Q838 Tooling Inspection and Reports by Seller - rev 3/6/01

The Seller must accomplish a complete inspection of tools in this order and record the quantitative results on a report form approved by The Boeing Company. Copies of the Tooling Inspection Report must accompany each invoiced product shipment to The Boeing Company. The Boeing Company's Tooling Inspection shall be privileged to maintain surveillance of the Seller's tool fabrication and inspection to verify inspection points and inspection results.
