252.225-7001 Buy American Act and Balance of Payments Program (JAN 2009).

252.225-7012 Preference for Certain Domestic Commodities (DEC 2008).

252.246-7003 Notification of Potential Safety Issues (JAN 2007).

252.247-7023 Transportation of Supplies by Sea (MAY 2002).

252.247-7024 Notification of Transportation of Supplies by Sea (MAR 2000). "Contracting Officer" and, in the first sentence of paragraph (a), "Contractor" mean Buyer. This clause applies only if the supplies being transported are noncommercial items or commercial items that (i) Seller is reselling or distributing to the Government without adding value (generally, Seller does not add value to items that it contracts for f.o.b. destination shipment); (ii) are shipped in direct support of U.S. military contingency operations, exercises, or forces deployed in humanitarian or peacekeeping operations; or (iii) are commissary or exchange cargoes transported outside the Defense Transportation System in accordance with 10 U.S.C. 2643.

4. Cost Accounting Standards

52.230-2 Cost Accounting Standards (OCT 2008). (1) (Applicable if this contract incorporates clause H001) The version of FAR 52.230-2, Cost Accounting Standards, incorporated by clause H001 is the version dated October 2008.

(2) (Applicable if this contract incorporates clause H002) The version of FAR 52.230-3, Disclosure and Consistency of Cost Accounting Practices, incorporated by H002 is the version dated October 2008.

(3) (Applicable if this contract incorporates clause H003) The version of FAR 52.230-5, Cost Accounting Standards - Educational Institution, is the version dated October 2008.

(4) (Applicable if this contract incorporates clause H007) The version of FAR 52.230-4, Disclosure and Consistency of Cost Accounting Standards for Contracts Awarded to Foreign Concerns, is the version dated October 2008.

52.230-3 Disclosure and Consistency of Cost Accounting Practices (APR 1998). (2) (Applicable if this contract incorporates clause H002). The version of FAR 52.230-3, Disclosure and Consistency of Cost Accounting Practices, incorporated by clause H002 is the version dated April 1998.

5. Prime Contract Special Provisions The following prime contract special provisions apply to this purchase order

TBD NOTIFICATION OF DEBARMENT/SUSPENSION AND EXPORT DATA CONTROL (AUG 2009). Seller shall provide immediate notice to Buyer in the event of being debarred suspended, or proposed for debarment by any Federal Agency during the performance of this contract.

(1) For the purpose of this clause,

(A) Foreign person is any person who is not a citizen of the or lawfully admitted to the for permanent residence under the Immigration and Nationality Act, and includes foreign corporations, foreign organizations, and foreign governments;

(B) Foreign representative is anyone, regardless of nationality or citizenship, acting as an agent, representative, official, or employee of a foreign government, a foreign-owned or influenced firm, corporation, or person; and

(C) Foreign sources are those sources (vendors, subcontractors, and suppliers) owned and controlled by a foreign person.

(2) Seller shall place a clause in subcontracts containing appropriate export control restrictions, set forth in this clause.

(3) Nothing in this clause waives any requirement imposed by any other U.S. Government agency with respect to employment of foreign nationals or export-controlled data and information.

(4) Equipment and technical data generated or delivered in the performance of this contract are controlled by the International Traffic in Arms Regulation (ITAR), 22 CFR Sections 121 through 128. An export license is required before assigning any foreign source to perform work under this contract or before granting access to foreign persons to any equipment and technical data generated or delivered during performance (see 22 CFR Section 125). Seller shall notify Buyer and obtain the written approval of Buyer prior to assigning or granting access to any work, equipment, or technical data generated or delivered in the performance of this contract to foreign persons or their representatives. This notification shall include the name and country of origin of the foreign person or representative, the specific work, equipment, or data to which the person will have access, and whether the foreign person is cleared to have access to technical data (DoD 5220.22-M, National Industrial Security Program Operating Manual (NISPOM)).

SPECIAL FLOWDOWNS FOR HQ0147-10-R-0016 (APR 2010).

1. ORGANIZATIONAL CONFLICT OF INTEREST

a. The term "FOIA protected information" for purposes of this clause is any information considered a "trade secret and commercial or financial information obtained from a person that is privileged or confidential" and all information about individuals in "personnel and medical files and similar files" when the disclosure of such information "would constitute a clearly unwarranted invasion of personal privacy" or other information that is properly protected as the result of a FOIA exemption or exclusion.

b. It is recognized by the parties hereto that the effort to be performed by the Contractor and its subcontractors under this contract includes a myriad of systems engineering efforts; support to the Government in the preparation of specifications and work statements; technical evaluation of other contractors products and services; and access to other contractors' FOIA protected information. Consequently, performance of this contract creates potential organizational conflicts of interest as contemplated by Federal Acquisition Regulation (FAR) 9.505. It is the intention of the parties that the Contractor and its subcontractors will not engage in any other contractual or other activities which could create an organizational conflict of interest with its position under this contract; which might impair its ability to render unbiased advice and recommendations; or in which it or its subcontractors may derive an unfair competitive advantage as a result of knowledge, information, and experience gained during the performance of this contract.

