The Government may utilize support contractors to assist the Government in the review and evaluation of the Buyer, Buyer's Customer, and/or Seller's invoices, payment requests, material inspection and receiving reports, and similar requests for payment or evidence of delivery. These contractors will be provided access to these and other records which may contain the proprietary information of Seller, to include awarded contracts, to support Government officials in reviewing and reconciling invoices, payment records, and the Government's financial and budgetary records, and in facilitating the timely

payment of submitted invoices.

The support contractors are prohibited from obtaining proprietary information to which their employees will have access in the performance of their responsibilities, and are required to promptly notify the contracting officer of any breach of their employees' non-disclosure obligations. Each of the contractor employees has also been required to execute a non-disclosure agreement which acknowledges their responsibilities to only use proprietary information in performance of the above tasks and for no other reason; that they will not share proprietary information with their employers; that they will not use such information for personal or other benefit; and that they will promptly notify their employers of any breaches of their responsibilities.

Unless Seller specifically objects in writing, Seller agrees, by the submission of a proposal, to allow the Government's support contractors to have access to Seller's proprietary information for the purposes described above.

C. ORGANIZATIONAL CONFLICT OF INTEREST (Apr 2020)

a. Purpose: The purpose of this clause is to ensure that:

- (1) Seller is rendering impartial assistance and advice to the Government at all times under this contract and related Government contracts;
- (2) Seller's objectivity in performing work under this contract or related Government contracts is not impaired; and
- (3) Seller does not obtain an unfair competitive advantage by virtue of its access to non-public Government information, or by virtue of its access to proprietary information belonging to others.

b. Scope: The Organizational Conflict of Interest (OCI) rules, procedures and responsibilities described in FAR 9.5 "Organizational and Consultant Conflicts of Interest", FAR 3.101-1 "Standards of Conduct - General, DFARS209.5 "Organizational and Consultant Conflicts of Interest," and in this clause are applicable to the prime Contractor (including any affiliates and successors-in-interest), as well as Seller, any co-sponsor, joint-venture partner, consultant, subcontractor or other entity participating in the performance of this contract. Seller shall flow this clause down to all subcontracts, consulting agreements, teaming agreements, or other such arrangements which have OCI concerns, while modifying the terms "contract", "Contractor", and "Contracting Officer" as appropriate to preserve the Government's rights.

c. Access to and Use of Nonpublic Information: If in performance of this contract Seller obtains access to nonpublic information such as plans, policies, reports, studies, financial plans, or data which has not been released or otherwise made available to the public, Seller agrees it shall not use such information for any private purpose or release such information without prior written approval from the Contracting Officer, which shall be obtained through Buyer.

d. Access to and Protection of Proprietary Information: Seller agrees to exercise due diligence to protect proprietary information from misuse or unauthorized disclosure in accordance with FAR 9.505-4. Seller may be requested to enter into a written non-disclosure agreement with a third party asserting proprietary restrictions, if required in the performance of the contract.

e. In accordance with FAR 3.101-1, Seller shall also take all appropriate measures to prevent the existence of conflicting roles that might bias Seller's judgment, give Seller an unfair competitive advantage, and deprive MDA of objective advice or assistance that can result from hiring former Government employees. (See Health Net Fed. Svcs, B-401652.3).

f. Restrictions on Participating in Other Government Contract Efforts. TBD

g. OCI Disclosures: Seller shall disclose to Buyer all facts relevant to the existence of an actual or potential OCI, using an OCI Analysis/Disclosure Form which Buyer will provide upon request. This disclosure shall include a description of the action Seller has taken or plans to take to avoid, neutralize or mitigate the OCI.

h. Remedies and Waiver:

- (1) If Seller fails to comply with any requirements of FAR 9.5, FAR 3.101-1, DFARS 209.5, or this clause, Buyer may terminate this contract for default, the Contracting Officer may disqualify Seller from subsequent related contractual efforts if necessary to neutralize a resulting

organizational conflict of interest, and/or Buyer or Buyer's Customer may pursue other remedies permitted by law or this contract. If Seller discovers and promptly reports an actual or potential OCI subsequent to contract award, Buyer may terminate this contract for convenience if such termination is deemed to be in the best interest of the Government, or take other appropriate actions.

