

Section 6 : QUALITY ASSURANCE CLAUSES / CQAR

620. Approved Process Source (10/1/96).

(a) Buyer requires that certain processes be performed by sources that have been surveyed and approved by Buyer. The processes that must be performed by an approved processor are listed in Buyer's Corporate Quality Assurance Regulation (CQAR) 5, MDC Process Sources - Survey, Approval and Documentation. A list of the approved processors is available from Buyer's authorized purchasing representative. Processors not listed in the Buyer-approved processors list must be surveyed and approved by Buyer prior to performance of the process. Requests for processor surveys will be submitted to Buyer's authorized purchasing representative.

(b) Seller will submit a Supplier Certificate of Conformance form (Form MD-0021) or its own equivalent process certificate. The certificate will include all CQAR 5 process specifications and descriptions incorporated into this contract and list the names and addresses of the processors that were used by Seller and its subcontractors. Part numbers and this contract number will also be listed on the certificate.

(c) Seller will insert the substance of this clause, including this sentence, in all lower-tier subcontracts for work done under this contract.

Note: See CQAR 5, Appendix A, for guidelines and the process list.
