H-42 Foreign Persons (MAY 2012).

a. "Foreign National" (also known as Foreign Persons) as used in this clause means any person who is NOT:

Under the Government/Contractor organizational/interface approach (e.g., Integrated Product Team (IPT), Team Execution Review (TER), Technical Interchange Meeting (TIM), and/or Working Groups), Government personnel will frequently interface with Seller/subcontractor/sub tier team members during contract performance.

For this purpose, the Seller, recognizing its privity of contract with Boeing, authorizes the Government and Boeing to communicate and, where appropriate, visit and monitor directly, and, in some instances, exclusively, with the Seller's and sub tiers subcontract. This access/interface is necessary to support the Government's quality and program management approach which emphasizes systematic surveillance and evaluation techniques used to assess Seller/subcontractor performance.

Government team members may offer advice, information, support, clarification, and/or facilitate rapid Government feedback and approval of team-related products, as well as review Seller/subcontractor progress; however, the responsibility and accountability for successfully accomplishing the requirements of this contract remain solely with the Seller. The Seller shall not construe such advice, information, surveillance observations, reviews and clarifications by the Government or Boeing team members as Government-directed or Boeing directed changes to the terms of this contract. The cognizant Boeing Procurement Agent (PA) is the only individual who is authorized to direct or approve any change to the terms of this subcontract.

52.222-59 Compliance with Labor Laws (Executive Order 13673) (JAN 2017). This clause applies if the Contract value exceeds \$500,000 and is for other than commercially available off-the-shelf-items. Note to this clause: By a court order issued on October 24, 2016, 52.222-59 is enjoined indefinitely as of the date of the order. The enjoined section will become effective immediately if the court terminates the injunction. At that time, GSA, DoD and NASA will publish a document in the *Federal Register* advising the public of the termination of the injunction.

H-09 ORGANIZATIONAL CONFLICT OF INTEREST (JUN 2012).

a. Purpose: The primary purpose of this clause is to aid in ensuring that:

(1) the Seller's objectivity and judgment are not biased because of its present or planned interests which relate to work under this contract;

(2) the Seller does not obtain unfair competitive advantage by virtue of its access to non-public information regarding the Government's program plans and actual or anticipated resources; and

(3) the Seller does not obtain unfair competitive advantage by virtue of its access to proprietary information belonging to others.

b. Scope: Organizational Conflict of Interest (OCI) rules, procedures and responsibilities as described in FAR Subpart 9.5 shall be applicable to this contract and any resulting subcontracts.

(1) The general rules in FAR 9.505-1 through 9.505-4 and the restrictions described herein shall apply to performance or participation by the Seller and any of its affiliates or their successors-in-interest (hereinafter collectively referred to as "Seller") in the activities covered by this contract as subcontractor, co-sponsor, joint venturer, consultant, or in any similar capacity.

(2) Reserved

c. Access to and Use of Nonpublic Information: If the Seller, in performance of this contract, obtains access to nonpublic information such as plans, policies, reports, studies, financial plans, or data which has not been released or otherwise made available to the public, the Seller agrees that without prior written approval of the Contracting Officer, it shall not:

(1) use such information for any private purpose;

(2) release such information.

d. Access to and Protection of Proprietary Information: The Seller agrees to exercise diligent effort to protect proprietary information from misuse or unauthorized disclosure in accordance with the provisions of FAR 9.505-4. The Seller may be required to enter into a written non-disclosure agreement with the third party asserting proprietary restrictions.

e. Subcontracts: The Seller shall include this clause in consulting agreements, teaming agreements, subcontracts, or other arrangements for provision of services or supplies of any tier. The terms "contract", "Contractor", and "Contracting Officer" shall be appropriately modified to preserve the Government's rights.

f. Representations and Disclosures:

(1) The Seller represents that it has disclosed to the Contracting Officer, through Buyer, prior to award, all facts relevant to the existence or potential existence of organizational conflicts of interest as that term is used in FAR Subpart 9.5. To facilitate disclosure and Contracting Officer approval, the Seller shall complete an OCI Analysis/Disclosure Form for each MDA, Ballistic Missile Defense (BMD), and BMD-related contract or subcontract (form shall be requested from Buyer).

(2) The Seller represents that if it discovers an organizational conflict of interest or potential conflict of interest after award, a prompt and full disclosure shall be made in writing to Buyer. This disclosure shall include a description of the action the Seller has taken or proposes to take in order to avoid or mitigate such conflicts.

g. Remedies and Waiver:

(1) For breach of any of the above restrictions or for non-disclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, the Government may: terminate this contract for default; disqualify the Seller from subsequent related contractual efforts if necessary to neutralize a resulting organizational conflict of interest; and pursue such other remedies as may be permitted by law or this contract. If, however, in compliance with this clause, the Seller discovers and promptly reports an organizational conflict of interest (or the potential thereof) subsequent to contract award, Buyer may terminate this contract for convenience if such termination is deemed to be in the best interest of the Government or take other appropriate actions.

