Authorization for Access to Third-Party Proprietary Information Required for Contract Performance (Feb 2019)

1. It is the Government's intent to ensure proper handling of sensitive planning, budgetary, acquisition, and contracting information that will be provided to, or developed by, the Seller during contract performance. It is also the Government's intent to protect the proprietary rights of third-party contractors whose data the Seller may receive in the performance of the contract.
2. Accordingly, the Seller agrees that it will not disclose, divulge, discuss, or otherwise reveal information to anyone or any organization not authorized access to such information without the express written approval of the Buyer. The Seller shall require that each of its employees assigned to work under this contract, and each subcontractor and its employees assigned to work on subcontracts issued hereunder, execute nondisclosure agreements acknowledging the above restrictions before providing them access to such information. The Seller shall also require all future company employees, subcontractors, and subcontractor employees needing similar access to such information to execute nondisclosure agreements prior to providing them access to the above identified information. The requirement for the Seller to secure nondisclosure agreements from its employees may be satisfied by having each employee sign one nondisclosure agreement for the term of their employment, without the need to sign separate nondisclosure agreements for each individual contract which the employee will support. The Seller will make copies of these individual agreements available to the Buyer upon request.
3. The Seller may be required to access information which is proprietary to third-party contractors in the performance of this contract.
4. The Seller agrees to enter into agreements with applicable third-party contractors to: (a) protect such proprietary information from unauthorized use or disclosure for as long as the information remains proprietary; (b) refrain from using the information for any other purpose other than support the Government contract for which it was furnished, and (c) permit the Government to independently provide such proprietary information to the Seller subject to the restrictions of this clause. Prior to contract award, the Seller shall provide a properly executed copy of such agreement(s) to the Buyer in accordance with FAR 9.505-4.
5. The Seller agrees to include in each subcontract a clause requiring compliance by the subcontractor and succeeding levels of subcontractors with the terms and conditions herein.
6. The Contractor agrees to indemnify and hold harmless the Government, its agents, and employees from every claim or liability, including attorney's fees, court costs, and expenses arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of data with restrictive legends received in the performance of this contract by the Seller or any person to whom the Seller has released or disclosed the data.
