

## CODE 1A

### Government Supplier Process Surveillance

Work under this purchase order requires Government surveillance at Seller's or Seller's subtier supplier facilities. Government surveillance activities may include review, verification, and analysis of applicable quality and manufacturing processes.

Level of surveillance activities will be established by the Government Representative during performance of this purchase order. No shipments are to be held for Government product inspection unless notification is received prior to, or at the time of, material being ready for shipment.

The Seller shall notify and provide a copy of the purchase order to the Government Representative prior to Seller performing work on purchase orders specifying Code 1A.
