HQ C-2-0037 ORGANIZATIONAL CONFLICT OF INTEREST (NAVSEA) (JUL 2000) (modified)

a. "Organizational Conflict of Interest" means that, because of other activities or relationships with other persons, a person is unable or potentially unable to render impartial assistance or advice to IGSLLC or the United States Government ("Government"), or such person's objectivity in performing the work under this Letter Subcontract b or might be otherwise impaired, or such person has an unfair competitive advantage. "Person" as used herein includes corporations, partnerships, joint ventures and other business enterprises.

b. Subcontractor represents and warrants that, to the best of its knowledge and belief, and except as otherwise set forth in this Subcontract, Subcontractor does not have any Organizational Conflict of Interest.

c. It is recognized that the efforts to be performed by Subcontractor under this Letter Subcontract may create a potential Organizational Conflict of Interest with this Letter Subcontract or with a future acquisition. In order to avoid this potential Organizational Conflict of Interest, and at the same time to avoid prejudicing the best interest of the Government, the right of Subcontractor to participate in future procurement of equipment and/or services that are the subject of any work under this Subcontract shall be limited as described below in accordance with the requirements of FAR 9.5.

d. (i) Subcontractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside IGSLLC or the Government any information provided to Subcontractor by IGSLLC or the Government during or as a result of performance of this Letter Subcontract. Such information includes, but is not limited to, information submitted to IGSLLC or the Government on a confidential basis by other persons. Further, the prohibition against release of IGSLLC or Government provided information extends to cover such information whether or not in its original form (i.e., where the information has been included in Subcontractor-generated work or where it is discernible from materials incorporating or based upon such information). This prohibition shall survive any expiration or termination of this Subcontract.

(ii) Subcontractor agrees that it shall not release, disclose, or use in any way that would permit or result in disclosure to any party outside IGSLLC or the Government any information generated or derived during or as a result of performance of this Subcontract except as provided in Paragraph j below.

(iii) The prohibition contained in Paragraphs d(i) and d(ii) shall apply with equal force to any affiliate of Subcontractor, any subcontractor, consultant, or employee of Subcontractor, any joint venture involving Subcontractor, any entity into or with which it may merge or affiliate, or any successor or assign of Subcontractor. The terms of Paragraph f relating to notification shall apply to any release of information in contravention of this Paragraph.

e. Subcontractor agrees that, during the performance of this Letter Subcontract and for a period of three (3) years after completion of performance of this Subcontract, Subcontractor, any affiliate of Subcontractor, any subcontractor, consultant, or employee of Subcontractor, any joint venture involving Subcontractor, any entity into or with which it may subsequently merge or affiliate, or any other successor or assign of Subcontractor, shall not furnish to the Government, either as a prime contractor or as a subcontractor, or as a consultant to a prime contractor or subcontractor, any system, component or services which is the subject of the work to be performed under this Subcontract. This exclusion does not apply to any re-competition for those systems, components or services furnished pursuant to this Subcontract. As provided in FAR 9.505-2, if the Government procures the system, component or services on the basis of work statements growing out of the effort performed under this Subcontract, from a source other than Subcontractor, its subcontractor, affiliate, or assign of either, during the course of

performance of this Subcontract or before the three (3)-year period following completion of this Letter Subcontract has lapsed, Subcontractor may, with the authorization of IGSLCC (which shall be subject to the authorization of the cognizant contracting officer of the Government ("Contracting Officer") participate in a subsequent procurement for the same system component, or service. In other words, Subcontractor may be authorized to compete for procurement(s) for systems, components or services subsequent to an intervening procurement.

f. Subcontractor agrees that, if, after award, it's discovered an actual or potential Organizational Conflict of Interest, it shall make immediate and full disclosure in writing to IGSLCC (who may disclose the same to the Government). The notification shall include a description of the actual or potential Organizational Conflict of Interest, a description of the action which Subcontractor has taken or proposes to take to avoid, mitigate or neutralize such conflict and any other relevant information that would assist the Government in making a determination on this matter. Notwithstanding this notification, IGSLCC may terminate this Letter Subcontract for convenience if determined to be in the best interest of the Government.

g. Notwithstanding Paragraph f above, if Subcontractor was aware, or should have been aware, of an Organizational Conflict of Interest prior to the award of this Subcontract or becomes, or should become, aware of an Organizational Conflict of Interest after award of this Letter Subcontract and does not make an immediate and full disclosure in writing to IGSLCC, IGSLCC may terminate this Subcontract for default.

h. If Subcontractor takes any action prohibited by this Paragraph or fails to take action required by this Paragraph, IGSLCC may terminate this Subcontract for default.

i. The Government's decision as to the existence or nonexistence of an actual or potential Organizational Conflict of Interest shall be final.

j. Nothing in this Paragraph is intended to prohibit or preclude Subcontractor from marketing or selling to the Government its product lines in existence on the effective date of this Subcontract; nor, shall this requirement preclude Subcontractor from participating in any research and development or delivering any design development model or prototype of any such equipment. Furthermore, thirty-six (36) months following the effective date of the contract described in Reference (4), Subcontractor may elect to offer services on a commercial basis which are similar to those developed under this Subcontract. Such offer of commercial services shall not interfere with the quality or availability of the services offered to the Government and, if applicable, shall not unduly restrict ongoing research and development efforts still occurring under this Subcontract.

k. Subcontractor shall promptly notify IGSLCC, in writing, if it has been tasked to evaluate or advise the Government concerning its own product or activities or those of a competitor in order to ensure proper safeguards exist to guarantee objectivity and to protect the Government's interest.

l. Subcontractor shall include this Paragraph in subcontracts of any tier which involve access to information or situations/conditions covered by this Paragraph.