c. The Contractor agrees that it will seek the prior written approval of both the GMD Development and Sustainment Contract (DSC) PCO and the PCO on the other acquisition before it or its subcontractors participate in any Missile Defense Agency (MDA) contract as a Contractor, subcontractor, co-sponsor, joint venture, consultant, or in any similar capacity, to provide material, equipment or services. The Contractor and its subcontractors will be subject to this restriction, except as a source for any competitive follow-on acquisitions for the GMD DSC, other GMD JPO follow-on requirements, or on a noncompetitive basis under other prime contracts with the Government. The GMD DSC PCO will consider the requests for written approval on a case-by-case basis.

d. The effort to be performed under this contract includes providing systems engineering; input to preparation of specifications and scopes of work; assistance to the Government during technical evaluations of other contractors' products; and access to third-party FOIA protected information. Such activities create a significant potential for certain conflicts of interest, as set forth in FAR 9.505.

e. The Contractor agrees that, to the extent it receives or is given access to FOIA protected information, under this contract, it shall treat such information IAW any restrictions imposed on such information. Further, the Contractor shall

(1) enter into a written agreement with the other entities involved in order to protect such FOIA protected information from unauthorized use or disclosure for as long as it remains protected; and

(2) refrain from using such FOIA protected information other than as agreed to, for example to provide assistance during technical evaluation of other Contractors' offers or products under this contract.

An executed copy of agreements entered into as a result of or pursuant to this clause by individual personnel or on a corporate basis shall be furnished to the GMD DSC PCO within fifteen (15) calendar days of execution.

f. In addition, the Contractor shall obtain from each employee who has access to FOIA protected information under this contract, a written agreement which shall mandate that such employee shall not, during his/her employment by the Contractor or thereafter, disclose to others or use for their own or others benefit, FOIA protected information received in connection with the work under this contract.

g. If the Contractor, in the performance of this contract, obtains access to Government information such as plans, policies, reports, studies, financial plans, or data which has not been released or otherwise made available to the public, the Contractor agrees that without prior written approval of the GMD DSC PCO, it shall not:

(1) use such information for any private purpose unless the information has been released or otherwise made available to the public,

(2) compete for work based on such information after the completion of this contract, or until such information is released or otherwise made available to the public, whichever occurs first,

(3) submit an unsolicited proposal to the Government which is based on such information until after such information is released or otherwise made available to the public, or

(4) release such information unless such information has previously been released or otherwise made available to the public by the Government.

h. The Contractor shall be restricted from performing independent validation, verification, accreditation, or certification of any products developed or delivered under this contract. Additionally, the Contractor shall not serve as a software independent validation and verification (IV&V) contractor for any software developed or delivered under this contract.

i. The Contractor shall educate its employees through appropriate means (such as formal training and promulgation of company policies and procedures) the principles of FAR Subpart 9.5. Such inculcation shall include, but not be limited to, training to ensure that employees refrain from using or disclosing FOIA protected information except as provided by executed agreement or as allowed by the contract. Further, the Contractor shall obtain from each of its employees, whose anticipated responsibility in connection with the work under this contract may be reasonably expected to involve access to such FOIA protected information, a written agreement, which, in substance, shall provide that such

employee will not, during its employment by the contractor, or thereafter, improperly disclose such data or information.

j. The Contractor shall hold the Government harmless and will freely indemnify the Government as to any cost/loss resulting from the unauthorized use or disclosure of any third-party FOIA protected information by its employees, the employees of subcontractors, or by its agents.

k. If in compliance with this clause, the Contractor discovers and promptly reports an organizational conflict of interest (or the potential thereof) subsequent to contract award, a prompt and full disclosure shall be made in writing to the PCO. This disclosure shall be made on the OCI Analysis/Disclosure Form provided at Attachment 10 to the contract, and shall include a description of the action the Contractor has taken or proposes to take in order to avoid or mitigate such conflicts. If it is deemed to be in the best interest of the Government, the GMD DSC PCO may terminate this Contract for convenience.

l. The Contractor will include the same provisions as are expressed in this clause, including this paragraph, in subcontracts awarded for performance of any portion of this requirement. This restriction is applicable throughout the period of performance of the subcontract, and any extensions thereof by change order or supplemental agreement, and for one (1) year thereafter. When the provisions of this clause are included in a subcontract, the term "GMD DSC Procuring Contracting Officer" shall represent the head of the Contracts Office of the prime contract. Any deviations or less restrictive coverage deemed necessary or required by the Contractor for a particular subcontract must first be submitted to the Government GMD DSC PCO for approval. Subcontractors, on a case-by-case basis, may make a request, through the prime Contractor, for a revision to the OCI Clause restrictions outlined above.

m. Participation in any acquisition described above, without express written approval from the GMD DSC PCO, may be grounds for termination of this contract. For breach of any of the above restrictions or for nondisclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, the Government reserves the right to terminate this contract for default, disqualify the Contractor for subsequent related contractual efforts, and to pursue such other remedies as may be available under law.

n. Prior to contract modification or task order, when the SOW is changed to add new work, or the period of performance is significantly increased, the PCO may require the Contractor to submit either an organizational conflict of interest disclosure or an update of the previously submitted disclosure or representation.

