GOVERNMENT SOURCE INSPECTION

Government inspection is required prior to shipment from Seller's facility. Upon receipt of this Contract, Seller shall notify and furnish a copy of this Contract and all subsequent change orders to the government representative who normally services Seller's facility prior to beginning the product realization process so that appropriate planning for government inspection can be accomplished.

If a government representative does not normally service Seller's facility, Seller shall furnish a copy of this contract to the nearest Defense Contract Management Agency (DCMA) office. In the event the government representative or DCMA office cannot be located, Seller shall immediately notify Buyer's Authorized Procurement Representative.

During performance of this Contract, Seller's and Seller's subcontractor's quality and manufacturing processes are subject to review, verification, and analysis by authorized government representatives. Seller shall make available to the government representative all applicable drawings, specifications, and changes thereto, related inspection and/or test equipment, and such other information as may be required to satisfactorily perform the inspections and tests required under this Contract.

Seller shall ensure evidence of government inspection is included with shipment of Goods. Government inspection of goods or services provided hereunder shall be performed at the manufacturer address listed on this Contract or change order. If government inspection will be performed at a different location Seller shall notify Buyer's Authorized Procurement Representative.
