I. Travel & Travel Costs.

Except as provided in FAR 31.205-46(a)(3), costs incurred for lodging, meals, and incidental expenses shall be considered reasonable and allowable to the extent that they do not exceed on a daily basis the maximum per diem rates in effect at the time of travel as set forth in: Federal Travel Regulations, prescribed by the General Services Administration for travel in the contiguous 48 United States; Joint Travel Regulations, Volume 2, DoD Civilian Personnel (Appendix A), for travel in Alaska, Hawaii, and territories and possessions of the United States; and Standardized Regulations (Government Civilians, Foreign Areas) Section 925, prescribed by the Department of State, for all other areas. The maximum per diem rates referenced above generally would not constitute a reasonable daily charge when no lodging costs are incurred,

Costs shall be allowable only if the following information is documented: date and place of the expense; purpose of the trip; and name of the person on the trip and that person's title. Travel costs directly attributable to specific contract performance are allowable and may be charged to the contract under FAR 31.202. Airfare and rail costs in excess of the lowest customary standard, coach or equivalent fare offered during normal business hours are unallowable, except where such accommodations require circuitous routing, require travel during unreasonable hours, excessively prolong travel, result in increased cost that would offset transportation savings, are not reasonably adequate for the physical or medical needs of the traveler, or are not reasonably available to meet mission requirements. The costs of travel by Seller-owned, leased or chartered aircraft and automobiles will be governed in accordance with FAR 31.205-46(e) and (f).

Applicable to labor hour support contracts only:
