

FLYSHEET AN-4 PRE-CAP INSPECTION

In accordance with requirements of Code 2, Pre-cap Visual by Boeing-Anaheim site is designated as a Mandatory Inspection Point(MIP).

Subsequent to the Seller's pre-cap visual inspection and prior to lidding/capping of the device, notify the Boeing Procurement Quality Specialist (PQS) Representative in accordance with Code 2 requirements that product is ready for inspection at the Pre-cap MIP.

Evidence of Buyer's inspection shall be submitted on the Seller's shipping document/packing list to indicate inspection completion. Seller shall maintain records of Buyer's inspections and such reports shall be made available to Buyer upon request.

Incorporation of this flysheet does not modify any other requirements of the purchase order.
