

Section 3 : ADMINISTRATIVE CLAUSES

379. Perishable Goods Requiring Refrigeration (10/1/96). Packaging, identification, and shipping of the goods specified on this contract must insure proper protection such that the goods are received at the noted location within specification requirements. Identification of these goods will be accomplished by Seller affixing the enclosed label to each shipping container of goods. Rejections of goods caused by lack of refrigeration at destination due to improper labeling of the shipping container, as required by this clause, will be charged to Seller.
