INTELLECTUAL PROPERTY RIGHTS

1. All technical work product, including ideas, information, data, documents, drawings, software, software documentation, designs, specifications and processes produced by or for Seller, either alone or with others, using funds paid by Buyer under this contract will be the exclusive property of Buyer and will be delivered to Buyer promptly upon request.
2. All inventions conceived, developed or first reduced to practice by or for Seller, either alone or with others, using funds paid by Buyer under this contract, and any patents based on any such inventions will be the exclusive property of Buyer. Seller will (i) promptly disclose all such inventions to Buyer in writing and (ii) execute all papers, cooperate with Buyer and perform all acts necessary in connection with the filing, prosecution or assignment of related patents or patent applications on behalf of Buyer.
3. All works of authorship, including documents, drawings, software, software documentation, photographs, videotapes, sound recordings and images, created by or for Seller using funds paid by Buyer under this contract, together with all copyrights subsisting therein, will be the sole property of Buyer. To the extent permitted under United States copyright law, all such works will be works made for hire, with the copyrights therein vesting in Buyer. The copyrights in all other such works that fall under this paragraph, including the exclusive rights therein, will be promptly transferred and formally assigned free of charge to Buyer.
4. Seller grants to Buyer, and to Buyer's subcontractors and customers in connection with work being performed for Buyer, an irrevocable, nonexclusive, paid-up, worldwide license under any patents, copyrights, industrial designs and mask works owned or controlled by Seller at any time and existing prior to or during the term of this contract, but only to the extent that such patents or copyrights would otherwise interfere with Buyer's or Buyer's subcontractors', suppliers' or customers' use or enjoyment of the goods being delivered under this contract or the work product, inventions or works of authorship belonging to Buyer under this contract.
5. Seller grants to Buyer a perpetual, nonexclusive, paid-up, world- wide license to reproduce, distribute copies of, perform publicly, display publicly and make derivative works from software included in or provided with or for the goods delivered under this contract (Software) and related information and materials (Software Documentation) as reasonably required by Buyer in connection with (i) the testing, certification, use, sale or support of a product or the manufacture, testing, certification, use, sale or support of any item including and/or utilizing the goods delivered under this contract or (ii) the design or acquisition of hardware or software intended to interface with Software. The license granted to Buyer includes the right to grant sublicenses to its customers as reasonably

required in connection with customers' operation, maintenance, overhaul and modification of any item including and/ or utilizing Software. All copies and derivative works made pursuant to the foregoing license or any sublicense to a customer will automatically become the property of Buyer or customer, and Buyer agrees to preserve Seller's copyright notice thereon to the extent that such notice was included with the original Software and/or Software Documentation. Seller acknowledges that Buyer is the owner of all copies of Software and Software Documentation provided to or made by Buyer or customers pursuant to this contract, and Seller authorizes Buyer and customers to dispose of, and to authorize the disposal of, the possession of any such copies by rental, lease or lending or by any act in the nature of rental, lease or lending.

6. To the extent this article conflicts with any government contract clause incorporated by reference into this contract, such Government clause shall govern.
