

Section 3 : ADMINISTRATIVE CLAUSES

379. Perishable Goods Requiring Refrigeration (09/29/00). Packaging and shipping of the goods specified in this contract must ensure proper protection such that the goods are received at the noted location within specification requirements. Each shipping container of the goods will bear a label, or other marking, indicating, in large, bold letters, that the goods are perishable and must be refrigerated. Rejections of goods caused by lack of refrigeration at destination due to improper labeling or marking of the shipping container, as required by this clause, will be charged to Seller.
