If the LOE falls below 90% of the Labor Hours established in the Task Order, the fee earned shall be reduced to reflect the actual LOE. No additional fee shall be paid on any cost overrun.

b. Nothing in this provision shall be construed to constitute authorization for work not in accordance with the "LIMITATION OF FUNDS" provision of the contract. In addition, nothing in this provision shall be construed to diminish the rights of the parties pursuant to the "LIMITATION OF FUNDS" provision of this contract. Information previously cleared for public release but containing new, modified or further developed information must be submitted again for public release following the steps outlined in items a. through h. above.

H-09 ORGANIZATIONAL CONFLICT OF INTEREST (Jun 2012)

a. Purpose: The primary purpose of this clause is to aid in ensuring that:

(1) Seller's objectivity and judgment are not biased because of its present or planned interests which relate to work under this contract;

(2) Seller does not obtain unfair competitive advantage by virtue of its access to non-public information regarding the Government's program plans and actual or anticipated resources; and

(3) Seller does not obtain unfair competitive advantage by virtue of its access to proprietary information belonging to others.

b. Scope: Organizational Conflict of Interest (OCI) rules, procedures and responsibilities as described in FAR Subpart 9.5 shall be applicable to this contract and any resulting subcontracts.

(1) The general rules in FAR 9.505-1 through 9.505-4 and the restrictions described herein shall apply to performance or participation by the Seller and any of its affiliates or their successors-in-interest (hereinafter collectively referred to as "Seller") in the activities covered by this contract as subcontractor, co-sponsor, joint venturer, consultant, or in any similar capacity.

(2) The Missile Defense Agency's OCI policy is an Attachment of this contract.

c. Access to and Use of Nonpublic Information: If Seller, in performance of this contract, obtains access to nonpublic information such as plans, policies, reports, studies, financial plans, or data which has not been released or otherwise made available to the public, Seller agrees that without prior written approval of the Contracting Officer, through Buyer, it shall not:

(1) use such information for any private purpose;

(2) release such information.

d. Access to and Protection of Proprietary Information: Seller agrees to exercise diligent effort to protect proprietary information from misuse or unauthorized disclosure in accordance with the provisions of FAR 9.505-4. Seller may be required to enter into a written non-disclosure agreement with the third party asserting proprietary restrictions.

e. Subcontracts: Seller shall include this clause in consulting agreements, teaming agreements, subcontracts, or other arrangements for provision of services or supplies of any tier. The terms "contract", "Contractor", and "Contracting Officer" shall be appropriately modified to preserve the Government's rights.

f. Representations and Disclosures:

(1) Seller represents that it has disclosed to the Contracting Officer, through Buyer, prior to award, all facts relevant to the existence or potential existence of organizational conflicts of interest as that term is used in FAR Subpart 9.5. To facilitate disclosure and Contracting Officer approval, Seller shall complete an OCI Analysis/Disclosure Form for each MDA, Ballistic Missile Defense (BMD), and BMD-related contract or subcontract (form shall be requested from Buyer).

(2) Seller represents that if it discovers an organizational conflict of interest or potential conflict of interest after award, a prompt and full disclosure shall be made in writing to the Contracting Officer, through Buyer. This disclosure shall include a description of the action the Contractor has taken or proposes to take in order to avoid or mitigate such conflicts.

g. Remedies and Waiver:

(1) For breach of any of the above restrictions or for non-disclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, the Contracting Officer, through Buyer, may: terminate this contract for default; disqualify Seller from subsequent related contractual efforts if necessary to neutralize a resulting organizational conflict of interest; and pursue such other remedies as may be permitted by law or this contract. If, however in compliance with this clause, Seller discovers and promptly reports an organizational conflict of interest (or the potential thereof) subsequent to contract award, the Contracting Officer, through Buyer, may terminate this contract for convenience if such termination is deemed to be in the best interest of the Government or take other appropriate actions.