2) The parties recognize that the requirements of this clause may continue to impact Seller after contract performance is completed, and that it is impossible to foresee all future impacts. Accordingly, Seller may at any time seek an OCI waiver from the Director, MDA by submitting a written waiver request to Buyer. Any such request shall include a full description of the OCI and detailed rationale for the OCI waiver.

D. ENABLING CLAUSE FOR BMD INTERFACE SUPPORT (APR 2009)

- a. It is anticipated that, during the performance of this contract, Seller will be required to support Technical Interface/Integration Meetings (TIMS) with other Ballistic Missile Defense (BMD) Contractors and other Government agencies. Appropriate organizational conflicts of interest clauses and additional costs, if any, will be negotiated as needed to protect the rights of Seller, Buyer, and the Government.
- b. Interface support deals with activities associated with the integration of the requirements of this contract into BMD system plans and the support of key Missile Defense Agency (MDA) program reviews.
- c. Seller agrees to cooperate with BMD Contractors by providing access to technical matters, provided, however, Seller will not be required to provide proprietary information to non-Government entities or personnel in the absence of a non-disclosure agreement between Seller and such entities.
- d. Seller further agrees to include a clause in each subcontract requiring compliance with paragraph c. above, subject to coordination with Seller. This agreement does not relieve Seller of its responsibility to manage its subcontracts effectively, nor is it intended to establish privity of contract between the Government and such subcontractors.
- e. Personnel from BMD Contractors or other Government agencies or Contractors are not authorized to direct Seller in any manner.

E. CONTROL OF ACCESS TO MDA SPACES AND INFORMATION SYSTEMS (SEP 2013)

- a. To maintain the security of the MDA spaces and information systems, Seller shall notify Buyer in writing whenever a Seller or a subcontractor employee included on the current visit authorization request/letter no longer supports this contract. This requirement shall apply to both Seller and employee initiated termination of services and to temporary suspension of services.
- b. Seller will cooperate with COR in facilitating the employee's return of all government issued credentials, e.g., badges, common access cards (CACs), SIPRNet tokens. Specifically, upon notification, the COR will work with the organization's Security Operations Center and the MDA Service Desk to ensure timely action to:
 - (1) remove the employee from the current visit authorization request/letter;
 - (2) cancel Government issued credentials pursuant to the visit authorization request/letter;
 - and,
 - (3) terminate the MDA LAN account/access privileges.
- c. In addition to actions related to MDA access control, Seller shall maintain accountability for Government issued credentials provided under this contract. Government issued credentials are the property of the U.S. Government and shall not be retained by cardholders upon expiration, replacement, or when the DoD affiliation of employees has been terminated. Seller shall coordinate with the COR to ensure government issued credentials are retrieved in accordance with local command or installation procedures. Unauthorized possession of an official credential, like a CAC, can be prosecuted criminally under section 701, title 18, United States Code.
- d. Seller shall identify the reason for and date of termination or expected period of suspension and submit the notification to the COR within five (5) working days prior to service discontinuation. For unplanned termination or suspension of services, notification shall be made on the same working day as the termination/suspension action.

F. SENSITIVE INFORMATION TECHNOLOGY WORK (JUL 2011)

- a. DoD 5200.2-R, DoD Personnel Security Program, requires Seller personnel, who perform work on

sensitive Information Technology (IT)/Automated Data Processing (ADP) systems (hereafter referred to as IT), to be assigned to positions which are designated at one of three sensitivity levels (IT-I, IT-II or IT-III). These designations equate to Critical Sensitive, Non-Critical Sensitive, and Non-Sensitive. Working On-Site in any MDA Facility requires a minimum Sensitivity of IT-II. The following investigations are required:

- IT-I designated positions require a Single Scope Background Investigation (SSBI).
- IT-II designated positions require a National Agency Check with Law and Credit (NACLC).
- IT-III positions associated with MDA are found only at contractor's facilities. See below for requirement.

b. The required investigation will be completed prior to the assignment of individuals to sensitive duties associated with the position.

c. For IT-III positions at Seller's facility, Seller will forward their employee information (completed SF 85P, Questionnaire for Positions of Public Trust), and two (2) DD Forms 258 (Fingerprint cards) either electronically or on magnetic media to:

Missile Defense Agency, Security and Emergency Management;
ATTN: Personnel Security
5700 18th Street, Bldg 245, Fort Belvoir, VA 22060-5573.