2. INDEMNIFICATION AGAINST UNUSUALLY HAZARDOUS RISKS

The legal authorities to indemnify contractors for unusually hazardous risks are 10 USC 2354 (for research, development and testing activities) and 50 USC 1431 (Public Law 85-804), as implemented in Executive Order 10789. Previous indemnification from other contracts does not carry over to this resulting contract. The Contractor may request indemnification for effort under this contract at any time. Contractor requests for indemnification must be prepared in accordance with the requirements of FAR 50.104-3. The MDA will fairly process request(s) in good faith to the applicable approving authority within the Department of Defense. However, the MDA will not, if indemnification is not granted through this process, make adjustments to the estimated cost or schedule of this contract.

3. MATERIAL AND CONTRACTOR FACILITIZATION

The Contractor is financially responsible for all general materials, including information technology (IT) equipment; computer hardware and firmware; IT support equipment, software; telecommunications equipment; and support services for any/all of the above necessary to perform the resultant contract. Further this contract only allows for the purchase of consumable materials, Special Test Equipment, and materials required to fabricate a deliverable end-item for the Government. All such materials that are direct charged to the contract require prior written approval of the Administrative Contracting Officer (ACO) obtained through Boeing.

4. ENABLING CLAUSE FOR BMD INTERFACE SUPPORT

a. It is anticipated that, during the performance of this contract, the Contractor will be required to support Technical

Interface/Integration Meetings (TIMS) with Contractors and other Government agencies. Appropriate organizational conflicts of interest clauses, if any, will be negotiated as needed to protect the rights of the Contractor and the Government.

b. Interface support deals with activities associated with integration of the requirements of this contract into BMD system plans and support of key Missile Defense Agency (MDA) program review.

c. The Contractor agrees to cooperate with BMD Contractors by providing access to technical matters; provided, however, the Contractor will not be required to provide Freedom of Information Act protected information to non-Government entities or personnel in the absence of a non-disclosure agreement between the Contractor and such entities.

d. The Contractor further agrees to include a clause in each subcontract requiring compliance with paragraph c. above, subject to coordination with the Contractor. This agreement does not relieve the Contractor of its responsibility to manage its subcontracts effectively.

e. Personnel from Contractors or other Government agencies or Contractors are not authorized to direct the Contractor in any manner.

f. This clause shall not prejudice the Contractor or its subcontractors from negotiating separate organizational conflict of interest agreements with BMD Contractors; however, these agreements shall not restrict any of the Government's rights established pursuant to this clause or any other contract.

5. COMPLIANCE WITH NATIONAL ENVIRONMENTAL POLICY ACT (NEPA); POLLUTION PREVENTION ACT (PPA); FEDERAL ENVIRONMENTAL, ENERGY, AND TRANSPORTATION MANAGEMENT EXECUTIVE ORDER (E.O. 13423); AND ENVIRONMENTAL SAFETY & HEALTH (ESH) PROGRAM PROTECTION

a. The Contractor shall assist MDA GMD JPO by ensuring development, production, and operations and support of the GMD Element complies with NEPA (42 U.S.C. 4321-4370d), implementing regulations (40 C.F.R 1500-1508), and executive orders, (such as E.O. 12114, Environmental Effects Abroad of Major Federal Actions, and E.O. 11514, Protection and Enhancement of Environmental Quality).

b. The Contractor shall ensure development, production, construction, and operation of the GMD Element complies with E.O. 13423. All new construction and renovations must conform to the January 2006 High Performance Buildings Memorandum of Understanding (MOU) and incorporate sustainable strategies, resource conservation, and indoor environmental quality considerations (including metering and procurement of "green" products).

c. The Contractor shall provide input to the ESH evaluation as directed by the GMD Program Office and MDA's Environmental Management Office to assist the Government with complying with DoD 5000.2, Mandatory Procedures for Major Defense Acquisition Programs (MDAPs) and Major Automated Information System (MAIS) acquisition programs. The Contractor shall comply with all applicable federal, state and local laws, and regulations.

d. The Contractor shall support and assist the Government's compliance with NEPA, PPA, and E.O. 13423, and ESH Program Protection by providing environmental professionals to: participate in Integrated Product Teams (IPTs); support MDA's geographic site process; provide information, system related documents, and technical assistance to the Government's environmental personnel and its associated Contractors for addressing overall environmental compliance (and reporting), hazardous materials and/or hazardous waste, pollution prevention, and any type or level of issue dealing with the National Environmental Policy Act, but not limited to; review draft documents; and, provide written comments as requested by the Government.

