Preferred Small Business (SB) EEE Part Supplier Requirements - Deliverable

Seller is advised that the parts being procured are considered Electronic, Electrical, and Electromechanical (EEE).

Seller shall immediately notify Buyer's Authorized Procurement Representative if Seller does not meet all of the following requirements or if Seller's processes and/or procedures change in relation to EEE procurement (including, but not limited to, changes to existing Buyer approved Counterfeit Part Control Plan):

1. Seller must exclusively procure from the Original Component Manufacture (OCM) or an authorized aftermarket manufacturer or suppliers with explicit written approval from the OCM as an Authorized Distributor as defined in AS6496.
2. Seller must have a Buyer approved Counterfeit Parts Control Plan in the Customer and Supplier Data Transmittal (CSDT) tool to quote and/or provide these parts.
3. Seller confirms parts provided are new or previously unused and that they have not been comingled with used, refurbished, reclaimed, or returned products.

Seller shall include the following documentation with each shipment and maintain it in accordance Seller's Quality Management System and Seller's Counterfeit Part Control Plan requirements:

1. A Certificate of Conformance (C of C) printed on packing slips or provided as a supplementary document with all parts that this clause applies to. Certificate of Conformance shall include:
 - a. Name and address of both Seller and Buyer
 - b. Manufacturer's name
 - c. Manufacturer's Commercial and Government Entity (CAGE) identification number and Manufacturer's Address, including the Country of Origin or Design Authority granted by Boeing Engineering. If Manufacturer does not have a CAGE code, Seller shall include the Manufacturer's address and the Country of Origin.
 - d. Manufacturer's part number
 - e. Quantity

- f. Manufacturer's batch identification such as date codes, lot codes or batch/serial numbers (if provided by the Manufacturer or if required by this purchase contract).
 - g. Buyer purchase order number including line item
 - h. Ship date to Buyer
 - i. Seller's Statement of Conformance
 - j. Signature of Responsible Party (Electronic Signature is acceptable)
 - k. Buyer part number
 - i. Part number and dash number (as specified by Purchase Contract (PC)) for each item.
 - ii. Revision level / version (as specified by PC) to which the Goods were manufactured.
 - l. When multiple item manufacturers and/or multiple lots are included in one shipment, Seller shall separate and identify respective manufacturer's lots, and indicate each lot quantity:
 - i. If one part has multiple manufacturers, parts must be separated by manufacturer.
 - ii. If one part has multiple lots in one shipment, Seller shall separate and identify each separate lot and indicate each lot quantity.
2. A manufacturer's C of C for military EEE parts per the military standard for the part. For Commercial or Industrial EEE parts, a manufacturer C of C is not required.
3. Supply Chain Traceability (CoCT) - Seller's documentation showing the parts originated from the Manufacturer including evidence of traceability from the authorized distributor or from the OCM (i.e., packing slips inclusive of supplier name and address).