d. MDA retains the right to request removal of Seller personnel, regardless of prior clearance or adjudication status, whose actions, while assigned to this contract, clearly conflict with the interests of the Government. The reason for removal will be fully documented in writing by the Contracting Officer. When and if such removal occurs, Seller will within 30 working days assign qualified personnel to any vacancy(ies) thus created.

b. Except as otherwise set forth in the Contract, the distribution of any technical documents prepared under this contract, in any stage of development or completion, is prohibited outside of Seller and applicable subcontractors under this contract unless authorized by the Contracting Officer, through Buyer, in writing. However, distribution of technical data is permissible to DOD officials having a "need to know" in connection with this contract or any other MDA contract provided that the technical data is properly marked according to the terms and conditions of this contract. When there is any doubt as to "need to know" for purposes of this paragraph, the Contracting Officer or the Contracting Officer's Representative will provide direction, through Buyer. Authorization to distribute technical data by the Contracting Officer or the Contracting Officer's Representative does not constitute a warranty of the technical data as it pertains to its accuracy, completeness, or adequacy. Seller shall distribute this technical data relying on its own corporate best practices and the terms and conditions of this contract. Consequently, the Government and/or Buyer assumes no responsibility for the distribution of such technical data nor will the Government and/or Buyer have any liability, including third party liability, for such technical data should it be inaccurate, incomplete, improperly marked or otherwise defective. Therefore, such a distribution shall not violate 18 United States Code § 1905.

c. All technical documents prepared under this contract shall be marked with the following distribution statement, warning, and destruction notice identified in sub-paragraphs 1, 2, and 3 below. When it is technically not feasible to use the entire WARNING statement, an abbreviated marking may be used, and a copy of the full statement added to the "Notice To Accompany Release of Export Controlled Data" required by DoD Directive 5230.25.

Violations of these export laws are subject to severe criminal penalties. Disseminate in accordance with provisions of DoD Directive 5230.25

3. DESTRUCTION NOTICE - For classified documents follow the procedures in DOD 5220.22-M, National Industrial Security Program Operating Manual, February 2006, Incorporating Change 1, March 28, 2013, Chapter 5, Section 7, or DoDM 5200.01-Volume 3, DoD Information Security Program: Protection of Classified Information, Enclosure 3, Section 17. d. Seller shall insert the substance of this clause, including this paragraph, in all subcontracts.

H. COMMERCIAL COMPUTER SOFTWARE LICENSE (Mar 2013)

a. Unless otherwise approved by the PCO, commercial computer software licenses shall, upon delivery and acceptance, designate the U.S. Government as a contingent licensee, able to replace Buyer or Seller as the primary licensee upon notifying the licensor. A copy of the negotiated license shall be furnished to the PCO, through Buyer. The terms of the licenses cannot be inconsistent with Federal procurement law and must satisfy user needs. This includes Buyer's/Seller's/subcontractor's needs for the software to perform this contract and the Government's needs for the software to accomplish the Government's ultimate objectives. At a minimum, this shall include the rights to make an archive copy of the software, to relocate the computer on which the software resides, to re-host the software on a different computer, to permit access by support contractors, and to permit the Government to transfer the license to another contractor.

b. Nothing in this clause shall take precedence over any other clause or provision of this contract. Government concurrence, as defined in paragraph a above, does not in any way affect the Government's technical data rights as established by the terms and conditions of this contract.

I. CONTRACTOR IDENTIFICATION AND ASSERTION OF RESTRICTIONS ON THE GOVERNMENT'S USE, RELEASE, OR DISCLOSURE OF NON-COMMERCIAL TECHNICAL DATA OR COMPUTER SOFTWARE (DEC 2011)

a. Seller and its subcontractors shall provide a completed Attachment in accordance with DFARS 252.227-7017 entitled "Identification and Assertion of Restrictions on the Government's Use, Release, or Disclosure of Technical Data or Computer Software" that is signed and dated by a responsible official of Seller. This Attachment is incorporated herein by reference as if fully set forth. The Attachment identifies and provides information pertaining to technical data (including computer software documentation) and computer software that Seller and subcontractors claim to qualify for delivery with less than Unlimited Rights. Seller agrees not to withhold delivery of the technical data or software based on its claims. The Government shall investigate the validity of Seller's claims and therefore reserves all its rights regarding the technical data/software in question, to include those rights set forth in: DFARS 252.227-7013, Rights in Technical Data - Noncommercial Items; DFARS 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation; DFARS 252.227-7019, Validation of Asserted Restrictions--Computer Software; DFARS 252.227-7028, Technical Data or Computer Software Previously Delivered To the Government; and, DFAR 252.227-7037, Validation Of Restrictive Markings On Technical Data clauses until a determination is made.