e. The Contractor and subcontractors shall maintain accurate accident and injury/illness records for the GMD Element. For Contractor or subcontractor work performed on Government installations, the Contractor shall notify DoD installation Commander, or designee, immediately (flash notification via telephone and/or email) of accidents, injuries, environmental illnesses, or other issues regarding compliance with environmental regulations or policies. The Contractor and subcontractor shall report environmental releases and/or incidents (including violations) to the host installation and MDA's Environmental Management Office.

(1) The Contractor shall conduct accident investigations and provide documentation to the host installation and MDA's Quality and Safety Office, which will be provided to the PCO or COR/COTR upon request.

(2) On an annual basis, the Contractor shall provide OSHA 300 logs prepared by the Contractor or subcontractors for the GMD Program and copies of accident investigations to the GMD Safety Officer, along with a listing of other accidents/incidents related to this contract.

f. In the performance of this contract, the Contractor will be responsible for the operation of certain facilities on Government installations, and the Contractor may become responsible for repair, environmental restoration, remediation and/or cleanup (herein "remediation") activities associated with the conduct of activities for MDA. If any such remediation activities become necessary due to work performed on MDA's behalf, the associated costs shall be considered as new work under the "Changes" clause. Identification of potential environmental liabilities must be provided to MDA's Environmental Management Office upon discovery.

6. CAPABILITY MATURITY MODEL INTEGRATION (CMMI) LEVEL 3 CERTIFICATION

The Contractor shall maintain CMMI Level 3 certification throughout the life of this contract. This clause shall be flowed down to all software development organizations and/or subcontractors.

7. CONTRACTOR ACCESS TO PLANNING, PROGRAMMING, BUDGETING AND EXECUTION (PPBE) DATA

a. In order to perform the requirements of this contract, the Contractor shall be required to receive, review, analyze, and prepare (hereinafter shall be referred to as "process") reports/data which contain Government Planning, Programming, Budgeting, and Execution (PPBE) data. However, the Missile Defense Agency is authorized to release PPBE data to the Contractor only after compliance with the provisions of this clause has been met. Additionally, the Contractor is also required to comply with the provisions of MDA Directive 7045.01, "Contractor Access to Planning, Programming, Budgeting, and Execution (PPBE) Data" where applicable.

b. The Contractor shall provide the following information to Boeing within fifteen (15) days from the date of this contract:

(1) Affiliates (parent company, subsidiaries, joint ventures, and partnerships, etc.):

- (a) Company's name and complete address;
- (b) Affiliation; and
- (c) Nature of the company's business.

(2) Agents, consultants, and subcontractors related to this contract:

(a) Company's name and complete address;

- (b) Relationship; and
- (c) Nature of the company's business.

Boeing shall be immediately notified in writing in the event of any changes in b (1) or (2) above throughout the performance of this contract. With regard to competing on future MDA procurements, the Contractor must abide by the Organizational Conflict of Interest provisions of this contract.

c. PPBE data is defined as: Current or future Planning, Programming, Budgeting and Execution (PPBE) data regarding any activity relating to the MDA Program or any of its projects regardless of the funding source or date of the document.

(1) Planning data defines the national military strategy; integrates the military forces necessary to accomplish

that strategy; prioritizes the resources for effectively accomplishing the mission; and provides decision options.

(2) Programming data reflects the systematic analysis of missions and objectives to be achieved, alternative methods, and effective allocation of limited resources.

(3) Budgeting data are detailed financial estimates of the MDA Program or any of its related projects.

(4) Execution data relates to the recording of expenditures that document how the funds were spent.

d. The following list of documents (which is exemplary but not all inclusive) obtained from DOD Directive 7045.14, "The Planning, Programming and Budgeting System (PPBS)", May 22, 1984 and other sources are considered PPBE documents:

(1) PLANNING

- (a) Strategic Planning Guidance (SPG)
- (b) Fiscal Guidance (when separate from SPG or Joint Planning Guidance)
- (c) Directors' Intent
- (d) Technical Planning Guide

(2) PROGRAMING

- (a) Program Objective Memoranda (POM)
- (b) Joint Programming Guidance (JPG)
- (c) Future Year Defense Program (FYDP) documents (POM Defense Program, Procurement & RDT&E Annexes)
- (d) Program Change Proposals (PCPs)
- (e) POM Issue Papers
- (f) Proposed Program Reductions (Or Program Offsets)
- (g) Tentative Issue Decision Memoranda
- (h) Program Decision Memoranda

