRIME AND SUPPORT CONTRACTOR RELATIONSHIPS

-

- (a) The Government currently has, or may enter into, contracts with one or more of the following companies to provide systems engineering, technical direction and assistance, consultant and professional services, and/or other management services:

(VARIABLE) List company names
- (b) In the performance of this contract, the contractor agrees to cooperate with the companies listed above (hereafter referred to as support contractors). Cooperation includes allowing these support contractors to observe technical activities; discussing technical matters related to this program; and responding to invitations from authorized support contractors to

attend meetings. The contractor must provide the support contractors access to data such as, but not limited to, design and development analyses; test data and results; parts, equipment, and process specifications; testing and test equipment specifications; quality control procedures; manufacturing and assembly procedures; and schedule and milestone data. Support contractors engaged in general systems engineering and integration efforts are normally authorized access to any technical information pertaining to this contract. Exceptions, such as when the contractor seeks to restrict access to contractor trade secrets, will be handled on a case-by-case basis. If the contractor seeks to limit distribution of data to Government personnel only, the contractor must submit this request in writing to the Contracting Officer.

(c) The contractor further agrees to include in all subcontracts, except for those to provide only commercial and/or non-developmental items, a clause requiring the subcontractor and succeeding levels of subcontractors to comply with the response and access provisions of paragraph (b) above, subject to coordination with the contractor. This agreement does not relieve the contractor of responsibility to manage the subcontracts effectively and efficiently, nor is it intended to establish privity of contract between the Government or support contractors and such subcontractors.

(d) Support contractors are not authorized to direct the contractor in any manner.

(e) Support contracts will contain a Protection of Information clause that requires the support contractor to protect contract data, and that prohibits the support contractor from using such data for any purpose other than that for which the data was presented.

USE OF THE METRIC SYSTEMS OF MEASUREMENT- NONE

All items for this contract-Metric Wavier obtained.

EARNED VALUE MANAGEMENT SYSTEM

(a) In the performance of this contract, the contractor shall use an earned value management system (EVMS) that complies with the guidelines presented in ANSI/EIA Standard 748-A, *Earned Value Management Systems* (herein referred to as the *Guidelines*).

(1) If at the time of contract award the contractor has an EVMS that has been recognized by the USG CUSTOMER EVM Focal Point as compliant with the *Guidelines*, as documented in an advance agreement executed between the contractor and USG CUSTOMER EVM Focal Point, the contractor shall apply that system to this contract within 30 days after contract award unless otherwise agreed to by the parties.

(2) If at the time of contract award the contractor's EVMS has not been recognized as compliant by the USG CUSTOMER EVM Focal Point, the contractor shall apply that EVMS to this contract within 30 days after contract award unless otherwise agreed to by the parties. The contractor will be required to demonstrate to the USG CUSTOMER EVM Focal Point and Contracting Officer that their EVMS complies with the *Guidelines*, after which the parties will execute an advance agreement to document system acceptance.

(3) The USG CUSTOMER EVM Focal Point may rescind the contractor's advance agreement if he/she determines that the EVMS does not comply with the *Guidelines*, or that the contractor is not following its established processes and procedures. The EVM Focal Point will coordinate the rescission with the Program Manager and the Contracting Officer before notifying the contractor.

(b) Contractor-proposed changes to an accepted EVMS must be reviewed by the Contracting Officer and approved by the USG CUSTOMER EVM Focal Point prior to implementation. The contractor shall submit all such changes to the address below, and will be notified by the EVM Focal Point as to the acceptability of the changes within 30 calendar days. The EVM Focal Point will incorporate the approved system changes into the contractor's advance agreement.

TBD

(c) Within 30 days of contract award, the contractor will be required to execute a Joint Surveillance Agreement (JSA) with the USG CUSTOMER EVM Focal Point unless a current JSA is already in place. The JSA will require the contractor to participate in joint surveillance reviews conducted by the contractor's Corporate EVM Executive along with representatives of the USG CUSTOMER Program Manager and of the USG CUSTOMER EVM Focal Point. The initial review must be conducted within the first year of contract performance, with subsequent reviews conducted on an annual basis.

(d) The contractor must conduct Integrated Baseline Reviews jointly with the USG CUSTOMER Program Manager, Contracting Officer, and USG CUSTOMER EVM Focal Point representative no later than 180 days after contract award or authorization to proceed; whenever a significant change to the baseline occurs; or as agreed to by the parties.

(e) The contractor shall require the following subcontractors to comply with the requirements of this clause:

TBD

(f) The Contracting Officer is the only representative of the Government authorized to negotiate, execute, imply a commitment on the part of the Government which would affect the terms of this contract, the contractor must notify the Contracting Officer and obtain approval prior to proceeding.

DISCLOSURE OF OWNERSHIP OR CONTROL BY A FOREIGN GOVERNMENT (FEB 2011)

(a) Definitions. As used in this clause:

(1) *Effectively owned or controlled* means that a foreign government or any entity controlled by a foreign government has the power, either directly or indirectly, whether exercised or exercisable, to control the election, appointment, or tenure of the offeror's officers or a majority of the offeror's board of directors by any means, e.g., ownership, contract, or operation of law (or equivalent power for unincorporated organizations).

(2) *Entity controlled by a foreign government* means any domestic or foreign organization or corporation that is effectively owned or controlled by a foreign government, or any individual acting on behalf of a foreign government. It does not include an organization or corporation that is owned, but is not controlled, either directly or indirectly, by a foreign government if the ownership of that organization or corporation by that foreign government was effective before 23 October 1992.

(3) *Foreign government* includes the state and the government of any country (other than the United States and its outlying areas) as well as any political subdivision, agency, or instrumentality thereof.

(4) *Proscribed information* means:

Top Secret information;

Communications Security (COMSEC) material, excluding controlled cryptographic items when unkeyed or utilized with unclassified keys;

Restricted Data as defined in the U.S. Atomic Energy Act of 1954, as amended;

Special Access Program (SAP) information; or

(v) Sensitive Compartmented Information (SCI).

(b) Prohibition on Award. No contract under a national security program may be awarded to an entity controlled by a foreign government if that entity requires access to proscribed information to perform the contract, unless the United States government has waived application of 10 U.S.C. §2536(a).

(c) Disclosure. The offeror shall disclose any interest a foreign government has in the offeror when that interest constitutes control by a foreign government as defined in this provision. If the offeror is a subsidiary, it shall also disclose any reportable interest a foreign government has in any entity that owns or controls the subsidiary, including reportable interest concerning the offeror's immediate parent, intermediate parents, and the ultimate parent. The offeror shall disclose reportable foreign government interests by submitting a current SF 328, *Certificate Pertaining to Foreign Interests*, with their proposal. The SF 328 must include the following information:

(1) Offeror's point of contact for questions about disclosure (name and phone number with country code, city code, and area code, as applicable);

(2) Name and address of offeror;

(3) Name and address of entity controlled by a foreign government; and

(4) Description of interest, ownership percentage, and identification of foreign government.

(d) If during contract performance the foreign government ownership or control status of the contractor changes, the contractor shall submit an updated SF 328 to the Contracting Officer within one week of the change.

(e) Flow-down. The offeror agrees to include the requirements of this clause in all subcontract solicitations that involve potential access to proscribed information under this solicitation and any resulting contract.

