

IDS Common Quality Clauses

Q948 Calibration Data - rev 5/23/01

Seller shall furnish, for each part shipped, two copies of Seller's completed calibration data sheets. One copy shall be attached to the part; the other copy shall be submitted as part of the data package. Each calibration data sheet shall be traceable to the individual part tested, and shall include Buyer's part number, part serial number, and Buyer's contract number for the parts being shipped.