(3) BUDGETING

- (a) Future Year Defense Program (FYDP) documents for September Budget Estimate Submission (BES) & President's BES including Procurement (P-1), RDT&E (R-1), & Construction (C-1) Program Annexes
- (b) Financial Control Board (FCB) Documentation
- (c) Classified P-1, R-1, & C-1 Program Annexes
- (d) Program Budget Decisions/Defense Management Review Decisions/Management Initiative Directives (MID)
- (e) Reports Generated by the Comptroller Information System (CIS)
- (f) Budget Change Proposals (BCPs)

(4) EXECUTION

- (a) DD Form 1414 Base for Reprogramming
- (b) DD Form 1416 Report of Programs
- (c) Contract Award Reports
- (d) DD COMP (M) 1002 Appropriation Status by Fiscal Year Program
- (e) FCB Execution Review Documentation

e. The Contractor shall be responsible for informing its personnel (hereinafter includes persons employed by the Contractor as an agent, consultant, or subcontractor) of the provisions of this clause and providing original MDA PPBE certifications "PPBE Non-Disclosure Agreements" (MDA Form 99) to Boeing within fifteen (15) days after the award of this contract. A "PPBE Non-Disclosure Agreement" shall be obtained from each Contractor employee involved in the performance of this contract that requires access to such data. Each individual shall be required to agree to:

(1) Read and comply with the applicable provisions of this clause, the non-disclosure agreement, and the provisions of MDA Directive 7045.01

(2) Handle PPBE data as for official use only.

(3) Ensure PPBE data entrusted to them will ONLY be used in accordance with applicable MDA governing regulations, for the purpose for which it was provided, and within the scope of the Statement of Work.

(4) Not divulge PPBE data (obtained directly or indirectly in the performance of this contract unless directed by the Contracting Officer) to any individual, except to Government personnel whom they know to have a "need-to-know" and non-Government person(s) whom they know to have MDA PPBE authorization. Even though data becomes part of the public domain, contractor personnel are bound by the provisions of this clause not to confirm or deny questions regarding PPBE data. Inquiries by unauthorized persons should be referred to Boeing. (Verification of contractor personnel authorized access to PPBE data can be obtained only from the Contracting Officer.)

(5) Not transport (by any medium), maintain, or process PPBE data outside a Government facility unless the removal or preparation of such data at the facility is accomplished in accordance with a company's facility plan approved by MDA. (Verification of MDA PPBE-approved contractor facilities and individuals can be obtained from the Contracting Officer.) Authorization to transport PPBE data shall be provided by the Contracting Officer through Boeing.

(6) Notify Boeing promptly if any non-Government person(s) or company(s) requests access to PPBE data.

f. The Contractor shall be responsible for immediately notifying the Contracting Officer in writing of any changes in its personnel with access to PPBE data, such as departures, new employees, or employees who no longer need access to such data under this contract.

g. Contractor personnel who have been granted access to PPBE data shall process, when possible, such data in Government workspaces using equipment furnished by the Government. However, if a contractor anticipates processing PPBE data in a Government facility on Contractor-owned equipment, prior written approval from the Contracting Officer must be obtained. The Contractor's written request should describe the equipment being used and a brief justification. After approval by the Contracting Officer, the request must be endorsed by the appropriate MDA office before bringing the equipment into the facility:

(1) Information Management and Technology Operations - all information technology equipment to include telefax and reproduction machines.

(2) Infrastructure and Environment Directorate – all other equipment and furniture.

h. Processing PPBE data at the Contractor's facility shall be performed only when absolutely essential and processing in Government workspaces is impractical. Prior to the processing of any such data outside of a Government facility or removal of PPBE data from a Government facility, the Contractor shall submit a written plan to Boeing outlining the procedures for maintaining and safeguarding such data at its facility. The Contractor shall submit its own plan or a plan which meets the general requirements identified in MDA Directive 7045.01. The plan shall be approved in writing by Boeing prior to removal of any PPBE data from a Government facility or the processing of any such data in the contractor's facility. A Contractor may submit a separate plan for each of its facilities that need to maintain such data or one plan as long as any differences between the procedures followed at each facility are clearly distinguishable in the plan. If an agent, consultant, or subcontractor requires the processing of PPBE data at its facility(s), they also must submit a separate facility plan through the prime Contractor for approval by Boeing.

NOTE: A plan is not required for Contractor personnel who have been given prior access to PPBE data to transport, process, or maintain such data at a Government or an MDA-approved contractor facility. (Verification of MDA approved Contractor facilities and authorized personnel can be obtained only from the Contracting Officer.)

i. If the Contractor is not required to process PPBE data at its facility(s), the contractor shall inventory all Government documents in its possession. The contractor shall notify the Contracting Officer in writing of such

documents and request the method of document disposal. If the requirement to process such data at the contractor's facility(s) changes in the future, compliance with paragraph h above shall be required.

j. The Contractor shall provide training for all employees who require access to PPBE data on the proper handling and disclosure of such data. The contractor shall be responsible for ensuring that persons in their employment that have been granted access to PPBE data understand the consequences of divulging such data. Revealing PPBE data to unauthorized persons may provide other companies with an unfair advantage in future competitions or jeopardize national security interests.

k. In the event the Contractor or any of its employees, agents, subcontractor employees, or consultants fail to comply with the provisions of this clause, such noncompliance shall be deemed a material breach of the contract for which Boeing reserves the right to terminate the contract for default and/or resort to such other rights and remedies, as provided for under this contract or under Federal laws. Noncompliance with the provisions of this clause may also adversely affect the evaluation of a Contractor's reliability in future acquisitions.