- (3) Name and address of entity controlled by a foreign government; and
 - (4) Description of interest, ownership percentage, and identification of foreign government.
 - (d) If during contract performance the foreign government ownership or control status of the contractor changes, the contractor shall submit an updated SF 328 to the Contracting Officer within one week of the change.
 - (e) Flow-down. The offeror agrees to include the requirements of this clause in all subcontract solicitations that involve potential access to proscribed information under this solicitation and any resulting contract.
- (End of clause)

TECHNICAL DATA AND COMPUTER SOFTWARE: COMMERCIAL ITEMS

(a) Definitions. As used in this clause:

- (1) *Business data* means recorded information, regardless of the form or method of the recording, including specific business data contained in a computer database, of a financial, administrative, cost or pricing, or management nature, or other information incidental to contract administration or protected from disclosure under the Freedom of Information Act, 5 U.S.C. §552(b)(4).
- (2) *Commercial item* means:
 - (i) Any item, other than real property, that is of a type customarily used by the general public or by non-governmental entities for purposes other than governmental purposes, and—
 - (A) Has been sold, leased, or licensed to the general public; or
 - (B) Has been offered for sale, lease, or license to the general public;
 - (ii) Any item that evolved from an item described in paragraph (i) of this definition through advances in technology or performance, and that is not yet available in the commercial marketplace, but will be available in the commercial marketplace in time to satisfy the delivery requirements under a Government solicitation;
 - (iii) Any item that would satisfy a criterion expressed in paragraphs (i) or (ii) of this definition, but for—
 - (A) Modifications of a type customarily available in the commercial marketplace; or
 - (B) Minor modifications of a type not customarily available in the commercial marketplace made to meet Federal Government requirements. “Minor modifications” means modifications that do not significantly alter the non-governmental function or essential physical characteristics of an item or component, or change the purpose of a process. Factors to be considered in determining whether a modification is minor include the value and size of the modification and the comparative value and size of the final product. Dollar values and percentages may be used as guideposts, but are not conclusive evidence that a modification is minor;
 - (iv) Any combination of items meeting the requirements of paragraphs (i), (ii), (iii), or (v) of this definition that are of a type customarily combined and sold in combination to the general public;
 - (v) Installation services, maintenance services, repair services, training services, and other services if—
 - (A) Such services are procured for support of an item referred to in paragraph (i), (ii), (iii), or (iv) of this definition, regardless of whether such services are provided by the same source or at the same time as the item; and
 - (B) The source of such services provides similar services contemporaneously to the general public under terms and conditions similar to those offered to the Federal Government;
 - (vi) Services of a type offered and sold competitively in substantial quantities in the commercial marketplace based on established catalog or market prices for specific tasks performed or specific outcomes to be achieved, and under standard commercial terms and conditions. For purposes of these services—
 - (A) “Catalog price” means a price included in a catalog, price list, schedule, or other form that is regularly maintained by the manufacturer or vendor, is either published or otherwise available for inspection by customers, and states prices at which sales are currently, or were last, made to a significant number of buyers constituting the general public; and
 - (B) “Market prices” means current prices that are established in the course of ordinary trade between buyers and sellers free to bargain, and that can be substantiated through competition or from sources independent of the offerors.
 - (vii) Any item, combination of items, or service referred to in paragraphs (i) through (vi) of this definition, notwithstanding the fact that the item, combination of items, or service is transferred between or among separate divisions, subsidiaries, or affiliates of a contractor;

or

(viii) A non-developmental item, if the procuring agency determines the item was developed exclusively at private expense and sold in substantial quantities, on a competitive basis, to multiple State and local governments.

(3) *Computer database* means a collection of data recorded in a form capable of being processed and operated by a computer. The term does not include computer software.

(4) *Computer program* means a set of instructions, rules, or routines, recorded in a form that is capable of causing a computer to perform a specific operation or series of operations.

(5) *Computer software* means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae, and related material that would enable the software to be reproduced, recreated, or recompiled. The term does not include computer databases or computer software documentation.

(6) *Computer software documentation* means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using or maintaining the computer software.

(7) *Form, fit, and function data* means technical data that describes the required overall physical, functional, and performance characteristics (along with the qualification requirements, if applicable) of an item, component, or process to the extent necessary to permit identification of physically and functionally interchangeable items. For computer software it means data identifying source, functional characteristics, and performance requirements, but specifically excludes the source code, algorithms, processes, formulas, and flow charts of the software.

(8) *Technical data* means recorded information (regardless of the form or method of the recording, including computer databases) of a scientific or technical nature (including computer software documentation). The term includes recorded information of a scientific or technical nature that is included in computer databases. (See 41 U.S.C. §403(8)). This term does not include computer software or business data.

(b) License in Commercial Technical Data.

(1) The Government shall have the unrestricted right to use, modify, reproduce, release, perform, display, or disclose technical data relating to a commercial item, and to permit others to do so, that:

(i) Have been provided to the Government or others without restrictions on use, modification, reproduction, release, or further disclosure other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the technical data to another party, or the sale or transfer of some or all of a business entity or its assets to another party;

(ii) Are form, fit, and function data;

(iii) Are a correction or change to technical data furnished to the contractor by the Government;

(iv) Are necessary for operation, maintenance, installation, or training (other than detailed manufacturing or process data); or

(v) Have been provided to the Government under a prior contract or licensing agreement through which the Government has acquired the rights to use, modify, reproduce, release, perform, display, or disclose technical data without restrictions.

(2) Except as provided in paragraph (b)(1), the Government may use, modify, reproduce, release, perform, display, or disclose technical data within the Government only.

(3) The Government shall not use the technical data to manufacture additional quantities or release, perform, display, disclose, or authorize use of the technical data outside the Government without the contractor's written permission unless a release, disclosure, or permitted use is necessary for emergency repair or overhaul of the commercial items furnished under this contract.

(c) License in Commercial Computer Software. Commercial computer software and commercial computer software documentation shall be acquired under the licenses customarily provided to the public unless such licenses are inconsistent with federal procurement law or do not otherwise satisfy user needs. The Government shall have only the rights specified in the license under which the commercial computer software and commercial computer software documentation was obtained. Such license shall be attached to and made a part of this contract.

(d) Additional License Rights. The contractor and its subcontractors are not required to provide the Government additional rights to use, modify, reproduce, release, perform, display, or disclose technical data or computer software. However, if the Government desires to obtain additional rights in technical data or computer software, the contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether acceptable terms for transferring such rights can be reached. All technical data and computer software in which the contractor grants the Government additional rights shall be listed or described in a special license agreement made

part of this contract. The license shall specifically enumerate the additional rights granted the Government.

(e) Release From Liability. The contractor agrees that the Government, and other persons to whom the Government may have released or disclosed technical data or computer software delivered or otherwise furnished under this contract, shall have no liability for any release or disclosure of technical data or computer software that are not marked to indicate that such data are licensed data subject to use, modification, reproduction, release, performance, display, or disclosure restrictions.

(End of clause)

RIGHTS IN TECHNICAL DATA AND COMPUTER SOFTWARE: NONCOMMERCIAL ITEMS

(a) Definitions. As used in this clause:

(1) *Business data* means recorded information, regardless of the form or method of the recording, including specific business data contained in a computer database, of a financial, administrative, cost or pricing, or management nature, or other information incidental to contract administration or protected from disclosure under the Freedom of Information Act, 5 U.S.C. §552(b)(4).

(2) *Computer data base* means a collection of data recorded in a form capable of being processed and operated by a computer. The term does not include computer software.

(3) *Computer program* means a set of instructions, rules, or routines, recorded in a form that is capable of causing a computer to perform a specific operation or series of operations.

(4) *Computer software* means computer programs, source code, source code listings, object code listings, design details, algorithms, processes, flow charts, formulae, and related material that would enable the software to be reproduced, recreated, or recompiled. Computer software does not include computer databases or computer software documentation.

