

Q208 Evidence of Compliance with Reliability Verification Provisions - rev 4/27/01

- A. Except as Buyer may otherwise in writing approve, Seller shall mark each article furnished hereunder with a symbol identifying Seller as the manufacturer thereof. Said marking shall be as near to the part number, if any, as practicable. The design of such identifying symbol shall be subject to approval of Buyer.
- B. In addition to any other certifications required in connection with this Purchase Contract, Seller shall execute and include with each shipment to Buyer a separate Reliability Certification as shown below. Seller is not required to obtain similar certifications from its suppliers, but Seller shall include the provisions of paragraph 1 and 2 of the Certification in all orders or subcontracts placed hereunder.