b. Seller shall have, maintain, and follow written procedures sufficient to assure that restrictive markings/legends are used only when authorized by the terms of this contract and shall maintain records sufficient to justify the validity of any restrictive markings/legends on any technical data or computer software or computer software documentation delivered under this contract. Seller agrees that the Government has Unlimited Rights as defined by DFARS 252.227-7013 and 252.227-7014 in any deliverable technical data or computer software or computer software documentation not listed in the Attachment and that such data or software will not be subject to any restrictive markings or legends.

J. IMPACT OF GOVERNMENT TEAM PARTICIPATION/ACCESS (JUN 2012)

The Government/Buyer/Seller organizational/interface approach (e.g., Integrated Product Teams, Team Execution Reviews, Technical Interchange Meetings, and/or Working Groups), will require frequent, close interaction and/or surveillance between the Government, Buyer, and Seller/subcontractor team

members during contract performance. For this purpose Seller, recognizing its privity of contract with Buyer, authorizes the Buyer and/or Government to communicate directly with, and where appropriate visit as well as monitor, Seller's subcontractors. This access/interface is necessary to support the Government's quality and program management approach which emphasizes systematic surveillance and evaluation techniques used to assess Buyer/Seller/subcontractor performance. Government team members may offer advice, information, support, and facilitate rapid Government feedback on team-related products, provide clarification, and review Buyer/Seller/subcontractor progress; however, the responsibility and accountability for successfully accomplishing the requirements of this contract remain solely with Seller.

Neither Seller nor the subcontractor shall construe such advice, surveillance, reviews and clarifications by Government team members as Government-directed changes to the terms of this contract. Buyer is the only individual authorized to direct or approve any change to the terms of this contract.

K. COUNTERFEIT RISK AVOIDANCE

(a) Seller shall only deliver goods that (i) are and only contain materials obtained directly from the original manufacturer (OM), an authorized distributor, or an authorized aftermarket manufacturer, and (ii) are not and do not contain Counterfeit Items or Suspect Counterfeit Items, as defined below; and (iii) contain only authentic, unaltered OM labels and other markings. Seller shall obtain and retain all documentation required to fully trace the distribution and sale of the goods delivered hereunder back to the relevant OM, and, on request of Buyer, shall provide such authenticating documentation. Upon Buyer's request, Seller shall provide Buyer certificates of conformance with respect to the goods delivered. Counterfeit Item means an unlawful or unauthorized reproduction, substitution, alteration, or the false identification of grade, serial number, lot number, date code, or performance characteristic, that has been knowingly mismarked, misidentified, or otherwise misrepresented to be a new, authentic, unmodified item from the OM, an authorized distributor, or an authorized aftermarket manufacturer. A Suspect Counterfeit Item means an item for which credible evidence (including, but not limited to, visual inspection or testing) provides reasonable doubt that the item is authentic. Seller shall not act as or engage an independent distributor, nonauthorized distributor, non-franchised distributor, non-authorized supplier, or non-authorized reseller (collectively, Broker), to assist in delivering goods pursuant to this Purchase Order unless the Buyer provides prior written approval to do so. Any Seller request to procure from a Broker shall include complete and compelling support for such request and shall include all actions completed by Seller to ensure the goods thus procured are not Counterfeit Items. When so authorized by Buyer, Seller shall be responsible for counterfeit risk mitigation testing and providing traceability identifiers (i.e. Date Code / Lot Code, Serial number) for Broker procured parts, and identifying items delivered to Buyer that contain such parts.

