SUPPLIER DELIVERY FOLLOW-UP (SDF)

Delivery dates in this contract are dates goods are required on Buyer's dock. When Seller anticipates that any goods will not be on dock by the required delivery date, Seller shall notify Buyer's Authorized Procurement Agent and/or Supplier Manager, and shall propose a new delivery date. Seller shall then enter the proposed delivery date into Buyer's Supplier Delivery Follow-Up (SDF) System, accessible via the Internet through the Contractor Integrated Technical Information Service (CITIS). If Seller does not have a CITIS account with Buyer, Seller shall contact Buyer's Authorized Procurement Agent or Supplier Manager to set one up. By allowing Seller to enter proposed delivery dates into Buyer's SDF System, Buyer is not accepting the proposed dates, or waiving any rights or remedies available to Buyer at law or equity or under this contract.
