### TOOLING ASSET DOCUMENTATION BY SELLER - DELIVERABLE

#### **Tooling Asset Documentation**

Seller shall maintain and deliver required tooling asset documentation. As incorporated herein, tooling asset deliverable documentation requirements may be partially or fully imposed per Contract (e.g. Quality and Property clauses, Special Business Provision (SBP), Supplier Specification Plan (SSP), Statement of Work (SOW), Tooling Statement of Work (TSOW) and/or manufacturing/engineering specifications).

All documentation deliverables shall satisfy applicable tooling asset record requirements per D950-11059-1, D6-56202, and D33207-1.

#### **Tooling Asset Documentation Approval**

When required per SOW and/or Supplier Data Requirements List (SDRL), Seller shall submit supporting documentation for assets procured under this contract in support of asset design, fabrication, rework, and modification through Boeing's approved electronic data system for approval (ref. Technical group contact matrix). Refer to tooling supporting documentation and electronic delivery instructions at: <https://www.boeingsuppliers.com/quality.html#/tooling>

#### **Tooling Asset Deliverable/Release for Use Documentation**

For tooling asset delivery or release for use, Seller shall submit all required asset documents, data, results and/or reports through Boeing's approved electronic data system per contract instructions (ref. Technical group contact matrix). Refer to applicable asset documents and electronic delivery instructions at: <https://www.boeingsuppliers.com/quality.html#/tooling>

In addition to electronic delivery, Seller shall provide hard copies of all required asset documents, data, results and/or reports with each tooling asset shipment regardless of destination.
