- g. Abstracts or abbreviated materials may be submitted if the intent is to determine the feasibility of going further in preparing a complete paper for clearance. However, clearance of abstracts or abbreviated materials does not satisfy the requirement for clearance of the entire paper.
- h. The MDA Director of Public Affairs (MDA/PA) is responsible for coordinating the public release review, other than for review of intended applications for a patent, which will be coordinated through the Contracting Officer. MDA/PA will work directly with the COR if there are questions or concerns regarding submissions. MDA/PA will not work with contractors who have not gone through their COR.
- i. Once information has been cleared for public release, it is in the public domain and shall always be used in its originally cleared context and format. Information previously cleared for public release but containing new, modified or further developed information must be submitted again for public release following the steps outlined in items a. through h. above.
- j. Due to time and screening constraints, it is recommended that all "public release" packages submitted to MDA be forwarded by email to: Missile Defense Agency/DVM
Attn: Kari Anderson
Email Address: Kari.Anderson@mda.mil
- k. The contractor agrees to cooperate fully with the COR; the Contracting Officer; MDA/PA; any person performing duties authorized by DoDD 5535.02, DoD Patent Security Review Process; and any other Government officials the Contracting Officer determines have a need to take part in the review.
"Cooperate fully" will include allowing access to contractor and subcontractor employees and access to contractor and subcontractor records.
The contractor agrees that any time limits for the U.S. to reply or make a determination or decision of any sort will be extended when the Contractor Officer advises the contractor that it or the subcontractor does not cooperate fully.
- l. The contractor may not release information to any natural person not a U.S. citizen or any U.S. citizen whose ordinary place of employment or residence is outside the U.S., or to any professional or business organization not incorporated or licensed in a state of the U.S. or whose principals include natural persons not U.S. citizens or any U.S. citizen whose ordinary place of employment or resident is outside the U.S., at any time including after performance of this contract is complete.
- m. At the same time as the reports required by DFARS 252.227-7039, the Contractor shall furnish the Contracting Officer a report on all filings and all other communications with foreign and international governments and organizations whose usual purpose is to establish or affirm the contractor's rights or asserted rights in an invention. Such report will include the filing date, serial number and title, a copy of the patent application and patent number, and issue data for any subject invention for which the Contractor has retained title, or state that there are no such filings. In the case of any filing with any agency or organization not part of the U.S. Government, include a copy of the foreign filing license. The contractor will cooperate fully in any efforts by the Contracting Officer to determine status or outcome of such filings and other communications.
- n. The contractor will include a copy of this clause in all written agreements with subcontractors and others with whom it has any sort of a teaming arrangement.

3 Enabling Clause fro BMD Interface Support (APR 2009).

- a. It is anticipated that, during the performance of this contract, Buyer will be required to support Technical Interface/Integration Meetings (TIMS) with other Ballistic Missile Defense (BMD) Contractors and other Government agencies.
- b. Interface support deals with activities associated with the integration of the requirements of Buyer's contract with BMD into BMD system plans and the support of key Missile Defense Agency (MDA) program reviews.
- c. Subject to coordination with Buyer, Seller agrees to cooperate with BMD Contractors by providing access to technical matters, provided, however, Seller will not be required to provide proprietary information to non-Government entities or personnel in the absence of a nondisclosure agreement between Seller and such entities.
- d. This agreement does not relieve the Contractor of its responsibility to manage its subcontracts effectively, nor is it intended to establish privity of contract between the Government and Seller.
- e. Personnel from BMD Contractors or other Government agencies or Contractors are not authorized to direct Seller in any manner.
- f. This clause shall not prejudice Seller from negotiating separate organizational conflict of interest agreements with BMD Contractors; however, these agreements shall not restrict any of the Government's rights established pursuant to this clause or any other contract.

H-09 ORGANIZATIONAL CONFLICT OF INTEREST (JUN 2012).

a. Purpose: The primary purpose of this clause is to aid in ensuring that:

- (1) the Contractor's objectivity and judgment are not biased because of its present or planned interests which relate to work under this contract;
- (2) the Contractor does not obtain unfair competitive advantage by virtue of its access to non-public information regarding the Government's program plans and actual or anticipated resources; and
- (3) the Contractor does not obtain unfair competitive advantage by virtue of its access to proprietary information belonging to others.

b. Scope: Organizational Conflict of Interest (OCI) rules, procedures and responsibilities as described in FAR Subpart 9.5 shall be applicable to this contract and any resulting subcontracts.

- (1) The general rules in FAR 9.505-1 through 9.505-4 and the restrictions described herein shall apply to performance or participation by the Contractor and any of its affiliates or their successors-in-interest (hereinafter collectively referred to as "Contractor") in the activities covered by this contract as prime Contractor, subcontractor, co-sponsor, joint venturer, consultant, or in any similar capacity.
- (2) The Missile Defense Agency's OCI policy is in Attachment 4 of this contract.

c. Access to and Use of Nonpublic Information: If the Contractor, in performance of this contract, obtains access to nonpublic information such as plans, policies, reports, studies, financial plans, or data which has not been released or otherwise made available to the public, the Contractor agrees that without prior written approval of the Contracting Officer, it shall not:

- (1) use such information for any private purpose;
- (2) release such information.

d. Access to and Protection of Proprietary Information: The Contractor agrees to exercise diligent effort to protect proprietary information from misuse or unauthorized disclosure in accordance with the provisions of FAR 9.505-4. The Contractor may be required to enter into a written non-disclosure agreement with the third party asserting proprietary restrictions.

e. Subcontracts: The Contractor shall include this clause in consulting agreements, teaming agreements, subcontracts, or other arrangements for provision of services or supplies of any tier. The terms "contract", "Contractor", and "Contracting Officer" shall be appropriately modified to preserve the Government's rights.

f. Representations and Disclosures:

- (1) The Contractor represents that it has disclosed to the Contracting Officer, prior to award, all facts relevant to the existence or potential existence of organizational conflicts of interest as that term is used in FAR Subpart 9.5. To facilitate disclosure and Contracting Officer approval, the Contractor shall complete an OCI Analysis/Disclosure Form for each MDA, Ballistic Missile Defense (BMD), and BMD-related contract or subcontract (form shall be requested from the Procuring Contracting Officer).
- (2) The Contractor represents that if it discovers an organizational conflict of interest or potential conflict of interest after award, a prompt and full disclosure shall be made in writing to the Contracting Officer. This disclosure shall include a description of the action the Contractor has taken or proposes to take in order to avoid or mitigate such conflicts.

g. Remedies and Waiver:

- (1) For breach of any of the above restrictions or for non-disclosure or misrepresentation of any relevant facts required to be disclosed concerning this contract, the Government may: terminate this contract for default; disqualify the Contractor from subsequent related contractual efforts if necessary to neutralize a resulting organizational conflict of interest; and pursue such other remedies as may be permitted by law or this contract. If, however, in compliance with this clause, the Contractor discovers and promptly reports an organizational conflict of interest (or the potential thereof) subsequent to contract award, the Contracting Officer may terminate this contract for convenience if such termination is deemed to be in the best interest of the Government or take other appropriate actions.
- (2) The parties recognize that this clause has potential effects which will survive the performance of this contract and that it is impossible to foresee each circumstance to which it might be applied in the future. Accordingly, the Contractor may at any time seek a waiver from the Director, MDA, (via the Contracting Officer) by submitting a full written description of the requested waiver and the reasons in support thereof.
