Q027 Procurement Control Drawing - rev 10/1/01

The procurement control drawing (envelope, source control or specification control drawing, as applicable) and its revision level listed below, including parts list when applicable, identifies the hardware and/or software requirements ordered on the purchase contracts. In addition, when shipping, sellers pack sheets shall identify applicable drawing revision levels and the serial number(s) of items being shipped.

Parts List/Drawing	Revision	ADCN/ADRN
--------------------	----------	-----------