(5) *Computer software documentation* means owner's manuals, user's manuals, installation instructions, operating instructions, and other similar items, regardless of storage medium, that explain the capabilities of the computer software or provide instructions for using or maintaining the software.

(6) *Delivery* means the formal act of transferring technical data, computer software, or business data to the Government as expressly delineated in the contract (including, but not limited to the Contract Data Requirements List, the statement of work, or elsewhere in the contract), in accordance with a specified schedule.

(7) *Detailed manufacturing or process data* means technical data and computer software that describes the steps, sequences, and conditions of manufacturing, processing, or assembly used by the manufacturer to produce an item or component, or to perform a process.

(8) *Developed* means that an item, component, or process, or an element of computer software has been shown through sufficient analysis or test to demonstrate to one of ordinary skill in the applicable art that there is a reasonable probability that the item, component, process, or element of computer software will work or perform its intended application, function, or purpose.

(9) *Developed exclusively at private expense* means development was accomplished entirely with costs charged to indirect cost pools, costs not allocated to a Government contract, or any combination thereof. Under fixed-price contracts, when total costs are greater than the firm-fixed-price or ceiling price of the contract, the additional development costs necessary to complete development shall not be considered when determining whether development was at Government, private, or mixed expense. Private expense determinations should be made at the lowest practicable level.

(10) *Developed exclusively with Government funds* means all the costs of development were charged directly to a Government contract.

(11) *Developed with mixed funding* means development was accomplished partially with costs charged to indirect cost pools and/or costs not allocated to a Government contract, and partially with costs charged directly to a Government contract.

(12) *Form, fit, and function data* means technical data that describes the required overall physical, functional, and performance characteristics (along with the qualification requirements, if applicable) of an item, component, or process to the extent necessary to permit identification of physically and functionally interchangeable items. For computer software it means data identifying source, functional characteristics, and performance requirements, but specifically excludes the source code, algorithms, processes, formulas, and flow charts of the software.

(13) *Government purpose* means any activity in which the United States Government is a party, including cooperative agreements with international or multi-national defense organizations, or sales or transfers by the United States Government to foreign Governments or international organizations. Government purposes include providing technical data and computer software for use in a competitive procurement, but do not include the rights to use, modify, reproduce, release, perform, display, or disclose technical data and computer software for commercial purposes or authorize others to do so.

(14) *Technical data* means recorded information (regardless of the form or method of the recording, including computer databases) of a scientific or technical nature (including computer software documentation). The term includes recorded information of a scientific or technical nature that is included in computer databases (See 41 U.S.C. §403(8)). This term does not include computer software or business data.

(b) Government Rights in Technical Data and Computer Software.

(1) *Government purpose rights* means the rights to use, modify, reproduce, release, perform, display, or disclose technical data or computer software within the Government without restriction, to release or disclose technical data or computer software outside the Government, and to authorize persons to whom release has been made to use, modify, reproduce, perform, or display that technical data or computer software, provided that the recipient exercises such rights for Government purposes only.

(i) The Government shall have Government purpose rights for a five-year period after contract completion or for such other period as may be mutually negotiated. Upon expiration of the five-year or other negotiated period, the Government shall have unlimited rights in the technical data or computer software.

(ii) The contractor has the exclusive right, including the right to license others, to use technical data or computer software in which the Government has obtained Government purpose rights under this contract, for any commercial purpose during the time period specified in paragraph (b)(1)(i) above and/or in the Government purpose rights legend prescribed by this clause.

(iii) The Government shall have Government purpose rights in technical data or computer software delivered under this contract that:

(A) Pertain to items, components, computer software, or processes developed with mixed funding, except when the Government is entitled to unlimited rights;

(B) Were created with mixed funding in the performance of a contract that does not specifically require the development, manufacture, construction, or production of items, components, computer software, or processes;

(C) The contractor has previously or is currently providing with Government purpose rights under another Government contract; or

(D) The parties have agreed shall be delivered with Government purpose rights.

(iv) The Government may release the technical data or computer software to any third party as described in paragraph (b)(1) above if:

(A) The receiving development contractor(s) or subcontractor(s) contract arrangements are subject to clauses *Protection of Information*, and, *Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends*;

(B) The receiving support contractor(s) or subcontractor(s) contract arrangements are subject to clauses *Support Contractor Corporate Non-Disclosure Agreement*, and *Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends*. When clause *Support Contractor Corporate Non-Disclosure Agreement* is used, additional non-disclosure, confidentiality, proprietary information, or similar agreements may be required by the owner of the technical data or computer software, but only on an exception basis, e.g., when such third party is or may be a direct competitor of the owner of the technical data or computer software. In the event an additional agreement is deemed necessary, the Contracting Officer shall be notified prior to its execution.

(C) The Government and contractor agree to cooperate to ensure that execution of any additional agreements shall not delay or inhibit performance of this contract. Such agreements shall not otherwise restrict any rights due the Government under this contract;

(2) *Limited rights* means the rights to use, modify, reproduce, release, perform, display, or disclose technical data, in whole or in part, within the Government.

(i) The Government may not, without the written permission of the party asserting limited rights, release or disclose the technical data outside the Government, use the technical data for manufacture, or authorize the technical data to be used by another party, except that the Government may reproduce, release, or disclose such data, or authorize the use or reproduction of the data by persons outside the Government if such reproduction, release, disclosure, or use is:

(A) Necessary for emergency repair and overhaul. In each instance of disclosure outside the Government, the Government shall:

(I) Prohibit the further reproduction, release, or disclosure of such technical data;

(II) Notify the party who has granted limited rights that such reproduction or use by, or release or disclosure to particular contractors or subcontractors is necessary;

(III) Insert clause , *Protection of Information, and Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends*, into the contractual arrangement with the receiving development contractors;

(IV) Insert clause *Support Contractor Corporate Non-Disclosure Agreement*, and *Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends*, into the contractual arrangement with the receiving support contractor(s). An

additional non-disclosure, confidentiality, proprietary information, or similar agreement may be required by the owner of the technical data, but only on an exception basis, e.g., when such third party is or may be a direct competitor of the owner of the technical data. In the event an additional agreement is deemed necessary, the Contracting Officer shall be notified prior to its execution; and

(V) Require the recipient of limited rights technical data necessary for emergency repair or overhaul to destroy such technical data and any copies in its possession promptly following completion of the emergency repair/overhaul, and to notify the contractor that it has been destroyed; or

(B) Is in the interest of the Government when a release or disclosure of technical data (other than detailed manufacturing or process data) to, or use of such data by, a foreign government is required for evaluation or information purposes, and is subject to a prohibition on further release, disclosure, or use of the technical data.

(ii) The Government and the contractor agree to cooperate to ensure that execution of necessary NDAs shall not delay or inhibit performance of this contract. Said agreements shall not otherwise restrict any rights due the Government under this contract.

(iii) Except as otherwise provided under paragraphs (b)(6)(i)-(xi), the Government shall have limited rights in technical data delivered under this contract that:

(A) Pertain to items, components, or processes developed exclusively at private expense and marked with the limited rights legends prescribed by this clause;

(B) Created exclusively at private expense in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes; or

(C) The parties have agreed shall be delivered with limited rights.

(iv) The contractor and its subcontractors are not required to provide the Government additional rights to use, modify, reproduce, release, perform, or display, technical data furnished to the Government with limited rights. However, if the Government desires to obtain additional rights in technical data in which it has limited rights, the contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether there are acceptable terms for transferring such rights. All technical data in which the contractor has granted the Government additional rights shall be listed or described in a license agreement made part of the contract. The license shall enumerate the additional rights granted the Government in such items.