(2) The parties recognize that this clause has potential effects which will survive the performance of this contract and that it is impossible to foresee each circumstance to which it might be applied in the future. Accordingly, the Seller may at any time seek a waiver from the Director, MDA, (via Buyer) by submitting a full written description of the requested waiver and the reasons in

support thereof.

H-10 ENABLING CLAUSE FOR BMD INTERFACE SUPPORT (APR 2009).

- a. It is anticipated that, during the performance of this contract, the Seller will be required to support Technical Interface/Integration Meetings (TIMS) with other Ballistic Missile Defense (BMD) Contractors and other Government agencies. Appropriate organizational conflicts of interest clauses and additional costs, if any, will be negotiated as needed to protect the rights of the Seller and the Government.
- b. Interface support deals with activities associated with the integration of the requirements of this contract into BMD system plans and the support of key Missile Defense Agency (MDA) program reviews.
- c. The Seller agrees to cooperate with BMD Contractors by providing access to technical matters, provided, however, the Seller will not be required to provide proprietary information to non-Government entities or personnel in the absence of a non-disclosure agreement between the Seller and such entities.
- d. The Seller further agrees to include a clause in each subcontract requiring compliance with paragraph c. above, subject to coordination with the Seller. This agreement does not relieve the Seller of its responsibility to manage its subcontracts effectively, nor is it intended to establish privity of contract between the Government and such subcontractors.
- e. Reserved
- f. This clause shall not prejudice the Seller or its subcontractors from negotiating separate organizational conflict of interest agreements with BMD Contractors; however, these agreements shall not restrict any of the Government's rights established pursuant to this clause or any other contract.

H-12 Control of Access to MDA Spaces and Information Systems (SEP 2013).

- a. To maintain the security of the MDA spaces and information systems, Seller shall notify the COR, through Buyer, in writing whenever a subcontractor employee included on the current Visit Authorization Request/Letter no longer supports this contract. This requirement shall apply to both Seller and employee initiated termination of services and to temporary suspension of services.
- b. Seller will cooperate with COR in facilitating the employee's return of all government issued credentials, e.g., badges, common access cards (CACs), SIPRNet tokens. Specifically, upon notification, the COR will work with the organization's Security Operations Center and the MDA Service Desk to ensure timely action to:
 - (1) remove the employee from the current Visit Authorization Request/Letter;
 - (2) cancel Government issued credentials pursuant to the Visit Authorization Request/Letter; and
 - (3) terminate the MDA LAN account/access privileges.
- c. Seller shall identify the reason for and date of termination or expected period of suspension and submit the notification to the COR, through Buyer, within seven (7) working days prior to service discontinuation. However, distribution of technical data is permissible to DOD officials having a "need to know" in connection with this contract or any other MDA contract provided that the technical data is properly marked according to the terms and conditions of this contract. When there is any doubt as to "need to know" for purposes of this paragraph, the Contracting Officer or the Contracting Officer's Representative will provide direction. Authorization to distribute technical data by the Contracting Officer or the Contracting Officer's Representative does not constitute a warranty of the technical data as it pertains to its accuracy, completeness, or adequacy. The contractor shall distribute this technical data relying on its own corporate best practices and the terms and conditions of this contract. Consequently, the Government assumes no responsibility for the distribution of such technical data nor will the Government have any liability, including third party liability, for such technical data should it be inaccurate, incomplete, improperly marked or otherwise defective. A copy of the negotiated license shall be furnished to the PCO. The terms of the licenses cannot be inconsistent with Federal procurement law and must satisfy user needs. This includes the Seller's / subcontractor's needs for the software to perform this contract and the Government's needs for the software to accomplish the Government's ultimate objectives. At a minimum, this shall include the rights to make an archive copy of the software, to relocate the computer on which the software resides, to re-host the software on a different computer, to permit access by support contractors, and to permit the Government to transfer the license to another contractor.

a. The Attachment identifies and provides information pertaining to technical data (including computer software documentation) and computer software that the Seller and subcontractors claim to qualify for delivery with less than Unlimited Rights. The Seller agrees not to withhold delivery of the technical data or software based on its claims. The Government shall investigate the validity of the

Seller's claims and therefore reserves all its rights regarding the technical data/software in question, to include those rights set forth in:

The Seller's request shall include a rough order of magnitude (ROM) estimate to perform development if the data or software cannot be used as requested. If the PCO does not provide a decision within 30 days of the request, the request is considered denied. In the event the PCO authorizes inclusion of the Limited Rights technical data and/or Restricted software.

b. Using Government assets in an Independent Research and Development (IRAD) project may be authorized on a case by case basis. The Seller's request shall include an offer of consideration for use of such Government assets. The Government will evaluate the request, including the Seller's offer of consideration, and either approve, deny, or offer an alternative form of consideration. Any such consideration will be mutually agreed to by the parties prior to use of Government assets. Consideration should include, at a minimum, specially negotiated rights granting the Government a license for Government Purpose Rights IAW DFARS 252.227-7013 and 252.227-7014 in the subject IRAD project.
