Any necessary conversations shall be in English. Buyer shall determine whether measurements will be in the English or metric system or a combination of the two. Seller shall not convert measurements that Buyer has stated in the English system into the metric system in documents furnished to Buyer.
- (b) The following sentence is applicable only to companies located in Quebec, Canada: "Les parties aux presentes ont convenu de rediger ce contrat en Anglais seulement." [Translation: The parties hereto have agreed that this contract be drafted in English only.]

### 2. UNITED STATES CURRENCY

Unless otherwise specified elsewhere herein, all prices and payments shall be in the currency of the United States (U.S. dollars), with no prices or payments adjusted for changes in currency exchange rates.

### 3. IMPORT/EXPORT

- (a) Seller shall comply with applicable import and export laws and regulations of Seller's country and of the United States and with all applicable export licenses and their provisos. This contract may involve information or items which are subject to the International Traffic in Arms Regulations (ITAR) or Export Administration Regulations (EAR) and which may not be released to "Foreign Persons" inside or outside the United States without the proper export authority.

The ITAR defines a Foreign Person as any person who is not a U.S. citizen, a lawful permanent resident as defined by 8 USC 1101(a)(20), or a protected individual as defined by 8 USC 1324b(a)(3). Foreign Person also means a corporation, business association, partnership, or any other entity that is not incorporated or organized to do business in the United States, as well as international organizations, foreign governments, and any agency or subdivision of foreign governments (e.g. diplomatic missions).

- (b) The importer/exporter of record has obtained or will obtain and properly utilize, U.S. Government import/export authorization to furnish to Seller any defense articles, technical data, defense services, software, and/or other controlled items (together referred to herein as

"Controlled Items") requiring such authorization, which are necessary for Seller to perform this contract.

Such Controlled Items are authorized for export only to Seller's country for use by Seller and may not, without the prior written approval of the U.S. Government, be transferred, transshipped on a non-continuous voyage, or otherwise disposed of in any other country, either in their original form or after being incorporated into other end items.

If so requested by the importer/exporter of record, the other party shall assist in obtaining such authorization. If U.S. Government import/export authorization is not available, cannot be obtained, or is obtained and subsequently revoked, Controlled Items to be delivered or exchanged pursuant to this contract shall not be imported, exported, or re-exported. Resale or other transfer of items delivered or exchanged pursuant to this contract shall be in accordance with this clause.

- (c) U.S. Government import/export authorization is based upon the following ITAR requirements and upon all applicable export licenses with which Seller agrees to comply:
1. Seller shall use Controlled Items furnished by Buyer only in the manufacture of Goods in accordance with this contract.
  2. Seller shall not disclose or provide Controlled Items furnished by Buyer to any Foreign Person either in the United States or abroad before obtaining written authorization from Buyer or from the U.S. Department of State Office of Defense Trade Controls, except that if Seller is itself a Foreign Person, it may disclose or provide Controlled Items furnished by Buyer to Seller's employees who are nationals of Seller's country of site.
  3. Seller acquires no rights in Controlled Items furnished by Buyer except to use them to perform this contract. Seller shall not purport to convey to any subcontractor or person any greater rights in the data than Seller has. Seller may convey to subcontractors the right to use the Controlled Items only as required to perform their subcontracts.
  4. Seller shall deliver the articles manufactured in accordance with this contract only to Buyer in the United States or, with Buyer's authorization, to the U.S. Government.
  5. Upon completion or termination of this contract, Buyer may require Seller to: i) return to Buyer all technical data furnished by Buyer pursuant to this contract; or ii) destroy such technical data and to certify in writing to such destruction.
  6. Seller shall impose these requirements, 1 through 6 inclusive, suitably revised to properly identify the parties, on all subcontractors to whom Seller intends to furnish Controlled Items provided by Buyer for use by the subcontractors in performance of subcontracts.
- (d) Seller agrees, in addition to the above procedures established by the ITAR, to place the following legend on all technical data obtained, used, generated, or delivered in performance of this contract:

- (a) Definitions
  - 1. Fee or commission means, except as provided in paragraph (a) 2 below of this clause, any loan, gift, donation, or other payment of \$1,000 or more made or offered or agreed to be made, directly or indirectly, whether in cash or in kind, and whether or not pursuant to a written contract, which is:
    - (i) To or at the direction of any person, irrespective of nationality, whether or not employed by or affiliated with the Seller; and

  3. Political contribution means any loan, gift, donation, or other payment of \$1,000 or more made or offered or agreed to be made, directly or indirectly, whether in cash or in kind, which is:

  - (iii) Seller must include any political contributions paid, or offered or agreed to be paid, by or on behalf of, or at the direction of, any person to whom it has paid, or offered or agreed to pay, a fee or commission in determining whether Seller is required to furnish the information specified herein.
  
4. Record Keeping  
Seller must maintain a record of any information it was required to furnish or obtain under this clause and all records upon which its reports are based for a period of not less than five years following the date of the report to which they pertain.