(3) *Prior Government rights* means that technical data or computer software that will be delivered, furnished, or otherwise provided to the Government under this contract, in which the Government has previously obtained rights shall be delivered, furnished, or provided with the pre-existing rights, unless—

(i) The parties have agreed otherwise; or

(ii) Any restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose the data have expired or no longer apply.

(4) *Restricted rights* apply only to non-commercial computer software, and means the Government's rights to:

(i) Use a computer program with one computer at one time. The program may not be accessed by more than one terminal or central processing unit or time-shared unless otherwise permitted by this contract;

(ii) Transfer a computer program to another Government agency without the further permission of the contractor if the transferor destroys all copies of the program and related computer software documentation in its possession and notifies the licensor of the transfer. Transferred programs remain subject to the provisions of this clause;

(iii) Make the minimum number of copies of the computer software required for safekeeping (archive), backup, or modification purposes;

(iv) Modify computer software, provided that the Government may—

(A) Use the modified software only as provided in paragraphs (b)(4)(i) and (iii) of this clause; and

(B) Not release or disclose the modified software except as provided in paragraphs (b)(4)(ii), (v) and (vi) of this clause;

(v) Permit contractors or subcontractors performing service contracts in support of this or a related contract to use computer software to diagnose and correct deficiencies in a computer program, to modify computer software to enable a computer program to be combined with, adapted to, or merged with other computer programs, or when necessary to respond to urgent tactical situations, provided that—

(A) The Government notifies the party which has granted restricted rights that a release or disclosure to particular contractors or subcontractors is necessary;

(B) The receiving development contractor(s) or subcontractor(s) contract arrangements are subject to clauses *Protection of Information*, and *Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends*;

(C) The receiving support contractor(s) or subcontractor(s) contract arrangements are subject to clauses *Support Contractor Corporate Non-Disclosure Agreement*, and *Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends*. When clause *Support Contractor Corporate Non-Disclosure Agreement* 008 is used, additional non-disclosure, confidentiality, proprietary information, or similar agreements may be required by the owner of the technical data or computer software, but only on an exception basis, e.g., when such third party is or may be a direct competitor of the owner of the technical data or computer software.

In the event an additional agreement is deemed necessary, the Contracting Officer shall be notified prior to its execution.

(D) The Government and contractor agree to cooperate to ensure that execution of any additional agreements shall not delay or inhibit performance of this contract. Such agreements shall not otherwise restrict any rights due the Government under this contract;

(E) The Government shall not permit the recipient to decompile, disassemble, or reverse engineer the software, or use software decompiled, disassembled, or reverse engineered by the Government pursuant to paragraph (b)(4)(iv) of this clause, for any other purpose; and

(F) Such use is subject to the limitation in paragraph (b)(4)(i) of this clause.

(vi) Permit contractors or subcontractors performing emergency repairs or overhaul of items or components of items procured under this or a related contract to use the computer software when necessary to perform the repairs or overhaul, or to modify the computer software to reflect the repairs or overhaul made, provided that—

(A) The receiving development contractor(s) or subcontractor(s) contract arrangements are subject to clauses *Protection of Information*, and *Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends*;

(B) The receiving support contractor(s) or subcontractor(s) contract arrangements are subject to clauses *Support Contractor Corporate Non-Disclosure Agreement*, and *Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends*. When clause *Support Contractor Corporate Non-Disclosure Agreement* is used, additional non-disclosure, confidentiality, proprietary information, or similar agreements may be required by the owner of the technical data or computer software, but only on an exception basis, e.g., when such third party is or may be a direct competitor of the owner of the technical data or computer software.

In the event an additional agreement is deemed necessary, the Contracting Officer shall be notified prior to its execution.

(C) The Government and contractor agree to cooperate to ensure that execution of any additional agreements shall not delay or inhibit performance of this contract. Such agreements shall not otherwise restrict any rights due the Government under this contract.

(D) The Government shall not permit the recipient to decompile, disassemble, or reverse engineer the software, or use software decompiled, disassembled, or reverse engineered by the Government pursuant to paragraph (b)(4)(iv) of this clause, for any other purpose.

(vii) The Government shall have restricted rights in noncommercial computer software required to be delivered or otherwise provided to the Government under this contract that was developed exclusively at private expense.

(viii) The contractor, its subcontractors, or suppliers are not required to provide the Government additional rights in noncommercial computer software delivered or otherwise provided to the Government with restricted rights. However, if the Government desires to obtain additional rights in such software, the contractor agrees to promptly enter into negotiations with the Contracting Officer to determine whether there are acceptable terms for transferring such rights. All noncommercial computer software in which the contractor has granted the Government additional rights shall be listed or described in a license agreement made part of the contract (see paragraph (b)(5) of this clause). The license shall enumerate the additional rights granted the Government.

(5) *Specifically negotiated license rights* means a license granted by the contractor wherein the standard license rights granted to the Government under paragraphs (b)(1), (2), (3), (4), and (6), including the period during which the Government shall have government purpose rights in technical data or computer software, are modified by mutual agreement to provide such rights as the parties consider appropriate, but does not provide the Government lesser rights than limited rights for technical data or restricted rights for computer software unless mutually agreed by the contracting parties. Any rights so negotiated shall be identified in a license agreement made part of this contract and incorporated into Section J.

(6) *Unlimited rights* means the rights to use, modify, reproduce, perform, display, release, or disclose technical data and computer software in whole or in part, in any manner and for any purpose whatsoever, and to have or authorize others to do so. The Government shall have unlimited rights in:

(i) Technical data pertaining to an item, component, or process, or pertaining to software code or a software program that has been or will be developed exclusively with Government funds;