(b) Seller shall have a Counterfeit Item risk mitigation process, internally and with its suppliers, (reference SAE AS5553 and AS6174), for goods delivered hereunder, and in accordance with the standards or instructions set forth in this Purchase Order. Seller shall provide evidence of the Seller's risk mitigation process to Buyer upon request. Buyer shall have the right to audit and / or inspect the processes at any time before or after delivery of the goods ordered hereunder. Buyer shall have the right to require changes to the processes to conform to Buyer's standards defined in this Purchase Order. Seller and Seller's subcontractors that are allowed access to the US Government Industry Data Exchange Program (GIDEP) shall participate in monitoring GIDEP reports and Seller shall act on GIDEP reports that affect product delivered to Buyer. Seller shall immediately notify Buyer with the pertinent facts if Seller becomes aware of or suspects that items delivered for the Purchase Order are, or contain, suspect or confirmed counterfeit items. Buyer shall have the right to quarantine for further investigation any good Buyer discovers to be a Counterfeit Item or Suspect Counterfeit Item. Buyer's investigation may include the participation of third parties or governmental investigative agencies as required by law or regulations by Buyer's customer, or by Buyer, in its sole discretion. The Seller and/or the Seller's subcontractors shall cooperate in good faith with any investigation conducted by Buyer. Buyer shall not be required to return the good during the investigation process and thereafter if not found to be authentic. Buyer shall not be liable for payment to Seller of the price of any Suspect Counterfeit Items until determined to be authentic. If Buyer determines in its sole discretion that there is credible evidence that a good delivered under this Purchase Order constitutes a Counterfeit Item or Suspect Counterfeit Item, Seller, or its subcontractor, shall, if directed by Buyer to do so, issue a GIDEP alert. Buyer reserves its right to issue its own GIDEP alert if Buyer concludes, in its sole estimation, that a good is a Counterfeit Item or Suspect Counterfeit Item.

(c) By Seller's acceptance of this purchase order, Seller acknowledges its counterfeit risk mitigation obligations pursuant to this clause, that the goods to be delivered hereunder (i) are and only contain materials obtained directly from the original manufacturer (om), an authorized distributor, or an authorized aftermarket manufacturer, and (ii) are not and do not contain counterfeit items or suspect counterfeit items, as defined in this clause; and (iii) contain only authentic, unaltered om labels and other markings. Further, Seller shall notify buyer in writing immediately in the event that any material

to be delivered cannot be procured in accordance with this requirement and Seller must obtain Buyer's prior written authorization if an alternate source is required and for any deviation from the counterfeit risk mitigation requirements applicable to this Contract.

(d) Seller shall include the substance of this clause, including this flow down requirement, in procurements for goods at all tiers. Failure of Seller or any of its subcontractors to conform to the process specifications and provisions of this clause, if unexcused, shall be deemed a material breach of this Contract.

H-09 Organizational Conflict of Interest (APR 2020).

- a. Purpose: The purpose of this clause is to ensure that:
 - (1) the Seller is rendering impartial assistance and advice to the Government at all times under this contract and related Government contracts;
 - (2) the Seller's objectivity in performing work under this contract or related Government contracts is not impaired; and
 - (3) the Seller does not obtain an unfair competitive advantage by virtue of its access to non-public Government information, or by virtue of its access to proprietary information belonging to others.
- b. Scope: The Organizational Conflict of Interest (OCI) rules, procedures and responsibilities described in FAR 9.5 "Organizational and Consultant Conflicts of Interest", FAR 3.101-1 "Standards of Conduct – General, DFARS 209.5 "Organizational and Consultant Conflicts of Interest," and in this clause are applicable to the prime Seller (including any affiliates and successors-in-interest), as well as any co-sponsor, joint-venture partner, consultant, subcontractor or other entity participating in the performance of this contract. The Seller shall flow this clause down to all subcontracts, consulting agreements, teaming agreements, or other such arrangements which have OCI concerns, while modifying the terms "contract", "Seller", and "Contracting Officer" as appropriate to preserve the Government's rights.
- c. Access to and Use of Nonpublic Information: If in performance of this contract the Seller obtains access to nonpublic information such as plans, policies, reports, studies, financial plans, or data which has not been released or otherwise made available to the public, the Seller agrees it shall not use such information for any private purpose or release such information without prior written approval from the Contracting Officer via the buyer.
- d. Access to and Protection of Proprietary Information: The Seller agrees to exercise due diligence to protect proprietary information from misuse or unauthorized disclosure in accordance with FAR 9.505-4. The Seller may be requested to enter into a written non-disclosure agreement with a third party asserting proprietary restrictions, if required in the performance of the contract.
- e. In accordance with FAR 3.101-1, the Seller shall also take all appropriate measures to prevent the existence of conflicting roles that might bias the Seller's judgment, give the Seller an unfair competitive advantage, and deprive MDA of objective advice or assistance that can result from hiring former Government employees. (See Health Net Fed. Svcs, B-401652.3).
- f. Restrictions on Participating in Other Government Contract Efforts. Restrictions are as follows:

Current or prospective TEAMS and TEAMS-Next Sellers and Subcontractors must adhere to the GUIDING PRINCIPLES FOR TEAMS-NEXT ORGANIZATIONAL CONFLICTS OF INTEREST (September 15, 2020).

