These agreements are not intended to protect information which is available to the Government or to the contract from other sources and furnished voluntarily with out restriction.

- d. The contractor agrees to accept and to complete issued delivery orders, provided that no new OCI are created by acceptance of that order. It is the contractor's responsibility to identify and evaluate potential OCI as early as possible. The contractor shall notify the CO or any identified OCI to avoid creating unnecessary delays in contract execution. The contractor shall not contract with Government prime contractors or any subcontractors in such a way as to create an OCI.
- e. The above restrictions shall be included in all subcontracts, teaming arrangements, and other agreements calling for performance of work which is subject to the OCI restrictions identified in this clause, unless excused in writing by the Contracting Officer.