- (ii) Computer software developed exclusively with Government funds;
 - (iii) Form, fit, and function data;
 - (iv) Technical data that is necessary for installation, operation, maintenance, or training purposes (other than detailed manufacturing or process data);
 - (v) Studies, analyses, test data, or similar data when the study, analysis, test, or similar work was specified as an element of performance;
 - (vi) Computer software documentation required to be delivered under this contract;
 - (vii) Technical data created exclusively with Government funds in the performance of a contract that does not require the development, manufacture, construction, or production of items, components, or processes;
 - (viii) Corrections or changes to technical data or computer software furnished by the Government;
 - (ix) Technical data or computer software that is otherwise publicly available or has been released or disclosed by the contractor or subcontractor without restriction on the further use, release or disclosure, other than a release or disclosure resulting from the sale, transfer, or other assignment of interest in the technical data or computer software to another party, or the sale or transfer of some or all of a business entity or its assets to another party;
 - (x) Technical data or computer software in which the Government has obtained unlimited rights under another Government contract or as a result of negotiations;
 - (xi) Technical data or computer software furnished to the Government under this or any other Government contract or subcontract thereunder, with Government purpose rights, limited rights, or restricted rights, and the restrictive condition(s) has/have expired, or the Government purpose rights and the contractor's exclusive right to use such data for commercial purposes have expired.
- (c) For business data marked as proprietary or with similar legends, the Government may duplicate, use, and disclose such data within the Government solely for evaluation, verification, validation, reporting, and program monitoring and management purposes in connection with this contract. The Government may disclose such business data to its support contractors identified in clause *Enabling Clause for Prime and Support Contractor Relationships*, for these same purposes if and when:
- (1) The receiving development contractor(s) or subcontractor(s) contract arrangements are subject to clauses *Protection of Information*, and *Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends*;
 - (2) The receiving support contractor(s) or subcontractor(s) contract arrangements are subject to clauses *Support Contractor Corporate Non-Disclosure Agreement*, and *Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends*. When clause entitled *Support Contractor Corporate Non-Disclosure Agreement*, is used, additional non-disclosure, confidentiality, proprietary information, or similar agreement may be required by the owner of the business data, but only on an exception basis, e.g., when such third party is or may be a direct competitor of the owner of the technical data or computer software. In the event an additional agreement is deemed necessary, the Contracting Officer shall be notified prior to its execution.
- (i) The Government and contractor agree to cooperate to ensure that execution of any additional agreements shall not delay or inhibit performance of this contract. Such agreements shall not otherwise restrict any rights due the Government under this contract;
 - (d) Other Information That Cannot Easily Be Categorized. For information that cannot easily be categorized as technical data or business data (e.g., program schedules, Earned Value Management System reports, and program management reports), and is of sufficient detail to show a contractor's confidential business practices, shall be identified before or as soon as practicable after contract award. The parties will agree as to the parties' rights and obligations in such data and how it is to be marked, handled, used, and disclosed to third parties. Such agreement shall be in writing, attached to, and made a part of the contract.
 - (e) Release from Liability. The contractor agrees to release the Government from liability for any release or disclosure of technical data and computer software made in accordance with this clause, in accordance with the terms of a license per this clause, or by others to whom the recipient has released or disclosed the data, and to seek relief solely from the party who has improperly used, modified, reproduced, released, performed, displayed, or disclosed contractor data marked with restrictive legends.
 - (f) Rights in Derivative Computer Software or Computer Software Documentation. The Government shall retain its rights in the unchanged portions of any computer software or computer software documentation delivered under this contract that the contractor uses to prepare, or includes in, derivative computer software or computer software documentation.
 - (g) Contractor Rights in Technical Data and Computer Software. The contractor retains all rights not granted to the Government.
 - (h) Third Party Copyrights. The contractor shall not, without the written approval of the Contracting Officer, incorporate any copyrighted data in the technical data and computer software to be delivered under this contract unless the contractor is the copyright

owner or has obtained for the Government the license rights necessary to perfect a license or licenses of the appropriate scope as defined in paragraphs (b)(1), (2), (4) and (6) of this clause, and has affixed a statement of the license or licenses obtained on behalf of the Government and other persons to the technical data and computer software transmittal document.

(i) Assertions of Other than Unlimited Rights.

(1) This paragraph does not apply to restrictions based solely on copyright.

(2) Except as provided in paragraph (i)(3) of this clause, technical data and/or computer software that the contractor asserts should be furnished to the Government with restrictions on use, release, or disclosure are identified in an attachment to this contract (the "Attachment"). The contractor shall not deliver any technical data or computer software with restrictive markings unless the technical data or computer software is listed in the Attachment.

(3) The contractor may make other assertions of other than unlimited rights in technical data and/or computer software after contract award. Such assertions must be based on new information or inadvertent omission unless the inadvertent omission would have materially affected the source selection decision in the reasonable determination of the Contracting Officer (in which case no assertion based on an inadvertent omission may be allowed).

(4) The contractor shall submit such post-contract award assertion(s) to the Contracting Officer as soon as practicable but prior to the scheduled date for delivery of the technical data or computer software. All new assertions submitted after award shall be added to the Attachment in a timely fashion after submission of the assertion to the Contracting Officer. An official authorized to contractually obligate the contractor must sign the assertion(s). The contractor assertion(s) shall include the information specified in paragraph (d) of clause *Identification and Assertion of Use, Release, or Disclosure Restrictions*.

(5) The Contracting Officer may request the contractor to provide sufficient information to enable the Government to evaluate the contractor's assertion(s). The Contracting Officer reserves the right to add the contractor's assertions to the Attachment and validate any listed assertion at a later date in accordance with the procedures outlined in clause *Validation of Restrictive Markings on Technical Data and Computer Software*.

(j) Marking Requirements for Delivered Technical Data or Computer Software. The contractor may only assert restrictions on the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data and computer software delivered to the Government by marking such technical data and computer software. Such markings shall be in the form of legends found in paragraphs (k)(1) through (4), or as otherwise authorized in this contract, (e.g., pursuant to an agreement for the marking of mixed data pursuant to paragraph (d) of this clause). The notice of copyright prescribed under 17 U.S.C. §401 or §402 (with language, if applicable, noting that the Government contributed funding and therefore has rights in the copyrighted material)is also allowed.

(k) General Marking Instructions. The contractor shall conspicuously and legibly mark the appropriate legend on all technical data and computer software that qualify for such markings. The authorized legends shall be placed on the transmittal document or storage container and, for printed material, on the title/cover page of the printed material containing technical data or computer software for which restrictions are asserted. Mark each subsequent sheet of data with an abbreviated marking(s) to indicate the applicable restrictive rights assertion(s), and refer to the title/cover page for additional information. When only portions of a page of printed material are subject to the asserted restrictions, such portions shall be identified by circling, underscoring, annotating, or other appropriate identifier. Technical data and computer software transmitted directly from one computer or computer terminal to another shall contain a notice of asserted restrictions. Reproductions of technical data and computer software, or any portions thereof subject to asserted restrictions, shall also reproduce the asserted restrictions.

(1) Government Purpose Rights Markings. Technical data or computer software delivered or otherwise furnished to the Government with Government purpose rights shall be marked as follows:

Government Purpose Rights

Contract No: _____

Contractor Name: _____

Contractor Address: _____

Expiration Date: _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these technical data and computer software are restricted by paragraph (b)(1) of clause *Rights in Technical Data and Computer Software: Noncommercial Items*, contained in the contract identified above. No restrictions apply after the expiration date shown above. Any reproduction of technical data or computer software, or portions thereof marked with this legend, must also reproduce the markings.

(End of legend)

(2) Limited Rights Markings. Technical data delivered or otherwise furnished to the Government with limited rights shall be marked as follows:

Limited Rights

Contract No: _____

Contractor Name: _____

Contractor Address: _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose these technical data are restricted by paragraph (b)(2) of clause, *Rights in Technical Data and Computer Software: Noncommercial Items*, contained in the contract identified above. Any reproduction of technical data, or portions thereof marked with this legend, must also reproduce the markings. Any person, other than Government officials or others specifically authorized by the Government, who has been provided access to this technical data must promptly notify the above-named contractor.

(End of legend)

(3) Restricted Rights Markings. Computer software delivered or otherwise furnished to the Government with restricted rights shall be marked with the following legend:

Restricted Rights

Contract No: _____

Contractor Name: _____

Contractor Address: _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose this computer software are restricted by paragraph (b)(4) of clause, *Rights in Technical Data and Computer Software: Noncommercial Items*, contained in the contract identified above. Any reproduction of computer software or portions thereof marked with this legend must also reproduce the markings. Any person, other than the Government, who has been provided access to such computer software must promptly notify the above-named contractor.

(End of legend)

(4) Special License Rights Markings. Technical data and computer software in which the Government's rights stem from a specifically negotiated license shall be marked with the following legend:

Special License Rights

Contract No: _____

Contractor Name: _____

Contractor Address: _____

The Government's rights to use, modify, reproduce, release, perform, display, or disclose this data and/or software are restricted by _____ *[Insert license identifier]*. Any reproduction of technical data, computer software, or portions thereof marked with this legend must also reproduce the markings.