All Task Orders are subject to Contract Clause 252.209-2009 Organizational Conflict of Interest-Major Defense Acquisition Program unless specifically stated in the Task Order.

See any additional restrictions on Task Orders
- g. OCI Disclosures: The Seller shall disclose to the Contracting Officer via the buyer all facts relevant to the existence of an actual or potential OCI, using an OCI Analysis/Disclosure Form

which the Contracting Officer via the buyer will provide upon request. This disclosure shall include a description of the action the Seller has taken or plans to take to avoid, neutralize or mitigate the OCI.

h. Remedies and Waiver:

- (1) If the Seller fails to comply with any requirements of FAR 9.5, FAR 3.101-1, DFARS 209.5, or this clause, the Government may terminate this contract for default, disqualify the Seller from subsequent related contractual efforts if necessary to neutralize a resulting organizational conflict of interest, and/or pursue other remedies permitted by law or this contract. If the Seller discovers and promptly reports an actual or potential OCI subsequent to contract award, the Contracting Officer via the buyer may terminate this contract for convenience if such termination is deemed to be in the best interest of the Government, or take other appropriate actions.
- (2) The parties recognize that the requirements of this clause may continue to impact the Seller after contract performance is completed, and that it is impossible to foresee all future impacts. Accordingly, the Seller may at any time seek an OCI waiver from the Director, MDA by submitting a written waiver request to the Contracting Officer via the buyer. Any such request shall include a full description of the OCI and detailed rationale for the OCI waiver.

H-12 CONTROL OF ACCESS TO MDA SPACES AND INFORMATION SYSTEMS (SEP 2013). For Sellers or Seller employees currently included on the prime contract's Visit Authorization Request:

Letter, the following applies:

- a. To maintain the security of the MDA spaces and information systems, Seller shall notify the COR in writing whenever a Seller or subcontractor employee included on the current visit authorization request/letter no longer supports this contract. This requirement shall apply to both Seller and employee initiated termination of services and to temporary suspension of services.
- b. Seller will cooperate with the COR, through Buyer, in facilitating the employee's return of all government issued credentials, e.g., badges, common access cards (CACs), SIPRNet tokens. Specifically, upon notification, the COR will work with Buyer, and the organization's Security Operations Center and the MDA Service Desk to ensure timely action to:
 - (1) remove the employee from the current visit authorization request/letter;
 - (2) cancel Government issued credentials pursuant to the visit authorization request/letter; and,
 - (3) terminate the MDA LAN account/access privileges.
- c. In addition to actions related to MDA access control, Seller shall maintain accountability for Government issued credentials provided under this contract. Government issued credentials are the property of the U.S. Government and shall not be retained by cardholders upon expiration, replacement, or when the DoD affiliation of employees has been terminated. Seller shall coordinate with the Buyer/COR, through Buyer, to ensure government issued credentials are retrieved in accordance with local command or installation procedures. Unauthorized possession of an official credential, like a CAC, can be prosecuted criminally under section 701, title 18, United States Code.
- d. Seller shall identify the reason for and date of termination or expected period of suspension and submit the notification to Buyer within ten (10) working days prior to service discontinuation. For unplanned termination or suspension of services, notification shall be made on the same working day as the termination/suspension action.

The Seller shall have, maintain, and follow written procedures sufficient to assure that restrictive markings/legends are used only when authorized by the terms of this contract and shall maintain records sufficient to justify the validity of any restrictive markings/legends on any technical data or computer software or computer software documentation delivered under this contract. The Seller agrees that the Government has Unlimited Rights as defined by DFARS 252.227-7013 and 252.227-7014 in any deliverable technical data or computer software or computer software documentation not listed in the Attachment and that such data or software will not be subject to any restrictive markings or legends.