8. CONTRACTOR EMPLOYEE OUT-PROCESSING

Prior to the departure of on-site contractor employees, the departing employee shall complete an out-processing checklist for MDA on-site contractor employees as required by MDA Directive Number 5000.01, and return the completed checklist, with all required signatures, to Boeing. Boeing will provide the completed form to the Contracting Officer to be retained in the official contract file by the Contracting Officer.

9. INSERTION OF LIMITED OR RESTRICTED RIGHTS INTO THE GMD PROGRAM

Hardware items which are subject to Limited Rights in their associated technical data as defined in DFARS 252.227-7013 and software items which are subject to Restricted Rights as defined in DFARS 252.227-7014 shall not be incorporated into the design of the GMD weapon system or models/simulations thereof under this contract without the prior written authorization of the Procuring Contracting Officer (PCO) obtained through Boeing. The Contractor's request shall include a rough order of magnitude (ROM) estimate to perform development if the data or software can not be used as requested. If the PCO does not provide a decision within 30 days of the request, the request is considered denied.

Using Government assets in an Independent Research and Development (IRAD) project may be authorized on a case by case basis. The Contractor's request shall include an offer of consideration for use of such Government assets. Boeing will evaluate the request, including the Contractor's offer of consideration, and either approve, deny, or offer an alternative form of consideration. Any such consideration will be mutually agreed to by the parties prior to use of Government assets. Consideration may include Government Purpose Rights in accordance with DFARS 252.227-7013/7014. When the Contractor requests the use of Government assets for an IRAD project, the request shall include the purpose of the IRAD project and the potential benefit to the Government.

10. DISTRIBUTION CONTROL OF TECHNICAL DOCUMENTS

A. The following terms applicable to this clause are defined as follows:

1. Technical Document. Any recorded information (including software) that conveys scientific and technical information or technical data.
2. Scientific and Technical Information. Communicable knowledge or information resulting from or pertaining to the conduct or management of GMD effort under this contract. (Includes programmatic information).
3. Technical Data. Recorded information related to experimental, developmental, or engineering works that can be used to define an engineering or manufacturing process or to design, procure, produce, support, maintain, operate, repair, or overhaul material. The data may be graphic or pictorial delineations in media such as drawings or photographs, text in specifications or related performance or design type documents, or computer printouts.

Examples of technical data include research and engineering data, engineering drawings, and associated lists, specifications, standards, process sheets, manuals, technical reports, catalog item identifications, and related information and computer software documentation.

B. Except as otherwise set forth in the Contract Data Requirements List (CDRL), DD Form 1423, or in paragraph E below, the distribution of any technical documents prepared under this contract, in any stage of development or completion, is prohibited outside of the Contract unless expressly authorized/directed by the Contracting Officer in writing, obtained through Boeing.

C. Except as otherwise set forth in the CDRL or otherwise directed by the government (e.g., paragraph D below), all technical documents prepared under this contract shall be marked with the following distribution statement, warning, and destruction notice:

1. DISTRIBUTION STATEMENT F: Further dissemination only as directed by the GMD Joint Program Office, Missile Defense Agency/GM, Bldg 5222, Martin Road, Redstone Arsenal, AL 35898, or higher authority.

2. WARNING - This document/software contains technical data/software whose export is restricted by the Arms Export Control Act (Title 22, U.S.C., Sec 2751 et seq.) or the Export Administration Act of 1979, as amended, (Title 50, U.S.C., App 2401 et seq). Violations of these export laws are subject to severe criminal penalties. Disseminate in accordance with provisions of DOD Directive 5230.25. Treat as FOUO, FOIA Exemption 3 applies.

3. DESTRUCTION NOTICE - For classified documents, follow the procedures in DOD 5220.22M, National Industrial Security Program Operating Manual, Chapter 5, Section 7, or DOD 5200.1R, Information Security Program Regulation, Chapter 6, Section 7. For unclassified, limited documents, destroy by any method that will prevent disclosure of contents or reconstruction of the document.

D. As a part of the review of preliminary or working draft technical documents, the Government will determine if a distribution statement less restrictive than the statement in paragraph C above would provide adequate protection. If so, the Government's concurrence/comments will provide specific instructions on the distribution statement to be marked on the final technical documents before primary distribution.