(End of legend)

(l) Pre-Existing Data Markings. If the terms of a prior contract or license permitted the contractor to restrict the Government's rights to use, modify, reproduce, release, perform, display, or disclose a technical data or computer software deliverable under this contract, and those restrictions are still applicable, the contractor may mark such technical data or computer software with the appropriate restrictive conforming legend for which the technical data or computer software qualified under the prior contract or license. The marking procedures in paragraphs (j) and (k) of this clause shall be followed.

(m) Removal of Unjustified Markings. Notwithstanding any other provision of this contract concerning inspection and acceptance, if any technical data or computer software delivered or otherwise provided under this contract are marked with the notices specified at (k)(1)-(4) of this clause, and the use of such is not authorized by this clause, the Government may ignore, or at the contractor's expense, correct or strike the marking if, in accordance with the procedures in clause *Validation of Restrictive Markings on Technical Data and Computer Software*, of this contract, the technical data or computer software is delivered or otherwise provided with a restrictive marking determined to be unjustified.

(n) **Removal of Nonconforming Markings.** A nonconforming marking is a marking placed on technical data or computer software delivered to the Government under this contract that is not in a format authorized by this contract. Correction of nonconforming markings is not subject to the *Validation of Restrictive Markings on Technical Data and Computer Software* clause of this contract. To the extent practicable, the Government shall return technical data or computer software marked with nonconforming markings to the contractor and provide the contractor an opportunity to correct or strike the nonconforming marking at no cost to the Government. If the contractor fails to correct the nonconforming marking and return the corrected technical data or computer software within 60 days following the contractor's receipt of the data, the Contracting Officer may ignore, or at the contractor's expense, remove, correct, or strike any nonconforming marking.

(o) **Unmarked Technical Data or Computer Software.** Technical data or computer software delivered to the Government under this contract without restrictive markings as set forth herein shall be presumed to have been delivered with unlimited rights and may be released or disclosed without restriction. However, to the extent the technical data or computer software has not been disclosed without restriction outside the Government, the contractor may request, within six months after delivery of such technical data or computer software (or a longer time approved by the Contracting Officer for good cause shown), permission to have notices placed on qualifying technical data or computer software at the contractor's expense, and the Contracting Officer may agree to do so if the contractor:

- (1) Identifies the technical data or computer software on which the omitted notice is to be placed;
- (2) Demonstrates that the omission of the notice was inadvertent;
- (3) Establishes that the use of the proposed notice is authorized; and
- (4) Acknowledges that the Government has no liability with respect to the disclosure, use, or reproduction of any such technical data or computer software made prior to the addition of the notice or resulting from the omission of the notice.

(p) **Relation to Patents.** Nothing contained in this clause shall imply a license to the Government under any patent, or be construed as affecting the scope of any license or other right otherwise granted to the Government under any patent.

(q) **Limitation on Charges for Rights in Technical Data or Computer Software.**

(1) The contractor shall not charge to this contract any cost, including but not limited to license fees, royalties, or similar charges, for rights in technical data or computer software to be delivered under this contract when—

- (i) The Government has acquired, by any means, the same or greater rights in the technical data or computer software; or
- (ii) The technical data or computer software is available to the public without restrictions.

(2) The limitation in paragraph (q)(1) of this clause—

- (i) Includes costs charged by a subcontractor or supplier, at any tier, or costs incurred by the contractor to acquire rights in subcontractor or supplier technical data or computer software if the subcontractor or supplier has been paid for such rights under any other Government contract or under a license conveying the rights to the Government; and
- (ii) Does not include the reasonable costs of reproducing, handling, or mailing the documents or other media in which the technical data or computer software will be delivered.

(r) **Applicability to Subcontractors or Suppliers.**

(1) The contractor shall ensure that the rights afforded its subcontractors and suppliers under 10 U.S.C. §2320, 10 U.S.C. §2321, and the identification, assertion, and delivery processes of paragraph (i) of this clause are recognized and protected.

(2) Whenever any technical data or computer software for noncommercial items is to be obtained from a subcontractor or supplier for delivery to the Government under this contract, the contractor shall flow down this clause to all of its subcontractors, vendors or suppliers (at any tier), and require its subcontractors, vendors, or suppliers to do so, without alteration, except to identify the parties. No other clause shall be used to enlarge or diminish the Government's, the contractor's, or a higher-tier subcontractor's or supplier's rights in a subcontractor's or supplier's technical data or computer software.

(3) Technical data or computer software required to be delivered by a subcontractor or supplier shall normally be delivered to the next higher-tier contractor, subcontractor, or supplier. However, when there is a requirement in the prime contract for technical data or computer software which may be submitted with other than unlimited rights by a subcontractor or supplier, then said subcontractor or supplier may fulfill its requirement by submitting such technical data or computer software directly to the Government, rather than through a higher-tier contractor, subcontractor, or supplier.

(4) The contractor and higher-tier subcontractors or suppliers shall not use their power to award contracts as economic leverage to obtain rights in technical data or computer software from their subcontractors or suppliers.

(5) In no event shall the contractor use its obligation to recognize and protect subcontractor or supplier rights in technical data or computer software as an excuse for failing to satisfy its contractual obligation to the Government.

(End of clause)

VALIDATION OF RESTRICTIVE MARKINGS ON TECHNICAL DATA AND COMPUTER SOFTWARE

(a) The Government shall presume that a contractor's asserted use or release restrictions are justified on the basis that the item (to include computer software), component, or process was developed exclusively at private expense for commercial items as defined in FAR Part 12. The Government will not challenge such assertions unless information the Government demonstrates that the item, component, or process was not developed exclusively at private expense.

(b) Justification. The contractor is responsible for maintaining records sufficient to justify the validity of its markings that restrictions on the Government's right to use, modify, reproduce, perform, display, release, or disclose technical data or computer software delivered or required to be delivered under the contract or subcontract. Except for commercial items, the contractors shall be prepared to furnish to the Contracting Officer a written justification for such restrictive markings in response to a challenge under paragraph (e) of this clause.

(c) Pre-challenge Request for Information.

(1) The Contracting Officer may request the contractor to furnish a written explanation for any restriction asserted by the contractor on the right of the United States to use, or authorize use of, technical data or computer software. If, upon review of the explanation submitted, the Contracting Officer remains unable to ascertain the basis of the restrictive marking, the Contracting Officer may further request the contractor to furnish additional information in the records of, or otherwise in the possession of or reasonably available to, the contractor to justify the validity of any restrictive marking on technical data or computer software, accompanied with supporting documentation. The contractor shall submit such written data within a reasonable time after it is requested by the Contracting Officer.

(2) If the Contracting Officer, after reviewing the written data furnished pursuant to paragraph (c)(1) of this clause, or any other available information pertaining to the validity of a restrictive marking, determines that reasonable grounds exist to question the current validity of the marking, and that continued adherence to the marking would make impracticable the subsequent competitive acquisition of the item, component, or process to which the technical data or computer software relates, the Contracting Officer shall follow the procedures in paragraph (d) of this clause.

(3) If the contractor fails to respond to the Contracting Officer's request for information under paragraph (c)(1) of this clause, and the Contracting Officer determines that continued adherence to the marking would make impracticable the subsequent competitive acquisition of the item, component, or process to which the technical data or computer software relates, the Contracting Officer may challenge the validity of the marking as described in paragraph (d) of this clause.

(d) Challenge.