(2) The parties recognize that this clause has potential effects which will survive the performance of this contract and that it is impossible to foresee each circumstance to which it might be applied in the future. Accordingly, Seller may at any time seek a waiver from the Director, MDA, (via Buyer) by submitting a full written description of the requested waiver and the reasons in support thereof.

H-10 ENABLING CLAUSE FOR BMD INTERFACE SUPPORT (APR 2009)

a. It is anticipated that, during the performance of this contract, Seller will be required to support Technical Interface/Integration Meetings (TIMS) with other Ballistic Missile Defense (BMD) Contractors and other Government agencies. b. Interface support deals with activities associated with the integration of the requirements of this contract into BMD system plans and the support of key Missile Defense Agency (MDA) program reviews.

c. Seller agrees to cooperate with BMD Contractors by providing access to technical matters, provided, however, Seller will not be required to provide proprietary information to non-Government entities or personnel in the absence of a non-disclosure agreement between Seller and such entities.

d. Seller further agrees to include a clause in each subcontract requiring compliance with paragraph c. above, subject to coordination with Seller. This agreement does not relieve Seller of its responsibility to manage its subcontracts effectively, nor is it intended to establish privity of contract between the Government and such subcontractors.

e. Personnel from BMD Contractors or other Government agencies or Contractors are not authorized to direct Seller in any manner.

f. This clause shall not prejudice Seller or its subcontractors from negotiating separate organizational conflict of interest agreements with BMD Contractors; however, these agreements shall not restrict any of the Government's rights established pursuant to this clause or any other contract.

This requirement shall apply to both Seller and employee initiated termination of services and to temporary suspension of services.

b. Seller will cooperate with COR in taking the following actions (facilitating the employee's return of all badges, keycards, and passes). Specifically, upon notification, the COR will work with the organization's Security Operations Center and the MDA Service Desk to ensure timely action to:

- (1) remove the employee from the current Visit Authorization Request/Letter;

The Government shall be provided the opportunity to review the proposed substitution regarding qualifications, security matters or any other concerns which could, in its opinion, affect performance under this contract.

c. This clause does not, in any way, abrogate the contractor's authority to hire or assign personnel as it sees fit, or its responsibility to fill key positions with qualified personnel.

H-16 SELLER ACCESS TO PLANNING, PROGRAMMING, BUDGETING AND EXECUTION (PPBE) DATA (APR 2009)

a. In order to perform the requirements of this contract, the Seller may be required to receive, review, analyze, and prepare (hereinafter shall be referred to as "process") reports/data which contain Government Planning, Programming, Budgeting, and Execution (PPBE) data. However, the Missile Defense Agency is authorized to release PPBE data to Seller only after compliance with the provisions of this clause has been met. Additionally, Seller is also required to comply with the provisions of MDA Directive 7045.01, "Contractor Access to Planning, Programming, Budgeting, and Execution (PPBE) Data" where applicable

b. PPBE data is defined as: Current or future Planning, Programming, Budgeting and Execution (PPBE) data regarding any activity relating to the MDA Program or any of its projects regardless of the funding source or date of the document.

- (1) Planning data defines the national military strategy; integrates the military forces necessary to accomplish that strategy; prioritizes the resources for effectively accomplishing the mission; and provides decision options.

A "PPBE Non-Disclosure Agreement" shall be obtained from each Seller employee involved in the performance of this contract that requires access to such data. Each individual shall be required to agree to:

- (1) Read and comply with the applicable provisions of this clause, the non-disclosure agreement, and the provisions of MDA Directive 7045.01

