### C. ORGANIZATIONAL CONFLICTS OF INTEREST (JUN 2006)

- (1) The Contracting Officer has concluded that this acquisition may give rise to an organizational conflict of interest. Accordingly, the attention of the Contractor is directed to FAR Subpart 9.5, "Organizational and Consultant Conflicts of Interest."
- (2) The nature of the actual or potential organizational conflicts of interest (OCI) in this acquisition is described below:

A continuing organizational conflicts of interest issue exists in the event that the CEV Prime Phase I contractors participating as CEV TPS Phase I vendors continue to participate as CEV TPS Phase II contractors. All CEV TPS Phase II contractors will be required under this contract to handle Government Sensitive Information and to provide proprietary and/or sensitive data (Limited Rights Data/Restricted Computer Software) to the single CEV prime contractor (selected under CEV Phase II). This is necessary because the complex engineering challenges surrounding the integration of the heat shield design with the rest of the CEV design will require considerable technical information exchange between the single prime contractor and the CEV TPS contractors.

- (3) To avoid, neutralize, or mitigate actual or potential organizational conflicts of interest should CEV Prime contractors and/or their subcontractors be selected for contract award for TPS Phase II, such Prime contractors and/or their subcontractors must maintain the existing CEV Phase I Prime contract OCI requirements as set forth in the CEV Phase I Prime contracts Clause H.24 (Potential Organizational Conflict of Interest Pertaining to Advance Development Efforts) throughout performance of CEV TPS Phase II contracts. Such requirements include maintaining existing firewalls that segregate individuals and protect against the transfer of Limited Rights Data, Restricted Computer Software or Government Sensitive Information between those parts of the organizations that work on CEV Prime responsibilities and those parts of the organizations that participate as CEV TPS Phase II contractors.

CEV TPS Phase II contractors that are also CEV Prime contractors must provide a proposed plan for communications between CEV Prime contractors and all CEV TPS contractors that maintains the above referenced OCI requirements. The proposed plans will be evaluated by the Government to determine whether a Government liaison will be necessary to maintain the OCI requirements.

- (4)(1) If, in the performance of work under this contract, the Seller has access to proprietary data of other companies, the Seller shall protect such data from unauthorized use or disclosure so long as it remains proprietary. In addition, the Seller shall not be permitted to use such data in performing any other contract for any additional study or studies in the same or a closely related field, without the explicit written permission of the owner of such data.

- (2) If, in the performance of work under this contract, the Seller after receiving Contracting Officer permission through Buyer enters into a separate agreement with a company for the protection of proprietary data, the Seller shall furnish a copy of that agreement to the Buyer.
- (3) The Seller must educate its employees, through formal training, not to divulge the proprietary data, trade secrets, confidential information, or restricted data of companies received in connection with the performance of work under this contract. The Seller shall provide a plan to implement this training for the approval of the Buyer.
- (4) The Seller shall obtain from all employees having access to proprietary data under this contract a written agreement which shall prohibit those employees, during the term of their employment and thereafter, from disclosing to others or using for their own behalf, the Limited Rights Data, Restricted Computer Software or Government Sensitive Information received in connection with the performance of work under this contract.
- (5) The term "Seller" as used in this clause shall include (i) the corporate or other entity executing this contract with the Government; (ii) such entity's parent, subsidiary, affiliate, or successor entities to the extent that the parent, subsidiary, affiliate, or successor entity has responsibility for the performance of work under this contract; and (iii) the Seller's subcontractors, as delineated in the Statement of Work of this contract or who handle, receive, reduce, interpret, or transmit data obtained, used, or produced in conjunction with CEV TPS.
- (6) The term "contract" as used in this clause shall include options, extensions, and any successor contracts performed or to be performed by the Contractor without any other contractor intervening.
- (7) The Seller shall include paragraphs (1) through (6) of this clause in every subcontract.
