REPAIR UNDER WARRANTY

Seller is requested to process the item(s) returned hereunder for warranty repair at no charge to Buyer. If inspection reveals a failure not covered by warranty, or if Seller contests the Buyer's decision regarding repair responsibility, Seller will, nevertheless, proceed immediately with necessary repairs pursuant to Buyer's Clause J001. A notice of disagreement by the Seller for repair responsibility of the returned item(s), including a description of the conditions of failure which preclude warranty repair, together with an itemized list of charges therefore, must be submitted to the Buyer's Procurement Agent's attention promptly, but no later than 30 days subsequent to Seller's shipment to the Buyer of the repaired item(s), if the responsibility for such repair and negotiation of repair charges, if any, are to be considered by the Buyer.