- (2) Handle PPBE data as for official use only.
- (3) Ensure PPBE data entrusted to them will ONLY be used in accordance with applicable MDA governing regulations, for the purpose for which it was provided, and within the scope of the Statement of Work.
- (4) Not divulge PPBE data (obtained directly or indirectly in the performance of this contract unless directed by the Contracting Officer through Buyer) to any individual, except to Government personnel whom they know to have a "need-to-know" and non-Government person(s) whom they know to have MDA PPBE authorization. Even though data becomes part of the public domain, contractor personnel are bound by the provisions of this clause not to confirm or deny questions regarding PPBE data. Inquiries by unauthorized persons should be referred to the Contracting Officer's Representative or the Contracting Officer through Buyer. (Verification of contractor personnel authorized access to PPBE data can be obtained only from Buyer.)
- (5) Not transport (by any medium), maintain, or process PPBE data outside a Government facility unless the removal or preparation of such data at the facility is accomplished in accordance with a company's facility plan approved by MDA. (Verification of MDA PPBE-approved contractor facilities and individuals can be obtained from Buyer.) Authorization to transport PPBE data shall be provided by the Contracting Officer through Buyer.
- (6) Notify the Buyer promptly if any non-Government person(s) or company(s) requests access to PPBE data.

f. Sellers shall be responsible for immediately notifying Buyer in writing of any changes in its personnel with access to PPBE data, such as departures, new employees, or employees who no longer need access to such data under this contract.

g. Seller personnel who have been granted access to PPBE data shall process, when possible, such data in Government workspaces using equipment furnished by the Government. However, if Seller anticipates processing PPBE data in a Government facility on Seller-owned equipment, prior written approval from the Contracting Officer, through Buyer, must be obtained. The Seller's written request should describe the equipment being used and a brief justification. After approval by Buyer, the request must be endorsed by the appropriate MDA office before bringing the equipment into the facility:

(1) Information Management and Technology Operations - all information technology equipment to include telefax and reproduction machines.

(1) Infrastructure and Environment Directorate – all other equipment and furniture.

h. Processing PPBE data at the Seller's facility shall be performed only when absolutely essential and processing in Government workspaces is impractical. Prior to the processing of any such data outside of a Government facility or removal of PPBE data from a Government facility, the Seller shall submit a written plan to the Contracting Officer, through Buyer, outlining the procedures for maintaining and safeguarding such data at its facility. The Seller shall submit its own plan or a plan which meets the general requirements identified in MDA Directive 7045.01. The plan shall be approved in writing by the Contracting Officer, through Buyer, prior to removal of any PPBE data from a Government facility or the processing of any such data in the Seller's facility. If an agent, consultant, or subcontractor requires the processing of PPBE data at its facility(s), they also must submit a separate facility plan through the Buyer for approval by the Contracting Officer.

NOTE: A plan is not required for Seller personnel who have been given prior access to PPBE data to transport, process, or maintain such data at a Government or an MDA-approved contractor facility. (Verification of MDA approved Contractor facilities and authorized personnel can be obtained only from the Contracting Officer, through Buyer.)

i. If Seller is not required to process PPBE data at its facility(s), the Seller shall inventory all Government documents in its possession. Seller shall notify the Contracting Officer, through Buyer, in writing of such documents and request the method of document disposal. If the requirement to process such data at the Seller's facility(s) changes in the future, compliance with paragraph h above shall be required.

j. Seller shall provide training for all employees who require access to PPBE data on the proper handling and disclosure of such data. Seller shall be responsible for ensuring that persons in their employment that have been granted access to PPBE data understand the consequences of divulging such data. Revealing PPBE data to unauthorized persons may provide other companies with an unfair advantage in future competitions or jeopardize national security interests.

k. In the event Seller or any of its employees, agents, subcontractor employees, or consultants fail to comply with the provisions of this clause, such noncompliance shall be deemed a material breach of the contract for which Buyer reserves the right to terminate the contract for default and/or resort to such other rights and remedies, as provided for under this contract or under Federal laws. Noncompliance with the provisions of this clause may also adversely affect the evaluation of a Seller's reliability in future acquisitions.

The following investigations are required:

IT-I designated positions require a Single Scope Background Investigation (SSBI).

IT-II designated positions require a National Agency Check with Law and Credit (NACLC).

IT-III positions associated with MDA are found only at contractor's facilities. See below for requirement.