E. The prime and subcontractors are authorized to use GMD technical documents for purposes of this contract or any other MDA contract, solicitation or program and to flow GMD technical documents to each other, DOD officials and other DOD contractors having a "need to know" in connection with this contract or any other MDA contract, solicitation or program. When there is any doubt as to "need to know" for purposes of this paragraph, Boeing will provide direction. The authorization provided by this paragraph is subject to strict compliance with contract security requirements, export control requirements, contractor proprietary restrictions/markings and applicable non-disclosure agreements.

11. INCORPORATING COMMERCIAL AND OPEN SOURCE SOFTWARE

a. DFARS 252.227-7014(d) requires the written approval of the Contracting Officer, obtained through Boeing, before the Contractor may incorporate any copyrighted computer software in the software to be delivered under this contract.

b. A request for approval to incorporate Commercial Computer Software should be accompanied by a license that conforms with the requirements of the Commercial Computer Software Licenses clause of this contract.

c. A request for approval to incorporate Open Source Software must be accompanied by the applicable license, a detailed description of the source of the software and how it has been or will be used, and a legal analysis of the restrictions imposed and potential risks and liabilities.

d. Written approval by the Contracting Officer, obtained through Boeing, to incorporate Open Source Software documented as required in paragraph a. above can be considered authorization or consent by the Government for purposes of 28 USC 1498(b).

e. Nothing in this clause shall take precedence over any other clause or provision of this contract. Government concurrence, as defined in paragraph a. above, does not in any way affect the Government's technical data rights as established by the terms and conditions of this contract.

12. COMMERCIAL COMPUTATION SOFTWARE LICENSES

a. Unless otherwise approved by the Contracting Officer through Boeing, commercial computer software licenses shall designate the U.S. Government as a contingent licensee, able to replace the Contractor as the primary licensee upon notifying the licensor. A copy of the negotiated license shall be furnished to Boeing. Per DFARS 227.7202, the terms of the licenses cannot be inconsistent with Federal procurement law and must satisfy user needs. This includes the contractor's / subcontractor's needs for the software to perform this contract and the Government's needs for the software to accomplish the Government's ultimate objectives. At a minimum, this shall include the rights to make an archive copy of the software, to relocate the computer on which the software resides, to re-host the software on a different computer, to permit access by support contractors, and to permit the Government to transfer the license to another contractor.

b. Nothing in this clause shall take precedence over any other clause or provision of this contract. Government concurrence, as defined in paragraph a. above, does not in any way affect the Government's technical data rights as established by the terms and conditions of this contract.

13. CONTRACTOR IDENTIFICATION AND ASSERTION OF RESTRICTIONS ON THE GOVERNMENT'S USE, RELEASE, OR DISCLOSURE OF TECHNICAL DATA OR COMPUTER SOFTWARE

The contractor and its subcontractors have provided an Attachment entitled "Identification and Assertion of Restrictions on the Government's Use, Release, or Disclosure of Technical Data or Computer Software" which was signed by ----- and dated ----- . This Attachment is incorporated herein by reference as if fully set forth. The Attachment identifies and provides information pertaining to certain technical data (including computer software documentation) and computer software that the contractor and subcontractors claim to qualify for delivery with less than Unlimited Rights. The contractor agrees not to withhold delivery of the technical data or software based on its claims. The Government has not investigated nor agreed to the validity of the contractor's claims and therefore reserves all its rights regarding the technical data/software in question, to include those rights set forth in the Rights in Technical Data - Noncommercial Items (Nov 1995) clause (DFARS 252.227-7013), the Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation (Jun 1995) clause (DFARS 252.227-7014), and the Validation clauses at DFARS 252.227-7019 and 252.227-7037. The contractor reserves the right to submit additional entries to the aforementioned Attachment in accordance with the provisions of paragraphs (e)(3) of DFARS 252.227-7013 and 252.227-7014.

The contractor shall have, maintain, and follow written procedures sufficient to assure that restrictive markings are used only when authorized by the terms of this contract and shall maintain records sufficient to justify the validity of any restrictive markings on any technical data or computer software delivered under this contract. The contractor agrees that the Government has Unlimited Rights in any deliverable technical data or computer software not listed (or appropriately submitted for inclusion) in the Attachment and that such data or software will not be subject to any restrictive markings or legends.

14. FIXED LABOR RATES ADJUSTMENT

a. The fixed labor rates for the final five years of the period of performance of the contract as listed in XXXX, are subject to a one time unilateral upward or downward adjustment, to be effected prior to an extension to the sixty (60) month base period of performance as it appears in Section F-02 of this contract, based on the PCO's sole determination. Such a determination will be based on a comparison of the contractual rates against the contractor's forward rate pricing agreement or other data the PCO deems relevant.

b. Contractor disagreements with a determination made by the Government pursuant to this clause shall be a dispute under the Disputes clause. However, nothing in this clause nor any Government determination made in conjunction

with this clause shall excuse the Contractor from proceeding with its duties under the instant contract.