(1) Notwithstanding any provision of this contract concerning inspection and acceptance, if the Contracting Officer determines that a challenge to the restrictive marking is warranted, the Contracting Officer shall send a written challenge notice to the contractor or subcontractor asserting the restrictive markings. Such challenge shall:

(i) State the specific grounds for challenging the asserted restriction;

(ii) Require a response within sixty (60) days justifying and providing sufficient evidence as to the current validity of the asserted restriction;

(iii) State that a Contracting Officer's final decision, issued pursuant to paragraph (f) of this clause, sustaining the validity of a restrictive marking identical to the asserted restriction, within the three-year period preceding the challenge, shall serve as justification for the asserted restriction if the validated restriction was asserted by the same contractor or subcontractor (or any licensee of such contractor or subcontractor to which such notice is being provided); and

(iv) State that failure to respond to the challenge notice may result in issuance of a final decision pursuant to paragraph (e) of this clause.

(2) The Contracting Officer shall extend the time for response if the contractor or subcontractor submits a written request showing the need for additional time to prepare a response.

(3) The contractor's or subcontractor's written response shall be considered a claim within the meaning of the Contract Disputes Act of 1978, and shall be certified in the form prescribed at FAR Subpart 33.207, regardless of dollar amount.

(4) A contractor or subcontractor receiving challenges to the same restrictive markings from more than one Contracting Officer shall notify each Contracting Officer of the existence of more than one challenge. The notice shall also state which Contracting Officer initiated the first unanswered challenge. The Contracting Officer initiating the first unanswered challenge after consultation with the contractor and the other Contracting Officers, shall formulate and distribute a schedule for responding to each of the challenge notices to all interested parties. The schedule shall afford the contractor an opportunity to respond to each challenge notice. All parties will be bound by this schedule.

(e) Final Decision When Contractor or Subcontractor Fails to Respond. When a contractor or subcontractor fails to respond to a challenge notice, other than a failure to respond to a challenge related to a commercial item, the Contracting Officer will issue a final decision to the contractor or subcontractor in accordance with the *Disputes* clause of this contract pertaining to the validity of the asserted restriction. This final decision shall be issued as soon as possible after the expiration of the time period of paragraph (d)(1)(ii) or (d)(2) of this clause. Following issuance of the final decision, the Contracting Officer will comply with the procedures in paragraphs (f)(2)(ii) through (iv) of this clause.

(f) Final Decision When the Contractor Responds.

(1) If the Contracting Officer determines that the contractor or subcontractor has justified the validity of the restrictive marking, the Contracting Officer shall issue a final decision to the contractor or subcontractor sustaining the validity of the restrictive marking, and stating that the Government will continue to be bound by the restrictive marking. This final decision shall be issued within sixty (60) days after receipt of the contractor's or subcontractor's response to the challenge notice, or within such longer period that the Contracting Officer has notified the contractor or subcontractor that the Government will require. The notification of a longer period will be made within sixty (60) days after receipt of the response to the challenge notice.

(2)(i) If the Contracting Officer determines that the validity of the restrictive marking is not justified, the Contracting Officer shall issue a final decision to the contractor or subcontractor in accordance with the *Disputes* clause of this contract. Notwithstanding paragraph (e) of the *Disputes* clause, the final decision shall be issued within sixty (60) days after receipt of the contractor's or subcontractor's response to the challenge notice, or within such longer period that the Contracting Officer has notified the contractor or subcontractor that the Government will require. The notification of a longer period will be made within sixty (60) days after receipt of the response to the challenge notice.

(ii) The Government agrees that it will continue to be bound by the restrictive marking for ninety (90) days from the issuance of the Contracting Officer's final decision. The contractor agrees that if it intends to file suit in the United States Claims Court, it will provide a notice of intent to file suit to the Contracting Officer within ninety (90) days from the issuance of the Contracting Officer's final decision under paragraph (f)(2)(i) of this clause. If the contractor fails to appeal, file suit, or provide a notice of intent to file suit to the Contracting Officer within the ninety-day period, the Government may cancel or ignore the restrictive markings, and the failure of the contractor to take the required action constitutes agreement with the Contracting Officer's final decision.

(iii) The Government agrees that it will continue to be bound by the restrictive marking where a notice of intent to file suit in the United States Claims Court is provided to the Contracting Officer within ninety (90) days from the issuance of the final decision under paragraph (f)(2)(i) of this clause. The Government will no longer be bound, and the contractor agrees that the Government may strike or ignore the restrictive markings, if the contractor fails to file its suit within one (1) year after issuance of the Contracting Officer final decision. Notwithstanding the foregoing, where the Government agency's Director, Office of Contracts determines that urgent or compelling circumstances will not permit waiting for the filing of a suit in the United States Claims Court, the contractor agrees that the Government may, following notice to the contractor, authorize release or disclosure of the technical data or computer software. Such determination may be made at any time after issuance of the Contracting Officer final decision, and will not affect the contractor's right to damages against the United States where its restrictive markings are ultimately upheld, or to pursue other relief, if any, as may be provided by law.

(iv) The Government agrees that it will be bound by the restrictive marking where an appeal or suit is filed pursuant to the Contract Disputes Act until final disposition by an agency Board of Contract Appeals or the United States Claims Court. Notwithstanding the foregoing, where the Government agency's Director, Office of Contracts determines, following notice to the contractor that urgent or compelling circumstances will not permit awaiting the decision by such Board of Contract Appeals or the United States Claims Court, the contractor agrees that the Government may authorize release or disclosure of the technical data or computer software. Such determination may be made at any time after issuance of the final decision and will not affect the contractor's right to damages against the United States where its restrictive markings are ultimately upheld, or to pursue other relief, if any, as may be provided by law.

(g) Final Disposition of Appeal or Suit.

(1) If the contractor or subcontractor appeals or files suit, and if, upon final disposition of the appeal or suit, the Contracting Officer's decision is sustained:

(i) The restrictive marking on the technical data or computer software shall be struck, canceled, ignored, or corrected at the contractor's

or subcontractor's expense; and

(ii) If the restrictive marking is found not to be substantially justified, the contractor or subcontractor asserting the restriction shall be liable to the Government for payment of the cost to the Government of reviewing the restrictive marking and the fees and other expenses (as defined in 28 U.S.C. §2412(d)(2)(A)) incurred by the Government in challenging the marking, unless special circumstances would make such payment unjust.

(2) If the contractor or subcontractor appeals or files suit, and if, upon final disposition of the appeal or suit, the Contracting Officer's decision is not sustained:

(i) The Government shall continue to be bound by the restrictive marking; and

(ii) The Government shall be liable to the contractor for payment of fees and other expenses (as defined in 28 U.S.C. §2412(d)(2)(A)) incurred by the contractor or subcontractor in defending the marking if the challenge by the Government is found not to have been made in good faith.

(h) **Duration of Right to Challenge.** The Government, when there are reasonable grounds, may review and challenge the validity of any restriction asserted by the contractor or subcontractor on the Government's rights to use, modify, reproduce, release, perform, display, or disclose technical data or computer software delivered, to be delivered, or otherwise provided by the Contractor or subcontractor in the performance of a contract. During the period within three (3) years of final payment on a contract, or within three (3) years of delivery of the technical data or computer software to the Government, whichever is later, the Contracting Officer may review and make a written determination to challenge any restriction. The Government may, however, challenge a restriction on the release, disclosure, or use of technical data or computer software at any time if such technical data or computer software:

(1) Is publicly available;

(2) Has been furnished to the United States without restriction; or

(3) Has been otherwise made available without restriction.

(i) **Decision Not to Challenge.** The absence of a challenge to an asserted restriction shall not constitute "validation" under this clause. Only the Contracting Officer's final decision resolving a formal challenge by sustaining the validity of a restrictive marking, or actions of an agency Board of Contract Appeals or a court of competent jurisdiction sustaining the assertion, constitutes "validation" as addressed in 10 U.S.C. §2321.

(j) **Privity of Contract.** The contractor or subcontractor agrees that the Contracting Officer may transact matters under this clause directly with subcontractors at any tier that assert restrictive markings or assert restrictions on the Government's right to use, modify, release, perform, display, or disclose technical data or computer software. However, neither this clause nor any action taken by the Government under this clause shall create or imply privity of contract between the Government and subcontractors.

(k) **Flowdown.** The contractor or subcontractor agrees to insert this clause in contractual instruments with its subcontractors or suppliers at any tier requiring the delivery of technical data or computer software, except contractual instruments for commercial items or commercial components.

(End of clause)

LIMITATIONS ON THE USE OR DISCLOSURE OF GOVERNMENT-FURNISHED INFORMATION MARKED WITH RESTRICTIVE LEGENDS

(a) The terms "limited rights," "restricted rights," "special license rights," and "Government purpose rights" are defined in the *Rights in Technical Data and Computer Software: Noncommercial Items* clause of this contract.

(b) Technical data or computer software provided to the contractor as Government-furnished information (GFI) under this contract may be subject to restrictions on use, modification, reproduction, release, performance, display, or further disclosure.

(1) **GFI Marked with Limited or Restricted Rights Legends.** The contractor shall use, modify, reproduce, perform, or display technical data received from the Government with limited rights legends, or computer software received with restricted rights legends only in the performance of this contract. The contractor shall not, without the express written permission of the party whose name appears in the legend, release or disclose such data or software to any unauthorized person. Prior to providing limited rights technical data or restricted rights computer software as GFI, the Government shall ensure that:

(i) The receiving development contractor(s) or subcontractor(s) contract arrangements are subject to clauses *Protection of Information*, and *Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends*; and

(ii) The receiving support contractor(s) or subcontractor(s) contract arrangements are subject to clauses *Support Contractor Corporate Non-Disclosure Agreement*, and *Limitations on the Use or Disclosure of Government-Furnished Information Marked with Restrictive Legends*.

(2) GFI Marked with Government Purpose Rights Legends. The contractor shall use technical data or computer software received from the Government with Government purpose rights legends for Government purposes only. The contractor shall not, without the express written permission of the party whose name appears in the restrictive legend, use, modify, reproduce, release, perform, or display such technical data or computer software for any commercial purpose, or disclose such data or software to a person other than its subcontractors, suppliers, or prospective subcontractors or suppliers who require the data or software to submit offers for, or perform, contracts under this contract. Prior to disclosing the data or software, the contractor shall coordinate with the Contracting Officer before requiring the persons to whom disclosure will be made to complete and sign non-disclosure agreements including the same limitations included in this paragraph.

(3) GFI Marked with Special License Rights Legends. The contractor shall use, modify, reproduce, release, perform, or display technical data or computer software received from the Government with specially negotiated license legends only as permitted in the license. Such data or software may not be released or disclosed to other persons unless permitted by the license.

(c) Indemnification and Creation of Third Party Beneficiary Rights. The contractor agrees:

(1) To indemnify and hold harmless the Government, its agents, and employees from every claim or liability, including attorneys fees, court costs, and expenses, arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of technical data or computer software received from the Government with restrictive legends by the contractor or any person to whom the contractor has released or disclosed such data or software; and

(2) That the party whose name appears on the restrictive legend, in addition to any other rights it may have, is a third party beneficiary who has the right of direct action against the contractor, or any person to whom the contractor has released or disclosed such data or software, for the unauthorized duplication, release, or disclosure of technical data or computer software subject to restrictive legends.

(End of clause)

DATA REQUIREMENTS

The contractor is required to deliver the data items listed on the Contract Data Requirements List, data items identified in and deliverable under any contract clause of FAR Part 52 are made a part of this contract, and other data as may be specified in the Statement of Work, Statement of Objectives, Specification(s), or elsewhere in this contract.

(End of clause)

PROTECTION OF INFORMATION (FEB 2011)

(a) It is the Government's intent to ensure proper handling of sensitive information that will be provided to, or developed by, the contractor during contract performance. It is also the Government's intent to protect the proprietary rights of industrial contractors whose data the contractor may receive in fulfilling its contractual commitments hereunder.

(b) Accordingly, the contractor agrees that it shall not disclose, divulge, discuss, or otherwise reveal information to anyone or any organization not authorized access to such information without the express written approval of the Contracting Officer. The contractor shall require each individual requiring access to sensitive or proprietary information, including each of its current and future employees assigned to work under this contract, and each subcontractor and its current and future employees assigned to work on subcontracts issued hereunder, to execute an implementing nondisclosure agreement (NDA) before granting access to such information. These individual implementing NDAs shall include all the elements specified in NAM Guide N85, Attachment G. The contractor shall maintain a list of individuals who have signed NDAs and have access to sensitive or proprietary information as an attachment to its approved OCI Plan for this contract, and submit an annual certification of compliance with the terms of the plan. The contractor shall make these individual agreements available to the Contracting Officer upon request, and shall provide the Contracting Officer an annual listing of all employees who have signed an agreement. These restrictions do not apply to such information after the NRO has released it to the contractor community, either in preparation for or as part of a future procurement, or through such means as dissemination at Contractor Industrial Forums.

(c) The contractor further agrees that any sensitive and/or proprietary information furnished by the Government and any contractor documents developed from that information in the performance of this contract are the sole property of the Government and shall be held in the strictest confidence.

(d) If the work to be performed under this contract requires access to the proprietary data of other companies, the contractor shall enter

into an agreement with the company that has developed this proprietary information to: (1) protect such proprietary data from unauthorized use or disclosure for as long as the information remains proprietary; and (2) refrain from using the information for any purpose other than support of the Government contract for which it was furnished. The contractor shall provide a properly executed copy of any such agreement(s) to the Contracting Officer. These restrictions are not intended to protect data furnished voluntarily without limitations on its use. Neither are they intended to protect data, available to the Government or contractor, from other appropriate sources without restriction.

(e) The contractor shall include in each subcontract a clause requiring compliance by the subcontractor and succeeding levels of subcontractors with the terms and conditions herein.

(f) The contractor shall indemnify and hold harmless the Government, its agents, and employees from every claim or liability, including attorneys fees, court costs, and expenses arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of data with restrictive legends received in performance of this contract by the contractor or any person to whom the contractor has released or disclosed the data.

(g) The contractor shall allow the Government to review contractor compliance with these provisions or require such self-assessments or additional certifications as the Government deems appropriate.

(End of clause)

SUPPLEMENTAL COST PRINCIPLES

Allowability of costs under this contract is determined in accordance with Part 31 of the Federal Acquisition Regulation, in effect on the date of this contract.

(End of clause)

TECHNICAL DATA OR COMPUTER SOFTWARE PREVIOUSLY DELIVERED TO THE GOVERNMENT

The offeror shall attach to its offer an identification of all documents or other media incorporating technical data or computer software it intends to deliver under this contract with other than unlimited rights that are identical or substantially similar to documents or other media that the offeror has produced for, delivered to, or is obligated to deliver to the Government under any contract or subcontract. This requirement shall be flowed down to all subcontractors at all levels. The attachment shall identify:

(a) The contract number under which the data or software was produced;

(b) The contract number under which, and the name and address of the organization to whom, the data or software was most recently delivered or will be delivered; and

(c) Any limitations on the Government's right to use or disclose the data or software, including, when applicable, identification of the earliest date the limitations expire.