15. "AS IS" GOVERNMENT FURNISHED DATA/DOCUMENTATION

GMD system technical data (as defined in DFARS 252.227-7013) provided by the Government or Boeing to the Contractor for this acquisition is provided "as is" without any Government or Boeing warranty as to its accuracy, completeness, or adequacy. The Contractor shall use this technical data at its own risk. The Government or Boeing assumes no responsibility for this Government furnished data/documentation nor will the Government or Boeing have any liability for equitable adjustments to the terms and conditions of this contract should such data/documentation prove to be inaccurate, incomplete, or otherwise defective. The contractor shall use all technical data as marked and in accordance with DFARS 252.227-7013 and 252.227-7014.

15. LIQUIDATED DAMAGES

a. If the Government determines that the Contractor failed to deliver products or perform the services specified in the Statement of Work (SOW) or Task Orders of this contract, the Contractor shall, in place of actual damages, and not by way of penalty, forfeit to the Government liquidated damages in the agreed amount until the Government reasonably obtains delivery or performance of similar products or services.

- Loss of Operational Performance/Readiness: \$100,000 per day for a max of 180 days.

- Flight Test Failure/Slip: \$80,000 per day for a max of 180 days.

- Ground Test Campaign Failure/Slip: \$20,000 per day for a max of 180 days.

- Software and Hardware Capability Delivery Slip: \$10,000 per day for a max of 180 days.

- Quality Issues/Process Escape: \$10,000 per day for a max of 180 days.

The Contractor shall reduce its payment for the applicable invoice based on the amount identified above.

b. Any reductions in payments made to the Contractor that are a result of this clause shall be reflected in the target cost of any corresponding incentive fee provision. Such a reduction shall be accomplished by a PCO's administrative modification to the applicable delivery order.

c. If the Government terminates this contract in whole or in part under the Default—Fixed-Price Supply and Service clause in Section I, the Contractor is liable for liquidated damages accruing until the Government reasonably obtains delivery or performance of similar products or services. These liquidated damages are in addition to excess costs of repurchase under the Termination clause.

d. The Contractor will not be charged with liquidated damages when the delay in delivery or performance is beyond the control and without the fault or negligence of the Contractor as defined in the Default or Excusable Delays clause in Section I. The PCO will make a unilateral determination as to when liquidated damages apply.

e. Contractor disagreements with a determination made by the Government pursuant to this clause shall be a dispute under the Disputes clause in Section I. However, nothing in this clause, nor any Government determination made in conjunction with this clause shall excuse the Contractor from proceeding with its duties under the instant contract.

16. DATA DELIVERED OR FURNISHED

a. Data delivered, or otherwise furnished to the Government or to the contractor's IDE shall be marked with conforming copyright legend notices and FOUO markings with an applicable exception noted, furthermore, and technical data, computer software and computer software documentation shall be marked with the correct legends in accordance with DFARS 252.227-7013 and 252.227-7014; note that "proprietary" is a non-conforming marking. Limited or Restricted rights technical data or computer software or computer software documentation as specified in DFARS 252.227-7013 and 252.227-7014 shall NOT be delivered or otherwise furnished by the contractor under or in conjunction with this

contract without prior approval of the Contracting Officer or the Contracting Officer's Representative. The Contractor shall ensure that quality control procedures are in place to validate accuracy of electronically transmitted data or data otherwise furnished to the Government.

b. Contract Data Requirements List (CDRL) deliverables include CDRL items referenced in the SOW Section J, and as defined in Exhibit A to this contract. The Contractor shall officially deliver unclassified CDRL data electronically to the designed GMD CDRL tool, MDA Enterprise CDRLvue, accessible from a link on the GM Homepage of the MDA Knowledge Online (MKO) unclassified Portal for the Missile Defense Agency (MDA) as instructed in the respective CDRL. Unclassified CDRL data may also be required to be delivered to additional addresses, as specified in Block 16 of the DD Form 1423. If electronic delivery to the Government via the CDRL tool is not possible, the Contractor shall deliver the CDRL data to the Government via encrypted email or other physical media (e.g., CD or DVD). In addition, CDRLs and other unclassified correspondence related to this contract shall be posted to the Contractor's IDE. However, unclassified CDRL data shall not be posted to the Contractor's IDE until acknowledgement of receipt has been received for those CDRLs requiring Government approval.

c. The Contractor shall officially deliver classified CDRL data IAW the DD254 and DoD 5220.22M. In addition, IAW the DD254 and DoD 5220.22M, CDRLs and other classified correspondence related to this contract shall be posted to the Contractor's IDE. However, classified CDRL data shall not be posted to the Contractor's IDE until acknowledgement of receipt has been received for those CDRLs requiring Government approval.

17. GOVERNMENT PROPERTY
